Higher Education, Place, and Career Development Rosie Alexander, 2024-11-21 Drawing connections between the findings of a research project following young graduates from the Scottish islands of Orkney and Shetland current international evidence and theoretical literature this book argues that understanding rural and island student transitions can expose the wider

dynamics of place and mobility at play during student and early career experiences Highlighting the importance of a career perspective Rosie Alexander encourages readers to consider how career pathways develop across time and across transition points unsettling the notion of a straightforward transition through university into the workplace The book uncovers how student trajectories are developed through interweaving dynamics of relationships place and career routes and unpacks the implications for policymakers and practitioners It contends that a much greater spatial awareness is necessary to understand and support the educational and career pathways of higher education students This is a crucial read for higher education researchers policymakers and students interested in rurality as well as access to and transition from higher education

Place To Belong Joan Lowery Nixon,1993 *Belonging* bell hooks,2008-11 What does it mean to call a place home Who is allowed to become a member of a community When can we say that we truly belong These are some of the questions of place and belonging that renowned cultural critic bell hooks examines in her new book *Belonging A Culture of Place* Traversing past and present *Belonging* charts a cyclical journey in which hooks moves from place to place from country to city and back again only to end where she began her old Kentucky home hooks has written provocatively about race gender and class and in this book she turns her attention to focus on issues of land and land ownership Reflecting on the fact that 90% of all black people lived in the agrarian South before mass migration to northern cities in the early 1900s she writes about black farmers about black folks who have been committed both in the past and in the present to local food production to being organic and to finding solace in nature Naturally it would be impossible to contemplate these issues without thinking about the politics of race and class Reflecting on the racism that continues to find expression in the world of real estate she writes about segregation in housing and economic racialized zoning In these critical essays hooks finds surprising connections that link of the environment and sustainability to the politics of race and class that reach far beyond Kentucky With characteristic insight and honesty *Belonging* offers a remarkable vision of a world where all people wherever they may call home can live fully and well where everyone can belong *Where We Belong To* Christian Scheinpflug,2011-08-11 Essay from the year 2011 in the subject Politics Topic Globalization Political Economics grade 2 0 The Open University language English abstract Material objects are important for peoples sense of belonging This paper explores with the help of real world examples on how important exactly The sense of belonging is to be established in relation to place and community In the course of the essay it also will become clear that it is not always easy to distinguish between territory as spatial entity and territory in a metaphysical community based sense Compassionate Leadership for School Belonging Kathryn Riley,2022-04-04 In *Compassionate Leadership for School Belonging* Kathryn Riley draws on 40 years of international research and professional practice to show how schools can be places of safety and fulfilment even in the most difficult of circumstances When belonging is a school s guiding principle more young people at all levels experience a sense of connectedness and friendship perform better academically and come to believe in themselves their teachers feel more

professionally fulfilled their families more accepted The originality of this highly readable book lies in its scope It offers international analysis from the OECD alongside insights from the author s extensive research in schools powerfully supported by observational vignettes and drawings from the children young people and teachers who have been her co researchers The book reveals patterns of dislocation disaffection and exclusion and highlights the points of intervention in policy and practice needed across school systems to create the conditions for school belonging The methodologies concepts and research tools offered can be used by practitioners and researchers in their own contexts and to guide school leaders towards creating their own places of belonging This is an urgent book of hope offering knowledge so that schools can open up possibilities to all children and young people in an increasingly uncertain world Mobilities of Self and Place Mahni Dugan,2019-11-16 When it comes to migration there is no level playing field Some people are privileged advantaged and supported and others are marginalised persecuted and traumatised The extension of the rights and equalities for which many people advocate and provision of other extrinsic conditions are insufficient for wellbeing This work asks what is sufficient What is it that people do and can do to change their experience from suffering to wellbeing when handling challenges of migration and other mobilities What helps people when they are migrating What have migrants experienced and learned that could be useful to others facing challenges of mobility and change How can this learning be applied to promote greater social wellbeing and care of environments in an increasingly mobile world Mobilities of Self and Place documents rich conversations with regular migrants and refugees to critically consider migration history human rights place self and mobilities studies The work explores ontological and epistemological questions of sense of self sense of place identity and agency Mahni Dugan helps us understand how the relationship between sense of place and sense of self affects the ability of migrants to relocate with wellbeing The movement from global to local social to personal intellectual to experiential offers a broad societal understanding of the phenomena and challenges of contemporary mobilities The Russian-speaking Populations in the Post-Soviet Space Ammon Cheskin,Angela Kachuyevski,2021-05-13 In the wake of Russia s annexation of Crimea this volume examines the relationship Russia has with its so called compatriots abroad Based on research from Belarus Estonia Kazakhstan Latvia and Ukraine the authors examine complex relationships between these individuals their home states and the Russian Federation Russia stands out globally as a leading sponsor of kin state nationalism vociferously claiming to defend the interests of its so called diaspora especially the tens of millions of ethnic Russians and Russian speakers who reside in the countries that were once part of the Soviet Union However this volume shifts focus away from the assertive diaspora politics of the Russian state towards the actual groups of Russian speakers in the post Soviet space themselves In a series of empirically grounded studies the authors examine complex relationships between Russians their home states and the Russian Federation Using evidence from Belarus Estonia Kazakhstan Latvia and Ukraine the findings demonstrate multifaceted levels of belonging and estrangement with spaces associated with Russia and the new independent states in

which Russian speakers live By focusing on language media politics identity and quotidian interactions this collection provides a wealth of material to help understand contemporary kin state policies and their impact on group identities and behaviour The chapters in this book were originally published as a special issue of Europe Asia Studies
