PL8SPK Daniel Nussbaum,1993-10-22 A unique and sassy retelling of classic tales using only the language of vanity license plates This first edition with a metal cover is a one of a kind collector s item Photos **Alphamaniacs** Paul Fleischman,2020-04-14 Are you a word person A curiosity seeker An explorer Take a look at these twenty six extraordinary individuals for whom love of language is an extreme sport Step right up and read the genuine stories of writers so intoxicated by the shapes and sound of language that they collected dissected and constructed verbal wonders of the most extraordinary kind Jean Dominique Bauby wrote his memoirs by blinking his left eyelid unable to move the rest of his body Frederic Cassidy was obsessed with the language of place and after posing hundreds of questions to folks all over the United States amassed among other things 176 words for dust bunnies Georges Perec wrote a novel without using the letter e so well that at least one reviewer didn t notice its absence then followed with a novella in which e was the only vowel A love letter to all those who love words language writing writers and stories Alphamaniacs is a stunningly illustrated collection of mini biographies about the most daring and peculiar of writers and their audacious courageous temerarious way with words **A Brief Guide to the Greek Myths** Stephen P. Kershaw,2013-02-07 The book leads the reader through these vibrant stories from the origins of the gods through to the homecomings of the Trojan heroes All the familiar narratives are here along with some less familiar characters and motifs In addition to the tales the book explains key issues arising from the narratives and discusses the myths and their wider relevance This long overdue book crystallises three key areas of interest the nature of the tales the stories themselves and how they have and might be interpreted For the first time it brings together aspects of Greek mythology only usually available in disparate forms namely children s books and academic works There will be much here that is interesting surprising and strange as well as familiar Experts and non experts adults students and schoolchildren alike will gain entertainment and insight from this fascinating and important volume **Oedipus** Lowell Edmunds,2006-11-22 An indispensable guide to the myth of Oedipus this book is the first to analyze its long and varied history from ancient times to the modern day and presented with an authoritative survey that considers Oedipus in art and music as well as in literature Lowell Edmunds accepts this variation as the driving force in its longevity and popularity Refraining from seeking for an original form of the myth Edmunds relates the changes in content in the myth to changes in meaning eschewing the notion that one particular version can be set as standard *The New York Times Magazine* ,1994-05
