Giuseppe Mazzini, 1865 **The life of pope Pius ix** Alexius J F. Mills, 1877 **The Life of Pope Pius IX** John Shea LL.D., 2017-05-21 Blessed Pope Pius IX 13 May 1792 7 February 1878 born Giovanni Maria Mastai Ferretti was the longest reigning elected Pope in the history of the Catholic Church serving from 16 June 1846 until his death a period of nearly 32 years During his pontificate he convened the First Vatican Council in 1869 which decreed papal infallibility The Pope defined the dogma of the Immaculate Conception of the Blessed Virgin Mary meaning that Mary was conceived without original sin Pius IX also granted the Marian title of Our Mother of Perpetual Help a famous Byzantine icon from Crete entrusted to the Redemptorist priests In addition to this Pius IX was also the last Pope to rule as the Sovereign of the Papal States which fell completely to Italian nationalist armies by 1870 and were incorporated into the Kingdom of Italy Pius IX was also the first Pope to visit the United States He was beatified in 2000 [Speeches of Pope Pius IX](#) William Ewart Gladstone, 2024-03-09 Reprint of the original first published in 1875 *The Life of Pope Pius IX and the Great Events in the History of the Church During His Pontificate* John Gilmary Shea, 2018 [The Syllabus of Errors Condemned by Pope Pius IX](#) Pope Pius IX, The Syllabus of Errors Condemned by Pius IX is a collection of 80 propositions that were deemed erroneous by the Catholic Church during the pontificate of Pope Pius IX This document published in 1864 addresses various philosophical political and religious ideas that the Church considered contrary to its teachings It serves as a historical record of the Church s stance on important issues of the time providing valuable insights into the religious and intellectual climate of the 19th century

Personal Reminiscences of Pope Pius IX. John F. Cassidy, 1880 [The Life of Pope Pius IX](#) John Rose Greene Hassard, 1878 **A Life of Pope Pius IX** John R. G. Hassard, Brother Hermenegild Tosf, 2013-11 BEING more anxious to show the spirit of the late pontificate than to write a full catalogue of its achievements I have passed lightly over all but the greater incidents in this history of a quarter of a century of battles Perhaps a rapid story may be acceptable to many Catholic readers who find fuller biographies too long and too costly NEVER since the days of Hildebrand has the Church seen so

remarkable a pontificate as that which has just closed The long reign of Pius IX far exceeding in duration that of any of his predecessors and surpassing even the traditional years of Peter which a popular prediction declared that no pope should ever see was crowded with momentous political events involving the most important changes in the condition of a large part of the civilized world and in nearly all these changes the Sovereign Pontiff was the central figure Ideas which were just beginning to ripen into action at the time of his birth became the ruling force of Europe before the close of his career The ancient society of Christian nations was broken up Christendom as a political entity ceased to exist A new order of civilization founded on new principles took its place In all these vicissitudes the Roman See was the one institution which suffered no change Time and time again has it seemed to be the pivot around which moved the revolutions of a world And the part of Pius IX in this turmoil of transformation was no less strange than eventful The early years of his pontificate showed that there was no reasonable liberty of which the Church might not be the protectur anti for a few weeks the whole world sang hymns of praise to the Pope who had proved the compatibility of the authority of Rome with political freedom and her sympathy with all noble and patriotic aspirations Yet the World and the Church were soon in conflict though the Pope never changed Empires and republics rose and fell Princes turned democrats Democrats assumed the crown Kingdoms were blotted off the map Nations sprang into life The Church was stripped of all her temporal possessions Governments which had been her stanchest supporters suddenly become her foes And in the midst of this hurry of revolutions political social and religious the Papacy alone retained its stability The world beat against it and beat in vain When it was deemed friendless it was strongest When it had no help except the unseen hand of Heaven it was most formidable in the unity of its episcopate the affection of its children scattered far and wide over the earth the clearness of its teachings and the quick and full assent which all Catholics yielded to the authoritative voice that spoke to them from the Vatican There is perhaps hardly any pontiff says Cardinal Manning who has governed the Church with more frequent exercises of supreme authority than Pius IX
