Pisidian Antioch The Site And Its Monuments:

Pisidian Antioch Stephen Mitchell, Marc Waelkens, 1998-12-31 The city of Pisidian Antioch was founded in the hellenistic period by the Seleucids in what is now south west Turkey Under the emperor Augustus it became the most important Roman colony of the eastern empire The city flourished until the sixth century AD It has left dramatic and extensive ruins This comprehensive and fully illustrated study a sequel to Mitchell s Cremna in Pisidia is based on a new survey of the site It also includes the results of the most recent Turkish field work as well as detailed information from the important but unpublished 1924 excavation by the University of Michigan

Cremna in Pisidia Stephen Mitchell, 1995-12-31 Cremna a ruined city of southern Turkey has one of the most spectacular sites in Asia Minor high in the Taurus mountains For a long time a stronghold of hellenised Pisidians Cremna was refounded as a veteran colony by the emperor Augustus From the age of Hadrian until the early third century AD the colony enjoyed a boom in public buildings whose remains still adorn the site Disaster struck in the late third century when Cremna became a centre for a regional insurrection against Roman rule Roman forces staged a major siege of the city and recaptured it in AD 278 A bishopric in Late Antiquity Cremna was abandoned in the sixth or seventh century This book gives a detailed reconstruction of Cremna s life and history based on an intensive survey of the archaeological remains between 1985 and 1987 There is a lively account of the survey itself The book also traces the story of the rediscovery of the site in 1833 and the contribution of early travellers and archaeologists There is a full study of the public building programme of Cremna from the first century BC to the third century AD of the aqueduct water supply and domestic housing and of the church building in Late Antiquity The highlight of the archaeological survey was the discovery of numerous remains of the Roman siege of AD 278 The siege of Cremna demonstrates classical techniques of Roman siege warfare which hitherto were best known from Josephus account of the Jewish Revolt in AD 66-73 Cremna in Pisidia is written in a style accessible to general readers as well as to specialists It is not only a definitive account of an important city of the Roman East It is also a case study exploring many of the common characteristics of civic life in the Roman world

The Eerdmans Dictionary of Early Judaism John J. Collins, Daniel C. Harlow, 2010-11-11 The Dictionary of Early Judaism is the first reference work devoted exclusively to Second Temple Judaism fourth century b c e through second century c e The first section of this substantive and incredible work contains thirteen major essays that attempt to synthesize major aspects of Judaism in the period between Alexander and Hadrian The second and significantly longer section offers 520 entries arranged alphabetically Many of these entries have cross references and all have select bibliographies Equal attention is given to literary and nonliterary i e archaeological and epigraphic evidence and New Testament writings are included as evidence for Judaism in the first century c e Several entries also give pertinent information on the Hebrew Bible The Dictionary of Early Judaism is intended to not only meet the needs of scholars and students at which it succeeds

admirably but also to provide accessible information for the general reader It is ecumenical and international in character bringing together nearly 270 authors from as many as twenty countries and including Jews Christians and scholars of no religious affiliation The Book of Acts in its First Century Setting, Volume 2 David W. Gill, Conrad Gempf, 2000-11-24 The results of our rapidly expanded historical and archaeological knowledge have here been brought to bear on the Book of Acts to stunning effect Outstanding as Jackson and Lake was in its day this volume on the Graeco Roman setting of Acts holds out the promise of equaling if not surpassing that great achievement Paul Barnett Bishop of North Sydney Australia This well written volume offers a remarkable up to date collection of relevant new data to assist in scenario formation for a considerate reading of the Book of Acts The largely Australian and British team of authors must be congratulated for preparing this very useful data set There are authoritative descriptions of travel of food supply of domestic and political religion of urban elites and of the Eastern Mediterranean provinces and their leadership Such information about the realm of the Graeco Roman world will enable the interpreter of Acts to bring these data to bear in the process of interpretation Of great use to ancient historians classicists and biblical scholars yet written and presented in such a way that it will be fascinating to intelligent nonprofessionals as well Bruce J Malina Creighton University *Heirs of the Reunited Church* Bartosz Adamczewski, 2010 The work establishes the relative and absolute chronology of Paul's life It demonstrates that Paul went to Jerusalem only two times after his conversion The second visit which was planned in Rome and described retrospectively in Gal ended up with the Antiochene conflict The following Eucharistic schism within early Christianity has lasted for at least a century after Paul's death in AD 49 The so called Pastoral Letters which are in fact ethopoeic confirm this state of matters The history of the Pauline mission as it was described in the Acts of the Apostles is a result of sixfold hypertextual reworking of Gal 1:17-2:14 Rom 15:25-32 with the use of other Pauline and post Pauline texts Luke irenically described the history of early Christianity as a history of the reunited Church Origins of the Colonnaded Streets in the Cities of the Roman East Ross Burns, 2017-06-02 The colonnaded axes define the visitor's experience of many of the great cities of the Roman East How did this extraordinarily bold tool of urban planning evolve The street instead of remaining a mundane passage a convenient means of passing from one place to another was in the course of little more than a century transformed in the Eastern provinces into a monumental landscape which could in one sweeping vision encompass the entire city The colonnaded axes became the touchstone by which cities competed for status in the Eastern Empire Though adopted as a sign of cities prosperity under the Pax Romana they were not particularly Roman in their origin Rather they reflected the inventiveness fertility of ideas and the dynamic role of civic patronage in the Eastern provinces in the first two centuries under Rome This study will concentrate on the convergence of ideas behind these great avenues examining over fifty sites in an attempt to work out the sequence in which ideas developed across a variety of regions from North Africa around to Asia Minor It will look at the phenomenon in the context of the consolidation of Roman rule **Social and Political Life in Late Antiquity -**

Volume 3.1 William Bowden, Adam Gutteridge, Carlos Machado, 2006-12-31 This book examines a number of themes relating to social and political life in Late Antiquity The first part of the book considers how the powers of the emperor state and civic authorities were expressed in the physical environment and how coinage and material culture were caught up in the political life of the period The second part investigates the middle classes and the poor who are often less visible in archaeological textual and epigraphic records Other articles consider such topics as long term social evolution and the definition of time in Late Antiquity Two extensive bibliographic essays provide an overview of published literature relating to social and political life

Claiming Places Eric C. Moore, 2020-09-15 In this study Eric C Moore examines Acts of the Apostles against the backdrop of colonization in the ancient Mediterranean world He shows how common cultural beliefs concerning the foundation of new communities shape Luke's account as well

The First Urban Churches 1 James R. Harrison, L. L. Welborn, 2015-09-29 A fresh look at early urban churches This collection of essays examines the urban context of early Christian churches in the first century Roman world A city by city investigation of the early churches in the New Testament clarifies the challenges threats and opportunities that urban living provided for early Christians Readers will come away with a better understanding of how scholars assemble an accurate picture of the cities in which the first Christians flourished Features Analysis of urban evidence of the inscriptions papyri archaeological remains coins and iconography Discussion of how to use different types of evidence responsibly Outline of what constitutes proper methodological use for establishing a nuanced informed portrait of ancient urban life

Inscribing Faith in Late Antiquity Sean V. Leatherbury, 2019-07-26 Inscripting Faith in Late Antiquity considers the Greek and Latin texts inscribed in churches and chapels in the late antique Mediterranean c 300 800 CE compares them to similar texts from pagan Jewish and Muslim spaces of worship and explores how they functioned both textually and visually These texts not only recorded the names and prayers of the faithful but were powerful verbal and visual statements of cultural values and religious beliefs conveying meaning through their words as well as through their appearances In fact the two were intimately connected All of these texts Christian Jewish Muslim and pagan acted visually embracing their own materiality as mosaic paint or carved stone Colourful and artfully arranged the inscriptions framed human relationships with the divine encouraged responses from readers and made prayers material In the first in depth examination of the inscriptions as words and as images the author reimagines the range of aesthetic cultural and religious experiences that were possible in spaces of worship Inscripting Faith in Late Antiquity is essential reading for those interested in Roman late antique and Byzantine material and visual culture inscriptions and other texts and religious life in the ancient Mediterranean

Public Space in the Late Antique City (2 vols.) Luke Lavan, 2021-01-11 This book investigates the nature of public space in Mediterranean cities A D 284 650 meaning places where it was impossible to avoid meeting people from all parts of society whether different religious confessions or social groups The first volume considers the architectural form and everyday functions of streets fora agorai market buildings and shops including a study

of processions and everyday street life The second volume analyses archaeological evidence for the construction repair use and abandonment of these urban spaces based on standardised principles of phasing and dating The conclusions provide insights into the urban environment of Constantinople an assessment of urban institutions and citizenship and a consideration of the impact of Christianity on civic life at this time

Colossae, Colossians, Philemon Alan H. Cadwallader, 2023-05-15 The material culture of Colossae is here for the first time given as full a collation as possible to the present day 38 inscriptions 88 coins and 49 testimonia are brought together in the context of a thorough overview of the site of Colossae These include evidence that has been thought lost or has been overlooked or misinterpreted or has only recently been discovered New readings insights and analyses of the material evidence are brought into a highly creative exchange with the two letters of the Second Testament connected with the site The texts thereby become additional evidence for an appreciation of the life of a city in the first two centuries of the Common Era The fullest collation of evidence for the ancient Phrygian city in the Greco Roman period was the coin catalogue assembled by Hans von Aulock 1987 The most recent catalogue of the inscriptions of Colossae was published by William Calder and William Buckler in 1939 There has never been a full inventory of ancient writings that bear witness to the site Alan H Cadwallader in his volume not only updates this material by subjecting it to thorough critical analysis in the light of comparative evidence from across the Roman province of Asia and the Mediterranean world New discoveries from the site and from museums and collections in the United Kingdom Europe Russia Australia and the United States are introduced Into this assemblage and interpretation are brought the letters to the Colossians and Philemon in the Second Testament writings of the Christian Church For the first time the letters are released to be players in the highly competitive environment of a city negotiating its way in the new realities of imperial Rome Here the letters and their recipients become participants in the society of the day contributing critiquing and struggling to forge an identity for the Christ followers within that world Echoes of the gymnasium gladiatorial spectacles cosmological speculations religious devotion and sanction family structures commerce and industry struggles for justice intercity competition and legal negotiations are found in the letters echoes that witness to their participation in the life of Colossae This is a radical new approach incorporating the turn to material culture as the embedding of literature and its consumers rather than an embellishing backdrop

The Material Dynamics of Festivals in the Graeco-Roman East Zahra Newby, 2023-09-20 The Material Dynamics of Festivals in the Graeco Roman East explores the various ways in which the experience of civic festivals in the Graeco Roman East was created and framed by material culture By the second and third centuries AD Greek festivals were thriving across the eastern Mediterranean Much of our knowledge of these festivals and their associated processions rituals banquets and competitions comes from material culture inscriptions coins architecture and art works Yet each of these pieces of material evidence was the result of a conscious act of what to

record and where and how to record it with varying patterns discernible across different areas and in different media This volume draws attention to the choices made in a variety of different forms of material culture relating to Greek festivals from the Hellenistic to Roman periods and unpicks the ways in which they encode or forge particular social relationships and power structures as well as creating senses of community or communication between different groups These helped to fix ephemeral events into public memory to present particular views of their significance for the wider community and to frame the experience of their participants

The Christians of Phrygia from Rome to the Turkish Conquest Stephen Mitchell, 2023-07-10 The towns and villages of Phrygia a predominantly rural region of inner Asia Minor provide richer documentation of their early Christian communities than any other part of the Roman empire This includes the earliest lengthy Christian funerary text coin types depicting Noah and the Flood introduced by Christians at the Phrygian emporium of Apamea the famous Christians for Christians inscriptions and more than a hundred other pre Constantinian grave monuments The abundant evidence for the Christian presence up the Turkish invasions throws new light on continuity between Late Antiquity and the Middle Byzantine period and on the warfare between the Byzantines and Turks in the 11th century This is the first exhaustive regional study since 1897

A History of the Later Roman Empire, AD 284-641 Stephen Mitchell, 2014-06-11 The Second Edition of A History of the Later Roman Empire features extensive revisions and updates to the highly acclaimed sweeping historical survey of the Roman Empire from the accession of Diocletian in AD 284 to the death of Heraclius in 641 Features a revised narrative of the political history that shaped the late Roman Empire Includes extensive changes to the chapters on regional history especially those relating to Asia Minor and Egypt Offers a renewed evaluation of the decline of the empire in the later sixth and seventh centuries Places a larger emphasis on the military deficiencies collapse of state finances and role of bubonic plague throughout the Europe in Rome s decline Includes systematic updates to the bibliography

City Government in Hellenistic and Roman Asia Minor Sviatoslav Dmitriev, 2005-02-17 City Government in Hellenistic and Roman Asia Minor examines the social and administrative transformation of Greek society within the early Roman empire assessing the extent to which the numerous changes in Greek cities during the imperial period ought to be attributed to Roman influence The topic is crucial to our understanding of the foundations of Roman imperial power because Greek speakers comprised the empire s second largest population group and played a vital role in its administration culture and social life This book

elucidates the transformation of Greek society in this period from a local point of view mostly through the study of local sources such as inscriptions and coins By providing information on public activities education family connections and individual careers it shows the extent of and geographical variation in Greek provincial reaction to the changes accompanying the establishment of Roman rule In general new local administrative and social developments during the period were most heavily influenced by traditional pre Roman practices while innovations were few and of limited importance Concentrating on the province of Asia one of the most urbanized Greek speaking provinces of Rome this work demonstrates that Greek local administration remained diverse under the Romans while at the same time local Greek nobility gradually merged with the Roman ruling class into one imperial elite This conclusion interprets the interference of Roman authorities in local administration as a form of interaction between different segments of the imperial elite rejecting the old explanation of such interference as a display of Roman control over subjects
