Nursing Care Of The Child With Long Term Illness:

Nursing Care of the Child with Long-term Illness Shirley Steele, 1977 **Nursing Care of Children and Young People with Long-Term Conditions** Mandy Brimble, Peter McNee, 2021-03-15 The second edition of *Nursing Care of Children and Young People with Long Term Conditions* remains the only nursing specific text on the care of paediatric patients with chronic illness. Written to meet the needs of nursing students and professionals alike, this comprehensive volume provides authoritative and up to date information on the context, theory and practice of delivering holistic care to children and families in a range of health and social care settings. Contributions from a team of experienced academics, educators and practitioners offer valuable insight into the impact of chronic illness on children and parents, the practical implications of meeting their physical, psychological and social needs, empowering them to be experts in their care, and many more vital aspects of long term paediatric care. This edition features new and revised content reflecting contemporary guidelines and evidence based practice, including updated clinical case studies and a new chapter examining the impact of having a sibling with a long term condition. Emphasising a multi disciplinary approach to managing chronic illness, this important resource provides numerous case studies and activities illustrating the application of theoretical principles and current evidence in nursing practice. Investigates the genetic basis of chronic illness and the differing onsets of long term conditions. Discusses current political, economic and social policies that are influencing healthcare for children and bringing challenges to managers and practitioners. Examines both classic and contemporary theories of grief, loss, coping and adaptation. Explores ethical, legal and professional aspects of nursing children and young people with chronic illness. Addresses evolving nursing roles, the importance of acute emergency care and the planning and delivery of effective transition from child to adult services. *Nursing Care of Children and Young People with Long Term Conditions* is required reading for student and registered children's nurses as well as for practitioners in related health and social care disciplines.

Nursing Care of the Child with Long-term Illness, 1971 **Care of the Child** Mr. Rohit Manglik, 2024-07-30 Focuses on the physical, emotional and developmental care of children, integrating paediatric nursing practices with family centered care methodologies.

Nursing Care of Children and Young People with Chronic Illness Fay Valentine, Lesley Lowes, 2008-04-15 Children and young people suffering from long term conditions require continuing support and nursing care throughout their lives. *Nursing Care of Children and Young People with Chronic Illness* explores chronic disease management in the context of recent developments, including the National Service Framework for Children. It addresses the aetiology of chronic illness and the impact on the child's family. It also explores holistic approaches to caring for their social, physical and psychological needs and highlights the importance of the nurse's role in promoting children and their parents as expert patients. *Nursing Care of Children and Young People with Chronic Illness* is a comprehensive up to date resource for nursing students and practitioners on the context, theory and practice of assessing health needs and the delivery of holistic care and services within a variety of care settings to enable

them to meet the changing needs of children and young people with chronic illnesses and diseases and their families The first nursing specific text related to the care of children young people with chronic illness Incorporates case studies scenarios throughout to enable readers to gain an understanding of the application of concepts theories in practice Covers care aspects of the child and young person in different settings including tertiary secondary primary health care and the home Written in the context of the NSF for Children
