Pious Brief Narrative In Medieval Castilian And Galician Verse:

Pious Brief Narrative in Medieval Castilian and Galician Verse John E. Keller, 2021-12-14 Brief narratives or medieval precursors to the modern short story are compositions couched in the form of a tale of reasonable short length They began with writings in Latin and eventually made their way into the vernacular languages of Europe They include the fable the apologue the exemplum the saint's life the miracle the biography the adventure tale the romance the jest and the anecdote among others In Spain the oldest extant brief narratives in written form are in verse and date from the late twelfth and early thirteenth centuries The earliest examples include *La vida de Santa Maria Egipcíaca* and *El libre dels tres reys d'Orient* Both are concise enough to be read in one sitting and were probably read before or after meals as entertainment In *Pious Brief Narrative in Medieval Castilian and Galician Verse* John E. Keller studies the structure of the pious brief narrative including such works as the *Cantigas de Santa Maria* of Alfonso X and *Gonzalo de Berceo's* *Milagros de Nuestra Señora* among others He examines which narrative techniques were employed by their authors including versification music and the pictorial arts as aids to narration Using nine basic elements plot setting conflict characterization theme style effect point of view and mood or tone Keller shows how writers in medieval Spain employed more sophisticated uses of these techniques than has previously been recognized

The Art of Mystical Narrative Eitan P. Fishbane, 2018 In the study of Judaism the Zohar has captivated the minds of interpreters for over seven centuries and continues to entrance readers in the modern day Yet despite these centuries of study very little attention has been devoted to the literary dimensions of the text *The Art of Mystical Narrative* argues that the Zohar story must be understood first and foremost as a work of the fictional imagination

Iconography in Medieval Spanish Literature John E. Keller, Richard P. Kinkade, 2021-10-21 The masterpieces of medieval Spanish literature have come to be known and loved by Hispanists and more recently by others throughout the world But the brilliant illuminations with which the original manuscripts were illustrated have remained almost totally unknown on the shelves of

the great European libraries To redress this woeful neglect two noted scholars here present a generous selection from this great visual treasury including many examples never before reproduced John E Keller and Richard P Kinkade have chosen five representative works dating from the mid thirteenth century to the late fifteenth to illustrate the richness of early Spanish narrative art Together these five works encompass the entire range of narrative techniques and iconography to be found in medieval Spain and reflect both foreign and native Spanish artistic tendencies The authors analyses of the relation between verbalizations and visualizations will provide students of medieval art and literature a wealth of new information expanding our knowledge of this fascinating period The beauty of many of the illuminations speaks for itself Handbook of Medieval Studies Albrecht Classen,2010-11-29 This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field The handbook consists of four parts The first large section offers articles on all of the main disciplines and discussions of the field The second section presents articles on the key concepts of modern medieval studies and the debates therein The third section is a lexicon of the most important text genres of the Middle Ages The fourth section provides an international bio bibliographical lexicon of the most prominent medievalists in all disciplines A comprehensive bibliography rounds off the compendium The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together *Mystic Tales from the Zohar* Aryeh Wineman,1998-04-19 Contains translations of eight narratives from Zohar the central text of Kabbalah on themes of sin and repentance death exile redemption and resurrection and includes notes and commentary **The Serpent and the Rose: The Immaculate Conception and Hispanic Poetry in the Late Medieval Period** Lesley K. Twomey,2008-06-03 The Serpent and the Rose examines the theological and liturgical context for the doctrine of the Immaculate Conception in the Middle Ages from primary sources in Iberian archives Its main focus is a study of Marian poetry from Alfonso the Wise and Gonzalo de Berceo through to the poetry collections of the late fifteenth century showing how poets took themes from the Bible and apocryphal literature combining them to defend and praise Mary s conception without sin Individual chapters assess how they depicted Mary s prefiguration in the Old Testament by the Woman who defeated the serpent the young bride of the Song of Songs or the semi deity Wisdom how they portray her as the mystic rose and as the new Eve **Medieval Empires and the Culture of Competition** Samuel England,2018-03-07 The first book to look critically at digital technologies and the role they play within queer lives in contemporary India **The Arabic Role in Medieval Literary History** Maria Rosa Menocal,María Rosa Menocal,2010-08-03 Arabic culture was a central and shaping phenomenon in medieval Europe yet its influence on medieval literature has been ignored or marginalized for the last two centuries In this ground breaking book now returned to print with a new afterword by the author Mar a Rosa Menocal argues

that major modifications of the medieval canon and its literary history are necessary Menocal reviews the Arabic cultural presence in a variety of key settings including the courts of William of Aquitaine and Frederick II the universities in London Paris and Bologna and Cluny under Peter the Venerable and she examines how our perception of specific texts including the courtly love lyric and the works of Dante and Boccaccio would be altered by an acknowledgment of the Arabic cultural component *Daily Life Depicted in the Cantigas de Santa Maria* John E. Keller, Annette Grant Cash, 2021-10-21 The hundreds of illuminated miniatures found in the Cantigas de Santa Maria sponsored by King Alfonso X 1252-84 reveal many vistas of daily life in thirteenth century Spain No other source provides such an encyclopedic view of all classes of medieval European society from kings and popes to the lowest peasants Men and women are seen farming hunting on pilgrimage watching bullfights in gambling dens making love tending silkworms eating cooking and writing poetry to name only a few of the human activities represented here Combining keen observation of detail with years of experience in the field John Keller and Annette Grant Cash bring to life a world previously little explored *A Companion to Mester de Clerecía Poetry*, 2024-07-15 Mester de clerecía is the term traditionally used to designate the first generations of learned poetry in medieval Ibero-Romance dialects the precursors of modern Castilian and other Romance languages of the Iberian Peninsula In its time this poetry was anything but traditional These long poems of structured verse reappropriate the heroic past through the retelling of legends from Classical Antiquity saints lives miracle stories Biblical apocrypha and other tales At the same time the poems recast the place of their authors and learned characters within their stories in the shifting dynamics of their thirteenth and fourteenth century present Contributors are Pablo Ancos Maria Cristina Balestrini Fernando Baños Vallejo Andrew M Beresford Olivier Biaggini Martha M Daas Emily C Francomano Ryan Giles Michelle M Hamilton Anthony John Lappin Clara Pascual Argente Connie L Scarborough Donald W Wood and Carina Zubillaga *The Cantigas de Santa Maria* Henry T. Drummond, 2024 Alfonso X 1221-84 ruled over the Crown of Castile from 1252 until his death Known as the Wise he oversaw the production of a wealth of literature one of the most impressive of which is the collection of songs known as the Cantigas de Santa Maria This book offers a new perspective to the song collection probing how the Cantigas use their music and text together with rhetorical devices to communicate with their desired audience *Gonzalo de Berceo and the Latin Miracles of the Virgin* Robert Boenig, 2016-04-22 In *Gonzalo de Berceo and the Latin Miracles of the Virgin* Patricia Timmons and Robert Boenig present the first English translation of a twelfth century Latin collection of miracles that Berceo the first named poet in the Spanish language used as a source for his thirteenth century Spanish collection *Milagros de Nuestra Señora* Using the MS Thott 128 close to the one Berceo must have used Timmons and Boenig provide both translation and analysis exploring the Latin Miracles suggesting how it was used as a sacred text and placing it within the history of Christians evolving understanding of the Virgin's role in their lives In addition this volume explores Berceo's reaction to the Latin Miracles demonstrating that he reacted creatively to his source texts as well as to changes in Church culture and

governance that occurred between the composition of Latin Miracles and the thirteenth century translating it across both language and culture Accessible and useful to students and scholars of medieval and Spanish studies this book includes the original Latin text translations of the Latin Miracles including analyses of Saint Peter and the Lustful Monk The Little Jewish Boy and The Jews of Toledo *In the Doorway of All Worlds* Robin M Bower,2024-05-01 The thirteenth century poet Gonzalo de Berceo is the first named author of Old Spanish letters and the most prolific contributor to the emergence of the body of learned vernacular verse known as the mester de clerecía In the Doorway of All Worlds focuses on the four hagiographies Berceo produced as a unified body of poetic expression and world building Robin M Bower traces the poet's intricate juxtaposition of contraries to shed light on a poetic world that will innovate a deceptively simple poetic vernacular and elevate its capacity to express nuance power and mystery The book examines the entanglements that bind formal and lexical choices the inscription of performance sites and audiences and problematic source authority It argues that Berceo's elaboration of a poetic vernacular was wholly enmeshed in the immediate human experiential world and the diverse cultural religious linguistic and literary contexts that framed it The book also highlights how Berceo invented a literary vernacular that befits the spoken idiom not only for the crafting of learned fictions but for giving linguistic shape to the ineffable In the Doorway of All Worlds ultimately reveals how Berceo freed the meanings trapped in relics shrines and the impenetrable texts from which he translated the saints to circulate in a new time *Miracles of Our Lady* Gonzalo de Berceo,2021-12-15 Miracle tales in which people are rewarded for piety or punished for sin through the intervention of the Virgin Mary were a popular literary form all through the Middle Ages Milagros de Nuestra Señora a collection of such stories by the Spanish secular priest Gonzalo de Berceo is a premier example of this genre it is also regarded as one of the four most important texts of medieval Spain Difficulties in translating this work have made it unavailable in English except in fragments now Spanish language scholars Richard Terry Mount and Annette Grant Cash have made the entire work accessible to English readers for the first time Berceo's miracle tales use the verse form cuaderna vía fourfold way of fully rhymed quatrains which Berceo may even have invented and are told in the language of the common man They were written to be read aloud most likely to an audience of pilgrims and are an outstanding example of oral religious narrative The total work comprises twenty five miracles preceded by a renowned Introduction that celebrates the Virgin in rich symbolic allegory Mount and Cash's translation is highly readable yet it retains the original meaning and captures Berceo's colloquial style and medieval nuances An introduction placing the miracles in their medieval context and a bibliography complement the text *La Corónica : a Journal of Medieval Spanish Language and Literature* ,1991 Spanish medieval language and literature newsletter varies
