Place Names Of Westchester County New York:

The Place Names of Westchester County, New York Richard M. Lederer, 1978 **Mount Pleasant** George Waterbury, Claudine Waterbury, Bert Ruiz, 2009 Mount Pleasant has deep American roots going back to the Revolutionary War when local tenant farmers filled the ranks of General Washington's Continental army. For years travel to New York City was difficult until the arrival of the railroad in 1846 allowed easy transportation to lower Manhattan. In 1893 John D. Rockefeller Sr. began buying land in Pocantico and built his classic Georgian mansion. The massive Kensico Dam in Valhalla was completed in 1917 to satisfy the growing thirst of New York City. In 1927 Rose Hawthorne, the daughter of writer Nathaniel Hawthorne, completed the Rosary Hill Home to care for the unfortunate. The following year Dewitt Wallace and his wife Lila moved to Pleasantville to launch the production of Reader's Digest. Through photographs Mount Pleasant remembers these historic moments. *Encyclopedia of Place Names in the United States* Henry Gannett, 2017-08-24 Place names in the United States are often taken from the European nation that first colonized the land. Many names that have been transferred from Britain, as is the case with Barnstable, Massachusetts, and Danbury, Connecticut. Many others are of French origin, such as Detroit, Michigan, which was established along the banks of the river they called le d'troit du lac ri, meaning the strait of Lake Erie. Many in the former New Netherland colony are of Dutch origin, such as Harlem, Brooklyn, and Rhode Island. Many place names are taken from the languages of native peoples. Specific personal or animal names and general words or phrases are used, sometimes translated and sometimes not. However, complicated the tracing back of the place names was, this encyclopedia lists thousands and thousands of place names in the United States of America and provides valuable information as to the origin and the history of the name. A fantastic reference work for everyone interested in American history. **The Origin of Certain Place Names in the United States** Henry Gannett, 1905 **The Origin of Certain Place Names in the United States** Henry Gannett, 1973 [Downstate New York Rock Walks](#) C. Russell Dunn, 2023-11-01 Downstate New York Rock Walks is both a hiking guidebook and a history book calling attention to some of downstate New York's most spectacular and historic rocks: balanced rocks, perched rocks, rock shelters, talus caves, glacial potholes, split rocks, rock profiles, historic rocks, and massive larger-than-life boulders. Many large glacial erratics have a history going back thousands of years to when they were moved to their present location by advancing glaciers. Many served as points of navigational reference at a time when the landscape was featureless and heavily forested, and still others were ceremonial sites for Native Americans. Rock shelters and talus caves have also been used for thousands of years by Native Americans and Europeans seeking refuge from the elements. It is important that these amazing natural wonders of stone be remembered and recorded before they are lost to collective memory or destroyed by the encroachment of civilization. Providing precise GPS location information along with length and degree of difficulty for each hike, Downstate New York Rock Walks will appeal to casual hikers, serious rock explorers, historians, geologists, and anyone wishing to explore some of
