Klein,2014-10-22 Social classes collide over morality and social propriety in a brand new state Well before the Volstead or National Prohibition Act of 1919 Oklahoma was dry Oklahomans banned liquor at their state s inception in 1907 and maintained the ban even after the repeal of national prohibition In this book James E Klein examines the social and cultural conflicts that led Oklahomans to outlaw liquor and discusses the economic and political consequences of the ban Grappling with Demon Rum identifies who favored and who opposed prohibition showing that its proponents were largely middle class citizens who disdained public drinking establishments and who sought respectability for a young state still considered a frontier society Klein tells how the Oklahoma Anti Saloon League orchestrated a dry campaign to raise moral standards reduce crime and improve the quality of life twice convincing voters to support prohibition Going beyond the usual evangelical versus ritualist rural versus urban and ethnocultural oppositions used by other historians to explain prohibition Klein shows that Oklahoma s immigrant and Catholic populations were too small to account for those voting against the measure or for the large customer base that supported bootleggers He points instead to the large number of working class Oklahomans who patronized saloons whether legal or not and focuses on class conflict in early efforts to control alcohol He also describes the trials of enforcement officers who worked to plug leaks in statewide and later national prohibition A cultural and social history of liquor in early Oklahoma Grappling with Demon Rum provides a fresh look at crusaders against vice at the regional level In portraying this conflict between middle and working class definitions of social propriety Klein provides new insight into forces at work throughout America during the Progressive Era **Nursing History Review, Volume 29** Arlene W. Keeling, PhD, RN, FAAN,2021-01-15 Nursing History Review an annual peer reviewed publication of the American Association for the History of Nursing is a showcase for the most significant current research on nursing history Regular sections include scholarly articles as well as reviews of the latest media publications on nursing and healthcare history Historians researchers and individuals fascinated with the rich field of nursing will find Nursing History Review an important resource The 29th volume of the review features a new section Hidden in Plain Sight dedicated to highlighting nurses from underrepresented groups Included in Volume 29 Rethinking the Tulsa Race Riot The Nurses of Ellis Island Caring for the Huddled Masses Different Stories Similar Results Urban and Rural Nursing in the First Half of the Twentieth Century The Nursing of the All Saints Sisters Those of Little Note Enslaved Plantation Sick Nurses **Providence and the Invention of American History** Sarah Koenig,2021-06-29 How providential history the conviction that God is an active agent in human history has shaped the American historical imagination In 1847 Protestant missionary

Marcus Whitman was killed after a disastrous eleven year effort to evangelize the indigenous peoples of the Pacific Northwest By 1897 Whitman was a national hero celebrated in textbooks monuments and historical scholarship as the Savior of Oregon But his fame was based on a tall tale one that was about to be exposed Sarah Koenig traces the rise and fall of Protestant missionary Marcus Whitman s legend revealing two patterns in the development of American history On the one hand is providential history marked by the conviction that God is an active agent in human history and that historical work can reveal patterns of divine will On the other hand is objective history which arose from the efforts of Catholics and other racial and religious outsiders to resist providentialists pejorative descriptions of non Protestants and nonwhites Koenig examines how these competing visions continue to shape understandings of the American past and the nature of historical truth
