Pioneers East David H. Finnie,1967 **Americans in Egypt, 1770-1915** Cassandra Vivian,2012-08-16 The voices of Americans have long been absent from studies of modern Egypt Most scholars assume that Americans were either not in Egypt in significant numbers during the nineteenth century or had little of importance to say This volume shows that neither was the case by introducing and relating the experiences and attitudes of 15 American personalities who worked lived or traveled in Egypt from the 1770s to the commencement of World War I Often in their own words explorers consuls tourists soldiers missionaries artists scientists and scholars offer a rare American perspective on everyday Egyptian life and provide a new perspective on many historically significant events The stories of these individuals and their sojourns not only recount the culture and history of Egypt but also convey the domination of the country by European powers and the support for Egypt by a young American nation **Books on Early American History and Culture, 1961-1970** Raymond D.

Turkey and the World Sedat Laçiner,2001 *Arab Nationalism* B. Tibi,ed,trans Marion Farouk-Sluglett,Peter Sluglett,1990-06-29 In this new edition Professor Tibi analyses the impact and function of nationalism and its contribution to social and political change in the Third World taking the rise of nationalism in the Middle East as a historical example He concentrates on the period after the First World War when many Arab intellectuals became disillusioned with Britain and France as a result of the occupation of their countries Professor Tibi s careful study of the writings and influence of Sati al Husri illustrates the connection between modern Arab nationalism and nineteenth century German Romantic nationalism which will be of particular interest to the English reader Professor Tibi concludes that while nationalism has played a necessary and important role in the movement for national independence in the Middle East it has since developed into an ideology which seems to obstruct further social and political emancipation This book will be of particular interest to historians and social scientists as well as to specialists in the area itself

Imperialism, Evangelism and the Ottoman Armenians, 1878-1896 Jeremy Salt,2013-10-31 First Published in 1993 This book is about the Armenians but it is also about the diplomats missionaries and politicians whose interests and involvement helped to create the Armenian question in the last quarter of the nineteenth century It is also about public opinion and particularly the religious and racial biases that were usually carried into any discussion of Ottoman affairs American Palestine Hilton Obenzinger,2020-07-21 In the

nineteenth century American tourists scholars evangelists writers and artists flocked to Palestine as part of a Holy Land mania Many saw America as a New Israel a modern nation chosen to do God s work on Earth and produced a rich variety of inspirational art and literature about their travels in the original promised land which was then part of Ottoman controlled Palestine In American Palestine Hilton Obenzinger explores two infidel texts in this tradition Herman Melville s Clarel A Poem and Pilgrimage to the Holy Land 1876 and Mark Twain s The Innocents Abroad or The New Pilgrims Progress 1869 As he shows these works undermined in very different ways conventional assumptions about America s divine mission In the darkly philosophical Clarel Melville found echoes of Palestine s apparent desolation and ruin in his own spiritual doubts and in America s materialism and corruption Twain s satiric travelogue by contrast mocked the romantic naivet of Americans abroad noting the incongruity of a fantastic mob of Yanks in the Holy Land and contrasting their exalted notions of Palestine with its prosaic reality Obenzinger demonstrates however that Melville and Twain nevertheless shared many colonialist and orientalist assumptions of the day revealed most clearly in their ideas about Arabs Jews and Native Americans Combining keen literary and historical insights and careful attention to the context of other American writings about Palestine this book throws new light on the construction of American identity in the nineteenth century **God and the Natural World** Walter H. Conser,1993 In his revisionist evaluation Conser reveals the strategies by which a diverse group of influential Protestant theologians energetically reconciled pre Darwinian science with traditional Christian beliefs and in doing so shaped the antebellum discussion of science and religion 10 halftone illustrations **Imagining the Holy Land** Burke O. Long,2003 At the Chautauqua Institution in New York visitors could walk down Palestine Avenue to Palestine and a model of Jerusalem or along Morris Avenue to a scale model of the Jewish Tabernacle At the St Louis World s Fair of 1904 a replica of Ottoman Jerusalem covered eleven acres while today 300 miles to the southeast a seven story high Christ of the Ozarks stands above a modern re creation of the Holy Land set in the Arkansas hills BOOK JACKET The Contested Origins of the 1865 Arabic Bible David D. Grafton,2015-11-09 This study examines the history of an Arabic Bible translation of American missionaries in late Ottoman Syria Comparing the history of this project as recorded by the American missionaries with private correspondence and the manuscripts of the translation The Contested Origins of the 1865 Arabic Bible provides new evidence for the Bible s compilation including the seminal role of Syrian Christians and Muslims This research also places the project within the wider social political framework of a transforming Ottoman Empire where the rise of a literate class in Beirut served as a catalyst for the Arabic literary renaissance Nah a and within the international field of New Testament textual studies From Captives to Consuls Brett Goodin,2020-10-13 How three white non elite American sailors turned their experiences of captivity into diverse career opportunities and influenced America s physical commercial ideological and diplomatic development Winner of the John Lyman Book Award by the North American Society for Oceanic History From 1784 to 1815 hundreds of American sailors were held as white slaves in the North African Barbary States In From Captives

to Consuls Brett Goodin vividly traces the lives of three of these men Richard O'Brien James Cathcart and James Riley from the Atlantic coast during the American Revolution to North Africa from Philadelphia to the Louisiana Territories and finally to the western frontier This first scholarly biography of American captives in Barbary sifts through their highly curated writings to reveal how ordinary individuals in extraordinary circumstances could maneuver through and contribute to nation building in early America all the while advancing their own interests The three subjects of this collective biography both reflected and helped refine evolving American concepts of liberty identity race masculinity and nationhood Time and again Goodin reveals O'Brien Cathcart and Riley uncovered opportunities in their adversity They variously found advantage first in the Revolution as privateers then in captivity by writing bestselling captivity narratives and successfully framing their ordeal as a qualification for coveted government employment They even used their modest fame as ex captives to become diplomats get elected to state legislatures and survey the nation's territorial expansions in the South and West Their successful self-interested pursuit of opportunities offered by the expanding American empire Goodin argues constitutes what he calls the invisible hand of American nation building Goodin shows how these ordinary men lacking the genius of a Benjamin Franklin or Alexander Hamilton depended on sheer luck and adaptability in their quest for financial independence and public recognition Drawing on archival collections newspapers private correspondence and government documents From Captives to Consuls sheds new light on the significance of ordinary individuals in guiding early American ideas of science international relations and what it meant to be a self-made man

taking care lest we irreversibly degrade the fabric of humanized nature we are bound to manage Marsh's ominous warnings inspired reforestation watershed management soil conservation and nature protection in his day and ours George Perkins Marsh Prophet of Conservation was awarded the Association for American Geographers 2000 J. B. Jackson Prize The book was also on the shortlist for the first British Academy Book Prize awarded in December 2001 American Christians and Islam Thomas S. Kidd, 2018-06-05 In the wake of the September 11 terrorist attacks many of America's Christian evangelicals have denounced Islam as a demonic and inherently violent religion provoking frustration among other Christian conservatives who wish to present a more appealing message to the world's Muslims Yet as Thomas Kidd reveals in this sobering book the conflicted views expressed by today's evangelicals have deep roots in American history Tracing Islam's role in the popular imagination of American Christians from the colonial period to today Kidd demonstrates that Protestant evangelicals have viewed Islam as a global threat while also actively seeking to convert Muslims to the Christian faith since the nation's founding He shows how accounts of Mahometan despotism and lurid stories of European enslavement by Barbary pirates fueled early evangelicals' fears concerning Islam and describes the growing conservatism of American missions to Muslim lands up through the post World War II era Kidd exposes American Christians' anxieties about an internal Islamic threat from groups like the Nation of Islam in the 1960s and America's immigrant Muslim population today and he demonstrates why Islam has become central to evangelical end times narratives Pointing to many evangelicals' unwillingness to acknowledge Islam's theological commonalities with Christianity and their continued portrayal of Islam as an evil and false religion Kidd explains why Christians themselves are ironically to blame for the failure of evangelism in the Muslim world American Christians and Islam is essential reading for anyone seeking to understand the causes of the mounting tensions between Christians and Muslims today
