Green, 1993 In this culmination of his half century of involvement with American workers and their traditions Archie Green  
explores occupational expression stories songs customs beliefs artifacts on the job and in institutions such as trade unions  
Combining ethnographic description with analysis drawn from folklore history literary criticism art history linguistics and  
philosophy Green presents ten case studies in which he reflects on single words as social texts Wobbly fink and clustered  
words within anecdotes tales and ballads John Henry Homestead s strike songs job yarns about cuckoldry and sexual  
impotence and pile driving traditions for example Drawing on Green s own experience as a shipwright and carpenter the  
book will appeal both to workers curious about their history and traditions and to academicians who study the workforce and  
labor process      *Nation and Province in the First British Empire* Eighteenth-Century Scottish Studies Society, John Carter  
Brown Library, 2001 For more than four decades historians have devoted ever increasing attention to the affinities that linked  
Scotland with the American colonies in the eighteenth century This volume moves beyond earlier discussions in two ways For  
one the geographical coverage of the papers extends beyond the territories that became the United States to include what  
became Canada The Caribbean and even Africa For another the volume attends not only those areas in which Scotland was  
closely linked to the Americas but also to those where it was not      *Supreme Court 872*, 1916      *Selected Letters of Robert*  
*Penn Warren* Robert Penn Warren, 2001-03-01 At the beginning of 1935 Robert Penn Warren was destined for arguably the  
most crucial period in his distinguished career Having escaped the brink of unemployment the previous fall to join fellow  
Vanderbilt alumnus and Rhodes scholar Cleanth Brooks on the English faculty at Louisiana State University which was  
enjoying a boom thanks to the favoritism shown by the Long regime the young author was poised to establish himself against  
the backdrop of the Great Depression and America s belated entry into World War II as a compelling new voice perhaps the  
most versatile writer of his generation Continuing where Volume One of the Selected Letters left off the missives from his  
Baton Rouge years show Warren exploring and testing the boundaries of his genius on a number of simultaneous fronts  
Editing the Southern Review with Brooks was the center of his working life and it offered him an almost immediate  
springboard to prominence on both sides of the Atlantic Warren was determined to establish and maintain the stature of the  
quarterly even as he systematically nurtured the talent of a younger generation of writers that included Eudora Welty  
Randall Jarrell Peter Taylor and John Berryman He attended to his own writing as well and not only emerged as a celebrated

poet but also published his first major fiction During the same period he and Brooks drew directly upon their classroom challenges to design and launch a series of textbooks that gradually transformed the teaching of poetry and fiction in American colleges and universities What any number of commentators have called Warren s protean energy is in full evidence in these letters The range and sheer diversity of his correspondence whether with old friends established literary figures hopeful young writers his beloved wife Cinina recalcitrant academic administrators or sometimes troublesome publishers reveal an extraordinarily keen mind and heightened imagination operating in concert with optimum efficiency

Scrupulously edited and thoroughly annotated by William Bedford Clark with an eye toward the needs of the lay reader as well as the specialist Warren s letters have the immediacy of skillful autobiography     *Architectural Record* ,1927     *Book Talk* ,1994     **Dictionary Catalog of the Rare Book Division** New York Public Library.
