My Father's Name Lawrence P. Jackson,2020-03-04 An African American studies scholar traces his family lineage to a Black Virginia neighborhood in the era of Reconstruction in this historical memoir As an expectant father Lawrence P Jackson decides to go looking for his late grandfather s home in Pittsylvania County Virginia an old house by the railroad tracks in Blairs Armed with nothing but childhood memories his journey evolves into a kind of detective story as he uncovers his ancestral history through the turmoil and torment of the 19th century South After asking around in Pittsylvania County Jackson finds himself in the house of distant relations He becomes increasingly absorbed by the search for his ancestors and soon realizes how few generations an African American needs to map in order to arrive at slavery the door of no return Ultimately Jackson s dogged research leads him to his grandfather s grandfather a man who was born or sold into slavery but who when Federal troops abandoned the South in 1877 was able to buy forty acres of land In this intimate study of a black Virginia family and neighborhood Jackson vividly reconstructs moments in the lives of his father s grandfather Edward Jackson and great grandfather Granville Hundley and gives life to revealing narratives of Pittsylvania County recalling both the horror of slavery and the later struggles of postbellum freedom *The Color Factor* Howard Bodenhorn,2015-05-01 Despite the many advances that the United States has made in racial equality over the past half century numerous events within the past several years have proven prejudice to be alive and well in modern day America In one such example Governor Nikki Haley of South Carolina dismissed one of her principal advisors in 2013 when his membership in the ultra conservative Council of Conservative Citizens CCC came to light According to the Southern Poverty Law Center in 2001 the CCC website included a message that read God is the one who divided mankind into different races Mixing the races is rebelliousness against God This episode reveals America s continuing struggle with race racial integration and race mixing a problem that has plagued the United States since its earliest days as a nation *The Color Factor* *The Economics of African American Well Being in the Nineteenth Century South* demonstrates that the emergent twenty first century recognition of

race mixing and the relative advantages of light skinned mixed race people represent a re emergence of one salient feature of race in America that dates to its founding Economist Howard Bodenhorn presents the first full length study of the ways in which skin color intersected with policy society and economy in the nineteenth century South With empirical and statistical rigor the investigation confirms that individuals of mixed race experienced advantages over African Americans in multiple dimensions in occupations family formation and family size wealth health and access to freedom among other criteria The Color Factor concludes that we will not really understand race until we understand how American attitudes toward race were shaped by race mixing The text is an ideal resource for students social scientists and historians and anyone hoping to gain a deeper understanding of the historical roots of modern race dynamics in America *NGS Newsletter* ,1995 *Appletons' Annual Cyclopedia and Register of Important Events* ,1891 *Appletons' annual Cyclopædia and Register of Important Events ...* ,1891 **Guide to the Personal Papers Collections at the Library of Virginia** Library of Virginia,2008
