Pinochet The Politics Of Torture:

Pinochet Hugh O'Shaughnessy, 2000-03 Near midnight on October 16 1998 officers of Scotland Yard entered the London hospital room of former Chilean dictator Augusto Pinochet and arrested him on charges of torturing and murdering Spanish citizens The arrest sent shockwaves around the world delighting his detractors and the families of his regime's victims and dismaying his supporters including Margaret Thatcher It marked the first time a former head of state had been detained outside his own country on charges of crimes against humanity and thus signaled a clear warning to former dictators and heads of abusive regimes Through interviews eyewitness accounts and new sources veteran journalist Hugh O'Shaughnessy here sifts through the General's personal life rise to power and arrest and internment In clear unforgiving prose Pinochet **The Politics of Torture** tells the riveting story of legal intrigue behind the search for justice

National Trauma in Postdictatorship Latin American Literature Irene Wirshing, 2009 National Trauma in Postdictatorship Latin American Literature Chile and Argentina examines the traumatic experiences of Chile and Argentina under authoritarian regimes and argues that in order for postdictatorship countries to successfully implement transitions to democracy they must confront the past This book employs the research of psychologists Bessel van der Kolk Judith Herman Donald Dutton Elizabeth Loftus and Cathy Caruth in order to better understand the emotional and psychological effects of national trauma in the works of Chileans Diamela Eltit and Ariel Dorfman and Argentines Ricardo Piglia and Griselda Gambaro The themes and characters transcend national boundaries the abuse torture paranoia anguish and shame are common to all human beings oppressed by tyranny The

inclusion of theater is necessary in global times for the art of drama has the power to ignite a repressed consciousness to emerge and contribute to progress and change National Trauma in Postdictatorship Latin American Literature Chile and Argentina proceeds with the reality that it is possible to heal from past trauma and become once again dignified citizens of the world *The Politics of the Globalization of Law* Alison Brysk, 2013-05-02 How does the globalization of law the

emergence of multiple and shifting venues of legal accountability enhance or evade the fulfillment of international human rights Alison Brysk's edited volume aims to assess the institutional and political factors that determine the influence of the globalization of law on the realization of human rights The globalization of law has the potential to move the international human rights regime from the generation of norms to the fulfillment of rights through direct enforcement reshaping state policy granting access to civil society and global governance of transnational forces In this volume an international and interdisciplinary team of scholars explores the development of new norms mechanisms and practices of international legal accountability for human rights abuse and tests their power in a series of hard cases The studies find that new norms and mechanisms have been surprisingly effective globally in terms of treaty adherence international courts regime change and even the diffusion of citizenship rights but this effect is conditioned by regional and domestic structures of influence and access However law has a more mixed impact on abuses in Mexico Israel Palestine and India Brysk concludes that the globalization of law is transforming sovereignty and fostering the shift from norms to fulfillment but that peripheral states and domains often remain beyond the reach of this transformation Theoretically framed but comprised of empirical case material this edited volume will be useful for both graduate students and academics in law political science human rights international relations global and international studies and law and society *The Politics of Memory* Carmen González

Enríquez, Alexandra Barahona de Brito, Paloma Aguilar Fernández, 2001 List of Tables and Figure **The Politics of Human Rights** Sabine C. Carey, Mark Gibney, Steven C. Poe, 2010-10-14 Human rights is an important issue in contemporary politics and the last few decades have also seen a remarkable increase in research and teaching on the subject This book introduces students to the study of human rights and aims to build on their interest while simultaneously offering an alternative vision of the subject Many texts focus on the theoretical and legal issues surrounding human rights This book adopts a substantially different approach which uses empirical data derived from research on human rights by political scientists to illustrate the occurrence of different types of human rights violations across the world The authors devote attention to rights as well as to responsibilities neither of which stops at one country's political borders They also explore how to deal with repression and the aftermath of human rights violations making students aware of the prospects for and realities of progress *The Politics of Human Rights Protection* Jan Knippers Black, 2010-01-16 This important work argues that human rights abuse is not necessarily about distant places and peoples and it is neither incomprehensible nor inevitable Despite the appearance of consensus about the importance of human rights protection abuse with its common core in

inequality is expanding at all levels from the petty to the profound Designed to inform and inspire this book also provides the analytical and strategic tools needed for the next generation of activists Jan Knippers Black offers a fundamental reexamination of the basic terms and concepts legal and institutional foundations controversies cleavages threats and strategies associated with human rights Black s perspective is holistic stressing the relevance of human rights issues to all human needs and endeavors and requiring multidisciplinary analysis Chapters analyzing connections among political economic ecological and cultural impacts on social and individual well being are accompanied by case studies highlighting lessons learned from success or failure This empowering book seeks to promote an each for all commitment breaking through barriers of ignorance and apathy denial and despair so that advocates and activists can work to prevent future atrocities

The Politics of International Law Nicole Scicluna,2021 The Politics of International Law offers an introduction to the role of law in contemporary international affairs Through a case study driven analysis of topics such as human rights the use of force international environmental law international trade law international criminal justice and the right to self determination the book explains the interaction between law and politics in the world today demonstrating that one cannot be understood without the other The book is divided into two parts Part I introduces contemporary international law with a focus on constitutive legal principles such as sovereignty territorial integrity and the legal equality of states Through these introductory chapters students are encouraged to take a holistic view of the processes and actors that drive international affairs and explore the fascinating paradox that while international law is largely created through political processes it also constitutes the environment in which international politics is practiced Part II builds on the foundations laid in Part I to analyze contemporary controversies in international law and politics Chapters focus on a number of substantive issue areas including international environmental law international economic law human rights law self determination and secession the law governing the use of force and international criminal justice This book is written to impart on readers a deepened understanding of both the possibilities and limits of international law as a tool for structuring relations in the world Digital Formats and ResourcesAlso available as an e book with functionality navigation features and links that offer extra learning support

The International Politics of Judicial Intervention Andrea Birdsall,2009-01-13 The author examines the conflict between the states international law and aspirations for justice by analyzing cases of judicial intervention including Pinochet and the House of Lords the Congo vs Belgium the Former Yugoslavian war crimes tribunal and the ICC

Politics In Chile Lois Oppenheim,2018-05-04 The third edition of Politics in Chile provides significantly updated coverage of Chilean politics and economic development from the return to civilian rule in 1990 to the 2006 election and early administration of Socialist Michelle Bachelet Chile s first woman president Lois Hecht Oppenheim focuses on recent efforts to reconstruct democratic practices and institutions including resolving such sensitive and lingering issues as human rights violations under Pinochet and civil military relations Chapters on the contemporary politics and economics under the civilian

Concertaci governments are largely rewritten for this edition Rather than focusing on the search for development the third edition considers in greater depth the exceptionalism of the Chilean economic experiment through successive stages of stability socialism and neoliberalism *Invisibilities of Political Torture* Jung Berenike Jung,2020-06-18 Examines the ways in which moving images can help us better understand factual political tortureExamines role of images and film in mis understanding of tortureOffers synergised knowledge through comparative angle exploring differences and continuities of torture cases which were documented to vastly different extentsIncludes key popular movies independent films as well as serial televisionCombines serious film analysis with ethical political questions and historically and theoretically informed researchExpands on the latest developments of comparative media scholarship and integrates the nostalgic material and affective e turn e Academic work on the subject of torture tends to mirror public debates on its presumed utility to focus on its historically correct representation or on profilmic structures of identification This book moves beyond these ideologically charged questions to explore how contemporary films have responded to a growing popular distrust in visual evidence when referencing factual cases of torture Two cases studies the United States around 2004 and Chile from 1973 until the end of the dictatorship provide either an abundance or lack of such visual evidence Drawing on films and television series such as Zero Dark Thirty 2012 NO 2012 Homeland 2011 and Los 80 2008 14 amongst many others this book analyses the visible components of torture but also its invisibilities By casting a wider net on the definition of torture the author promotes a radical theoretical reframing of our concept of torture and suggests that audiovisual products can help broaden our comprehension of torture as an event which includes collective and emotional dimensions and long term social effects

Politics Barrie Axford,2002 The authors emphasize the role of the individual in politics and the interplay between the personal the national and the global This interactive text includes think points exercises and extracts as well as illustrative material **Politics, Identity and Emotion** Paul Hoggett,2015-11-17 In this wide ranging book Paul Hoggett argues that human feelings and identities are constitutive of both personal and political life Engaging with major debates in political theory sociology and psychoanalysis he brings fresh insights to a range of issues dynamics of political protest intractable conflicts fundamentalism and populism the new political charismatics the nature of forgiveness and the relationship between anxiety and governance The book is conceptually innovative and accessible carefully introducing different theories of collective emotion and group identity and making extensive use of case studies from the U S England and across the globe

Politics of the Dunes Maxwell Woods,2020-11-01 Founded in the late 1960s on Chile s Pacific coast the Open City la Ciudad Abierta has become an internationally recognized site of cutting edge architectural experimentation Yet with a global reputation as an apolitical collective little has been discussed about the Open City s relationship with Chilean history and politics Politics of the Dunes explores the ways in which the Open City s architectural and urban practice is devoted to keeping open the utopian possibility for multiplicity pluralism and democratization in the face of authoritarianism a powerful

mode of postcolonial environmental urbanism that can inform architectural practices today Television, Democracy, and the Mediatization of Chilean Politics Harry L. Simón Salazar, 2017-12-26 After seventeen years as dictator of Chile in 1990 Augusto Pinochet ceremoniously handed the presidential sash to the leader of his legal opposition to formalize the peaceful transition to civilian rule in that country Among the many idiosyncrasies of this extraordinary transfer of political power the most memorable is the month long nationally televised campaign of uncensored political advertising known as the Franja de Propaganda Electoral the Official Space for Electoral Propaganda Produced by Pinochet's supporters and the legal opposition the 1988 Franja campaign set out to encourage voters to participate in a plebiscite that would define the democratic future of Chile Harry L. Simón Salazar presents a valuable historical account new empirical research and a unique theoretical analysis of the televised Franja campaign to examine how it helped the Chilean people reconcile the irreconcilable and stabilize a contradictory relationship between what was politically implausible and what was represented as true and viable in a space of mediated political culture This contribution to the field of political communication research will be useful for scholars students and a general public interested in Latin American history and democracy as well as researchers of media communication theory and cultural studies Television Democracy and the Mediatization of Chilean Politics also helps inform a more critical understanding of contemporary hyper mediated political movements such as the Arab Spring Occupy Wall Street Black Lives Matter and the particularly germane phenomenon of Trumpism **Politics: An Introduction** Barrie Axford, Victoria Browne, Richard Huggins, Rico Isaacs, 2018-05-30 The second edition of this user friendly text for students taking introductory courses in politics builds on the success of the first edition It provides completely updated and stimulating coverage of topics essential to the understanding of contemporary politics Ideal for students taking combined degrees at introductory level in politics and the social sciences it emphasises the individual and social dimension of politics and covers theories and concepts in an accessible way New features in the second edition include new examples drawn from Western democracies and other political systems expanded sections on nationalism religion alternative politics globalisation and ethnic conflict updated examples from the most contemporary political events biographies of key political thinkers and figures **Legalization and World Politics** Judith Goldstein, 2001 Exploring the intersection of international law and world politics from the viewpoints of the two disciplines Latin American Politics And Development, Fifth Edition Howard J. Wiarda, 2019-03-06 This book offers a region wide overview of the patterns and processes of Latin American history politics society and development It provides a detailed country by country treatment and unique features of all Latin American countries **Comparative Politics of Latin America** Daniel C. Hellinger, 2011-03-07 This text offers a unique balance of comparative politics theory and interdisciplinary country specific context of a thematic organization and in depth country case studies of culture and economics of scholarship and pedagogy No other textbook draws on such a diverse range of scholarly literature to help students understand the ins and outs of politics in Latin America today The insightful historical

background in early chapters provides students with a way to think about how the past influences the present However while history plays a part in this text comparative politics is the primary focus explaining through detailed case studies and carefully paced analysis such concepts as democratic breakdown and transition formal and informal institutions the rule of law and the impact of globalization Concepts and theories from comparative politics are well integrated into country specific narratives and vice versa leading to a richer understanding of both Several important pedagogical aids foster student learning Learning objectives at the start of every chapter Learning checkpoints interspersed in chapters to ensure comprehension Bolded key terms focus attention on important concepts Glossary at the end of the book provides a useful reference Discussion questions at the end of each chapter Integrated case studies on most countries in the region A companion website with practice quizzes and other useful study aids

Worshiping Politics Luke J. Goble, 2017-05-08 It is not a secret that the political system in the United States is broken Unfortunately many Christians are ambivalent about or worse yet contributors to that dysfunction Many know they should do something but don't know what to do or how to do it Drawing on insights from history theology and culture **Worshiping Politics** reframes the relationship between faith and politics as one of intentional formation instead of divisive decision making When we focus on how we are formed as people and the church in relationship to our various communities instead of what we think and believe in relation to culture and society it changes the way we engage the world Unlearning our faulty emphasis on the power of our own intellect and learning how to be formed in grace and love for the world through our everyday lives just might make a different kind of politics possible
