Pisatel Iskusstvo Vremia:

The Writer in Petrograd and the House of Arts Martha Weitzel Hickey, 2009-06-16 Founded by Maksim Gorky and Kornei Chukovsky in 1919 and disbanded in 1922 the Petrograd House of Arts occupied a crucial moment in Russia's cultural history. By chronicling the rise and fall of this literary landmark, this book conveys in greater depth and detail than ever before a significant but little studied period in Soviet literature. Poised between Russian culture's past and her Soviet future, between pre and post Revolutionary generations, this once lavish private home on the Nevsky Prospekt housed as many as fifty-six poets, novelists, critics, and artists at one time during a period of great social and political turbulence. And as such, Hickey contends, the House of Arts served as a crucible for a literature in transition. Hickey shows how the House of Arts, though virtually ignored by Soviet-era cultural historians, played a critical role in shaping the lively literature of the next decade, a literature often straddling the border between fiction and non-fiction. Considering prose writers such as Yevgeny Zamyatin, Olga Forsh, the Serapion Brothers group, Viktor Shklovsky, Boris Eikhenbaum, as well as poets including Alexander Blok, Nikolay Gumilev, Anna Radlova, Osip Mandelstam, and Vladislav Khodasevich, she traces the comings and goings at the House of Arts, the meetings and readings and lectures, and most of all, the powerful influence of these interactions on those who briefly lived and worked there. In her work, the Petrograd House of Arts appears for the first time in all its complexity and importance as a focal point for the social and cultural ferment of the day and a turning point in the direction of Russian literature and criticism.

Reference Guide to Russian Literature Neil Cornwell, 2013-12-02 First Published in 1998, this volume will surely be regarded as the standard guide to Russian literature for some considerable time to come. It is therefore confidently recommended for addition to reference libraries, be they academic or public.

Russian Prose Writers Between the World Wars Christine Rydel, 2003 In an era of political, economic, and social conflict, the opposition between ideas and actions characterizes the literary atmosphere in Russia between the world wars. Writers during this period were drawn to tradition or progress, individual freedom or collective responsibility, free imaginations or tendentious templates, creativity or conformity, energy or entropy.

Russian Studies in Literature, 1997 **Historical and Ideological Aspects in the Prose and Dramatic Works of the Soviet Writer A.N. Tolstoi, 1882-1945** Nicholas Tyrras, 2002 The fact that the former Count Aleksei Nikolaevich Tolstoi (1883-1945) gave up his emigrant status to become a successful member of the Soviet writing establishment led some to conclude that his work was a deliberate contrivance manufactured to please Stalin. Tyrras, U of British Columbia, focuses on Tolstoi's novel *Petr Pervyi* (Peter the First) and some other works in order to question

that assertion He argues that Tolstoi demonstrated a heightened sense of history and tried to make sense of contemporaneous events by studying periods he viewed as analogous It is suggested that Petr Pervyi was written as an analogy to Stalin and that Tolstoi truly saw both men as necessary leaders for creating great change Annotation copyrighted by Book News Inc Portland OR

Collective Body Christina Kiaer,2024-03-19 Dislodging the avant garde from its central position in the narrative of Soviet art Collective Body presents painter Aleksandr Deineka s haptic and corporeal version of Socialist Realist figuration not as the enemy of revolutionary art but as an alternate experimental aesthetic that at its best activates and organizes affective forces for collective ends Tracing Deineka s path from his avant garde origins as the inventor of the proletarian body in illustrations for mass magazines after the Revolution through his success as a state sponsored painter of monumental lyrical canvases during the Great Terror and beyond Collective Body demonstrates that Socialist Realism is best understood not as a totalitarian style but rather as a fiercely collective art system that organized art outside the market and formed part of the legacy of the revolutionary modernisms of the 1920s Collective Body accounts for the way the art of the October Revolution continues to capture viewers imaginations through the sheer intensity of its evocation of the elation of collectivity making viewers not only comprehend but also truly feel socialism and retaining the potential to inform our own art into life experiments within contemporary political art Deineka figures in this study not as a singular master in the spirit of a traditional monograph but as a limited case of the system he inhabited and helped to create
