## **Nurturing Today's Children Cultivating The Family Of Faith:**

**Nurturing Today's Children** Gaynell Bordes Cronin, John J. Rathschmidt, 2002 Jesus often used planting analogies in his parables Following Jesus example and using the imagery of a garden Nurturing Today's Children shows us that raising children requires special care if the harvest is to be good Just as a garden starts with soil preparation Christian families must prepare their homes to be good soil for growing children Once planted a garden must be blessed with favor flavor and gratitude just as our children require models of kindness joy and appreciation Without water a garden dies and without healing respect for feelings and diversity our children will suffer the dryness of a spiritual desert As our garden grows we must tend it in the same way we must encourage our children by providing a safe place for them to become their own persons Some important topics covered in this helpful book are how to be together as a family cultivating good intentions fostering the habit of gratitude dealing with fear and death learning patience and setting up a household church Nurturing Today's Children will bring thoughtful guidance about each stage of raising your children and encouraging their growth especially in spirit and faith A welcome companion and thoughtful resource that can make your home and family yield an abundant spiritual harvest *Forthcoming Books* Rose Arny, 2002 *Faith Traditions and the Family* Phyllis D. Airhart, Margaret Lamberts Bendroth, 1996-01-01 This exploration offers readers fresh and broad ranges of ways to evaluate their own religious traditions when dealing with issues related to the future of the family

**Exploring and Engaging Spirituality for Today's Children** La Verne Tolbert, 2014-05-19 Exploring and Engaging Spirituality for Today's Children A Holistic Approach answers questions about the most effective ways to help children pre teens and teens develop spiritually This collection of research gleaned from presentations during the Fourth Triennial Children's Spirituality Conference at Concordia University in 2012 is divided into four major sections 1 theological and historical foundations 2 engaging parents and congregations 3 engaging methodologies and 4 exploring children at risk child pornography social justice intercultural diversity and abstinence education Researchers acknowledge that the home is the foundation for Christian nurture In Exploring and Engaging Spirituality for Today's Children both scholars and ministry leaders come together with parents to promote a holistic environment where children are encouraged to love respect and obey God From birth to high school children's voices resonate throughout these studies as they are invited to share their reflections and experiences Exploring and Engaging Spirituality for Today's Children is a lively easy to read collection that reflects a broad range of faith traditions and is ideal for all those who are committed to the spiritual development of children *Different Visions of Love* Brian Griffith, 2008 Griffith's narrative moves like a searchlight over each phase of church history illuminating the visions options and choices behind events He traces the rise of a dominator version of Christianity in which the primary concern was a chain of command to be followed with rewards or punishments according to the degree of obedience And beside this he illuminates another face of Christianity concerned with healing all divisions between loved and unloved people The story Griffith

presents is often deeply disturbing as in his unstinting accounts concerning the gospel for women or the age of holy wars and witch hunts But ultimately his story offers solid grounds for optimism He shows that all contention between different religious visions can be a process of building partnership As Griffith points out Jesus himself wished to debate his opponents openly not to silence or eliminate them He was not afraid of real encounter or the potential of creative conflict I want to congratulate Brian Griffith on this masterful controversial and highly readable account His book offers hope in a divided world where reaction against globalized godless corporate secularism meets with a war on religious fundamentalism I hope to see other writers do comparable work in highlighting the partnership and dominator visions within their religious traditions around the world Riane Eisler author of *The Chalice the Blade Sacred Pleasure* *Tomorrows Children* *The Power of Partnership* *The Real Wealth of Nations* I find it gives me an incredibly clarifying perspective on Christianity way beyond my previous understanding It should be read by everyone with an interest in Western Civilization It is a marvelous companion to *The Great Turning* David Korten author of *The Great Turning From Empire to Earth Community*

Warren,John S. Knox,2020-02-14 Often a disconnect exists between the way pastors children s ministry volunteers and churches describe the health and impact of children s ministry volunteers and the overall functioning of an ongoing children s ministry The volunteer dysfunction that is evident in many churches goes beyond the building scenario or the current strategy that leadership is pursuing If one asks the pastor of just about any local church how the children s ministry is going most pastors will respond positively However if speaking with a children s ministry volunteer one is likely to hear I am burned out but I feel obligated to serve here because we have such a shortage of volunteers and I do love these kids Too often there is no program in place to monitor the health of the ministry Official training is lacking church vision is blurred and many children s ministry volunteers feel like they are nothing more than large group unpaid babysitters This book analyzes these problems and provides pragmatic systematic steps to a healthier more robust children s ministry      Faith
