Pistols Of The World A Comprehensive Illustrated Encyclopedia:

Pistols of the World: a Comprehensive Illustrated Encyclopedia of the World's Pistols and Revolvers from 1870 to the Present Day Ian V. Hogg, John Weeks, **Pistols of the World** Ian Vernon Hogg (Journalist, Great Britain), John Weeks, 1978

Pistols Jeff Kinard, 2004-11-23 The development of the pistol helped bring the age of the armored knight to an end provided the elite with a status symbol of dangerous glamour and inspired both artisans and industrialists to reach new heights of invention Pistols follows the evolution of personal sidearms in Europe the United States and Asia from medieval era hand cannons with their clunky ignition systems to the revolutionary Colt revolvers of the 19th century to the modern semiautomatic weapons of today Full of fascinating insights and details this work shows how pistols brought about the decline of knights in armor and ultimately replaced the sword on the battlefield The book also explores the pistol s astonishing democratization as it moved from being a luxury item of the nobility to standard issue for soldiers to a mass produced commodity and source of intensive corporate competition Along the way readers meet the many colorful characters often eccentric geniuses who devoted themselves to pistol development **The New Weapons of the World**

Encyclopedia Diagram Group, 2007-08-21 This guide covers the entire history of weapons from the earliest most primitive instruments up to remarkable advances in modern defense and warfare Comprehensively illustrated with diagrams charts photographs and much more The Illustrated Encyclopedia of Small Arms Rupert Matthews, 2014-10-01 This comprehensive fully illustrated reference volume covers the evolution of small arms from primitive spears to portable rocket launchers The Illustrated Encyclopedia of Small Arms details more than 1 000 weapons complete with full color photographs Featuring arms from around the world and across history this stunning guide highlights the intricacies that make each variety unique tying in historical anecdotes as well as the history of certain brands Revealing fascinating insights and historical episodes such as the inspiration for Samuel L Colt s revolvers or the lozenge case gun used by Italian spies during World War II this is an ideal resource for historians as well as fire arms enthusiasts The volume is lushly illustrated with detailed photographs many of which are published here for the first time Matthew Eberz, 2008-05-01 Major Sam Call now retired from the Army has joined LNMB Investigations owned by his friend David Lytle David was instrumental in helping Sam uncover the identity of an escaped German POW solve a war crime that had remained hidden for 45 years and also bring home a soldier missing since 1945 IdentityPoint a public records company is a major player in the relatively new world of computerized public records providing the government and private companies with reports on an individual s data data which revealed everything from the person s birth to their death and everything in between One corporate officer believes others in IdentityPoint have been illegally benefiting from a string of acquisitions and hires LNMB to go undercover to seek the financial data to prove her suspicions Along with David s long time associate Bob a small unassuming but extremely resourceful man Sam is immersed in a mesmerizing world of data and computers and quickly discovers the immense power

the company and the data have over the lives of typical citizens While using the company s powerful reporting tools Sam unknowingly alerts the F B I and Sam once again finds himself the target of those who would wish to silence anything Sam has to say as well as silencing Sam permanently Set in Georgia British Virgin Islands and Washington D C Very Public Data explores the world of public records secret organizations world of personal identity systems and those that build them and those who abuse them Very Public Data unveils both the positive and negative power of public data and while this is a tale of corruption murder and deception it is also a celebration of the love of a man and a woman the unbreakable bond of soldiers and the undying strength that honor brings to the human spirit **The World's Most Powerful Tanks** Michael E.

Haskew,2016-12-15 The World s Most Powerful Tanks is an expert examination of the most successful tanks of the past hundred years Beginning with the prototype Mark V Male in 1917 the book features 52 of the best armored fighting vehicles from World War I World War II through the Cold War to today Each entry is examined over two spreads and includes a brief description of the tank s development and history a color profile artwork photographs key features and specifications tables Packed with more than 200 artworks and photographs The World s Most Powerful Tanks is a colorful guide for the military historian and military technology enthusiast **The World Encyclopedia of Pistols, Revolvers and Submachine Guns**

V. Hogg,John Weeks,1992 A comprehensive illustrated encyclopedia of the world s pistols and revolvers from 1870 to the present day **Bookseller and the Stationery Trades' Journal** ,1978 **National Union Catalog, 1982** ,1983 **The Complete Encyclopaedia of Arms & Weapons** Leonid Tarassuk,Claude Blair,1982 **National Union Catalog** ,1983

Naval Aviation News ,1988-05 **Instruments of War** Spencer C. Tucker,2015-07-28 This highly detailed and well illustrated single volume work documents the evolution of warfare across history through weaponry and technological change In war the weapons and technologies employed have direct effects on how battles are waged When new weapons are introduced they can dramatically alter the outcomes of warfare and consequently change the course of history itself This reference work provides a fascinating overview of the major weapon systems and military technologies that have had a major impact on world history Addressing weapons as crude as the club used by primitive man to the high tech weapons of today such as unmanned drones Instruments of War Weapons and Technologies That Have Changed History offers nearly 270 profusely illustrated entries that examine the key roles played by specific weapons and identify their success and failures The book begins with an introductory essay that frames the subject matter of the work and discusses the history of weapons as a

whole The text is concise and accessible to general readers without extensive backgrounds in military history yet provides the detailed information necessary to convey the complexity of the evolution of warfare through technological change
