Starting Out Right National Research Council. All parents hope to give their children the best possible start in life. Many of them know it's a good idea to read to their children at a very young age, not with the goal of teaching their kids to read but with the joy of having special time together looking at pictures and playing with words. Carefully chosen books that introduce children to the pleasures of language, simple story structure, and wonderful artwork are the foundation for a future love of books. *Great Books for Babies and Toddlers* is the first book of its kind, a guide to the best age-appropriate children's books available. Compiled by Kathleen Odean, former Chair of the Newbery Award Committee, *Great Books for Babies and Toddlers* provides lively annotations for more than five hundred books, divided into two helpful categories: Nursery Rhymes, Fingerplays, and Songs, and Picture Story Books for the Very Young. With story selections ranging from such classics of children's literature as *Goodnight Moon* and *Where's Spot?* to excellent new books like *How Does a Dinosaur Say Good Night* and *Buzz*, *Great Books for Babies and Toddlers* will be more than a cherished guide for parents; it will also be a child's first step in the lifelong adventure of reading.      *Two Brothers* Frank Briganti, 2006-11 In the late fifties, as more and more immigrants migrated to the U.S. in a way it was kind of disheartening for them because they had to go through some kind of physical checkup and some were held in quarantine until the authorities were satisfied with the outcome of whatever the illness was. The percentage of these cases were very low and eventually they were accepted into this country, which today that is not the case. This particular family had no such problems and that made the transition much enjoyable. These two particular brothers were unique in their own ways and accepted what life put in front of their paths. They faced the problems and the pleasures of life without having someone else take responsibility for their actions, even though at times the actions that they took were not the most favorable ones. It was rare that they disagreed on whatever they had to do, but as human beings we have our moments.

where we as individuals are never wrong Even though age between two brothers as they grow up makes a difference there comes that special moment when at a certain age equality just introduced itself to them and they handled it very well
