Women, Making, and Everyday Value in Contemporary Installation Art Elyse Speaks,2025-05-15 What can art offer as it extends beyond aesthetic categories and their boundaries Examining the work of three major American contemporary artists Jessica Stockholder Liza Lou and Sarah Sze this book explores their installation specific practice in rich detail connecting it to wider issues surrounding feminist art everyday objects DIY spaces and practice in the 1990s and broader contemporary period Feminist art practice has long invested in the shape routines and materials of everyday life but the 1990s saw a significant return of handwork and process driven practice within installation art This book highlights the capacity for artwork to promote alternate categories of aesthetic experience through investigations of inventive and alternative materials and processes By looking across these artists contrasting practices and approaches to intermediality the book shows how their work makes connections between the mundane and surprising the banal and transformed and the real and imaginary Richly illustrated and drawing on interviews with Stockholder Lou and Sze each chapter presents a case study for how these artists have questioned the aesthetics of the everyday through their provocative use of everyday objects craft materials and making techniques Each artwork is situated within broader issues surrounding materiality and contemporary art and each artist examined in relation to their contemporaries including Abraham Cruzvillegas Haegue Yang Rachel Harrison Thomas Hirschhorn Cady Noland Gabriel Orozco Rikrit Tiravanija and Do Ho Suh What emerges is a new understanding of aesthetic and material value and the legacy of experimental forms of artistic production **Appalachia** ,1991 **The Return of Religious Antisemitism?** Gunther Jikeli,2021-02-17 The most violent American and European anti Semites in the 21st century including not only Jihadists but also white and black supremacist terrorist made some reference to religion in their hatred of Jews This is surprising Religious antisemitism is often seen as a relic of the past It is more associated with pre modern societies where the role of religion was central to social and political order However at the end of the 19th century animosity against Judaism gave way to nationalistic and racist motives People such as Wilhelm Marr called themselves anti Semites to distinguish themselves from those who despised Jews for religious reasons Since then antisemitism has gone through many mutations However today it is not only the actions of extremely violent anti Semites who might be an indication that religious antisemitism has come back in new forms Some churches have been accused of disseminating antisemitic arguments related to ideas of replacement theology in modernized forms and applied to the Jewish State Others from the populist nationalist right seem to use Christianity as an identity marker and thus exclude Jews and Muslims from the nation Do religious motifs play a significant role in the resurgence of antisemitism in the 21st century

China, the US and the Power-Transition Theory Steve Chan, 2007-09-12 This volume analyzes the extent of ongoing power shifts among the leading powers exploring the portents for their future growth and seeking indicators of their relative commitment to the existing international order **Congressional Record** United States. Congress, 1991 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 Global Governance and Democracy Jan Wouters, Antoon Braeckman, Matthias Lievens, Emilie Bécault, 2015-09-25 Globalization needs effective global governance The important question of whether this governance can also become democratic is however the subject of a political and academic debate that began only recently This multidisciplinary book aims to move this conversation forward by drawing insights from international relations political theory international law and international political economy Focusing on global environmental economic security and human rights governance it sheds new light on the democratic deficit of existing global governance structures and proposes a number of tools to overcome it **Amending the Occupational Safety and Health Act of 1970** United States. Congress. House. Committee on Education and the Workforce, 1998 **When the State Winks** Michal Kravel-Tovi, 2017-09-05 Religious conversion is often associated with ideals of religious sincerity But in a society in which religious belonging is entangled with ethnonational citizenship and confers political privilege a convert might well have multilayered motives Over the last two decades mass non Jewish immigration to Israel especially from the former Soviet Union has sparked heated debates over the Jewish state's conversion policy and intensified suspicion of converts sincerity When the State Winks carefully traces the performance of state endorsed Orthodox conversion to highlight the collaborative labor that goes into the making of the Israeli state and its Jewish citizens In a rich ethnographic narrative based on fieldwork in conversion schools rabbinic courts and ritual bathhouses Michal Kravel Tovi follows conversion candidates mostly secular young women from a former Soviet background and state conversion agents mostly religious Zionists caught between the contradictory demands of their nationalist and religious commitments She complicates the popular perception that conversion is a wink wink relationship in which both sides agree to treat the converts' pretenses of observance as real Instead she demonstrates how their interdependent performances blur any clear boundary between sincere and empty conversions Alongside detailed ethnography When the State Winks develops new ways to think about the complex connection between religious conversion and the nation state Kravel Tovi emphasizes how state power and morality is managed through winking the subtle exchanges and performances that animate everyday institutional encounters between state and citizen In a country marked by tension between official religiosity and a predominantly secular Jewish population winking permits the state to save its Jewish face The Educational Service Agency E.
