Place For Noah:

Noah's Curse Stephen R. Haynes, 2002-03-28 In Noah's Curse Stephen Haynes explores the historical context of slavery. The author identifies the manner in which the great and good interpreted the story in Genesis to provide free labour and a scriptural justification for the Black Holocaust.

A Worldview Approach to Science and Scripture Carol Hill, 2019-11-19 Geologist Carol Hill examines how numerous apparent conflicts between Scripture and science can be resolved by understanding the ancient worldview of the scriptural authors and how it differs from our modern scientific worldview. This framework opens the door to clearing up longstanding questions such as: Are the Genesis patriarchs' ages real numbers? Are the days of creation actual 24-hour days? Where was the Garden of Eden located? Was Noah's flood global or local? Were Adam and Eve real people? Is evolution a belief or a fact? With photographs and diagrams throughout, Hill explores the meaning of the relevant biblical passages, the scientific data, and how the worldview approach addresses seeming contradictions. Anyone who has wrestled with these questions will find *A Worldview Approach to Science and Scripture* to be an invaluable resource for understanding the interplay between faith and the world. Carol Hill takes both Scripture and science seriously, affirming the inspiration of the Bible and the evidence for biological evolution.

Deborah Haarsma, President of BioLogos: This is one of the best one-volume works on the creation-evolution dialogue in print.

Kenneth Keathley, Southeastern Baptist Theological Seminary: Carol Hill's worldview approach brings the reader face-to-face with archeological, biblical, and scientific data that enable one to gain a new appreciation for what the Bible is trying to teach. This approach is a very helpful tool.

Fast of the Family Tree Bryonna Dyer, 2022-10-19 *Fast of the Family Tree* By Bryonna Dyer. Four of the highest-powered families around the world are in conflict: the Sylvesters, arctic investors in the highest-paying armory dealership; the Mallicks, universal hackers and programmers; almost impossible to find; the Yeungs, Chinese scientists obsessed with reaching outside the limits of the human brain and body; and taking any measure necessary to achieve their goal. And the Fastos, though small in number, are the most lethal weapon of FAST Factotum Agency of Solidified Trust. Rivals for power and control, the Yeung family succeeds to manufacture an underground corporation of the new beginning for mankind. A stronger, faster, more fearless race of weapons in war. One that could overthrow humanity as a whole. Ten-year-old Raven Sylvester, born and raised from the Sylvester family line, meets Silica Fast, a mysterious woman who devotes her life to protect her. Never seen without a gun in hand, Raven soon learns Silica is not only an underground agent but family, and maybe the only chance they have at uniting the four power families and ending the reign of the Yeung family. Name: Family is not defined by blood or position. It is by whom you love and who loves you. The loyalty, sense of security, and trust people develop with one another.
