**Pioneers and Heroes of the Wild West** Ronald Embleton, Shankland, Virginia, 1969      **Pioneers of the Old West** Virginia Hopkins, 1988      History of Our Wild West and Stories of Pioneer Life D. M. Kelsey, 1902      *History of Our Wild West and Stories of Pioneer Life from Experiences of Buffalo Bill, Wild Bill, Kit Carson, David Crockett, Sam Houston, Generals Crook, Miles and Custer, Geronimo, Sitting Bull, Great Indian Chiefs, and Other Famous Frontiersmen and Indian Fighters ...* D. M. Kelsey, 1901      *Pioneer Jews* Harriet Rochlin, Fred Rochlin, 2000 Contributions of the Jewish men and women who helped shape the American frontier      **The Wild West: 1804-1890** ,2016-11-08 Interact with the story of America's frontier through the detailed paintings of America's foremost historical artist Mort K nstler K nstler's paintings bring history to life with striking portrayals of the events of America's Wild West starting in 1804 when Lewis and Clark made their first expeditions to 1890 when the American frontier was declared vanished The epic artworks faithfully capture the incredible landscapes explorations and battles of this important period and ask children to look again and again for special details such as the feathers in an American Indian chief's headdress to the type of horse a cattleman rides Together with text by award winning historian James I Robertson Jr these brilliantly explicit paintings engage a young reader's attention and introduce him or her to American history through the visual arts Lauded by both historians and curators K nstler presents beautifully rendered works chronicling America's expansion to the West in a historically accurate and appealing way transporting the reader right into each scene      The Mobilized American West, 1940-2000 John M. Findlay, 2023-07 In the years between 1940 and 2000 the American Far West went from being a relative backwater of the United States to a considerably more developed modern and prosperous region one capable of influencing not just the nation but the world By the dawn of the twenty first century the population of the West had multiplied more than four times since 1940 and western states had transitioned from rural to urban becoming the most urbanized section of the country Massive investment both private and public in the western economy had produced regional prosperity and the tourism industry had undergone massive expansion altering the ways Americans identified with the West In *The Mobilized American West 1940-2000* John M Findlay presents a historical overview of the American West in its decades of modern development During the years of U S mobilization for World War II and the Cold War the West remained a significant distinct region even as its development accelerated rapidly and in many ways it became better integrated into the rest of the country By examining events and trends that occurred in the West Findlay argues that a distinctive region wide political culture developed in the western states from a commitment to direct democracy the role played by the federal government in owning and managing such a large amount of land and the way different groups of westerners identified with and defined the region While illustrating western distinctiveness Findlay also aims to show how in its sustaining mobilization for war the region became tethered to the entire nation more than ever before but on its own terms Findlay presents an innovative approach to viewing

the American West as a region distinctive of the United States one that occasionally stood ahead of at odds with and even in defiance of the nation

**American Heritage History of the Pioneers** Richard M. Ketchum, 2015-10-12 America's story is made up of many elements but through it have coursed two main streams that have nourished and carried a people forward to a destiny that was beyond all imagining when the story began One of these is an idea that goes back to the rim of recorded time It was first a dim gnawing hope that the future lay in a magic land off to the west Once that land was found it drew people to it like a magnet It is easy to say that it was gold or precious stones or land that led them on for it was all of these Yet it was more and here was the second great stream of American history There was something that literally drove people westward goading them across the endless mountains through steep passes across searing plains and desert into the face of terrors known and those unguessed It was vision It was courage It was at times the sheer joy of overcoming fantastic obstacles And it was also the conviction that what they were doing was different from anything that had happened before that nothing would ever be quite the same again and that the world would be a better place for what they had accomplished Eastward I go only by force Henry David Thoreau said but westward I go free The sleep of 100 centuries was stirred up in that surge toward the sunset for out of it emerged not only a new people and a new nation but a force that changed the globe
