Immigrants Volume I Dragon Tooth Gold Series By Kent J McGrew Immigrants Volume I Dragon Tooth Gold Series begins the story of Aaden Callahan and Anna Mercier two landed immigrants They meet while teaching at Columbia University in New York City The year is 1841 The young Dr Callahan woos and wins the heart of the smart and beautiful Anna but their courtship isn't easy Kent J McGrew brings years of industrial experience as a metallurgical engineer to every aspect of his stories A sailing trip doesn't just take you somewhere it teaches navigation and the skills to weather hurricanes fight pirates and outwit the oppressive laws of the day concerning African Americans Through the eyes of his characters his readers get to experience America in the mid 1800's where land and resources were in abundance to all who worked with determination The industrial revolution is robust and the Callahan family shape an empire with whiskey and lumber and a loyal labor force in the form of emancipated slaves Dragon Tooth gold is uniquely laden with the engineering and technology of the times Our ancestors worked hard and despite the current feeling that their thinking was old fashion everything that they did successfully was well thought out sometimes beyond genius I want my readers to see our roots in the reality of getting the work done In our age of information invention and innovation are all too often taken for granted Our physical world still needs to be put together piece by piece Knowing how we got where we are today will help us prevent the mistakes prejudices
