Place Of My Own:

A Place of My Own Michael Pollan, 2008-12-30 A glorious piece of prose Pollan leads readers on his adventure with humor and grace Chicago Tribune A captivating personal inquiry into the art of architecture the craft of building and the meaning of modern work A room of one's own Is there anybody who hasn't at one time or another wished for such a place hasn't turned those soft words over until they'd assumed a habitable shape When Michael Pollan decided to plant a garden the result was the acclaimed bestseller *Second Nature* In *A Place of My Own* he turns his sharp insight to the craft of building as he recounts the process of designing and constructing a small one room structure on his rural Connecticut property a place in which he hoped to read write and daydream built with his own two unhandy hands Michael Pollan's unmatched ability to draw lines of connection between our everyday experiences whether eating gardening or building and the natural world has been the basis for the popular success of his many works of nonfiction including the genre defining bestsellers *The Omnivore's Dilemma* and *In Defense of Food* With this updated edition of his earlier book *A Place of My Own* readers can revisit the inspired intelligent and often hilarious story of Pollan's realization of a room of his own a small wooden hut his shelter for daydreams built with his admittedly unhandy hands Inspired by both Thoreau and Mr Blandings *A Place of My Own* not only works to convey the history and meaning of all human building it also marks the connections between our bodies our minds and the natural world

A Place of My Own Michael Pollan, 1999-05-11 A room of one's own is there anybody who hasn't at one time or another wished for such a place hasn't turned those soft words over until they'd assumed a habitable shape When writer Michael Pollan decided to plant a garden the result was an award winning treatise on the borders between nature and contemporary life the acclaimed bestseller *Second Nature* Now Pollan turns his sharp insight to the craft of building as he recounts the process of designing and constructing a small one room structure on his rural Connecticut property a place in which he hoped to read write and daydream built with his two own unhandy hands Invoking the titans of architecture literature and philosophy from Vitruvius to Thoreau from the Chinese masters of feng shui to the revolutionary Frank Lloyd Wright Pollan brilliantly chronicles a realm of blueprints joints and trusses as he peers into the ephemeral nature of houseness itself From the spark of an idea to the search for a perfect site to the raising of a ridgepole Pollan revels in the infinitely detailed complex process of creating a finished structure At once superbly written informative and enormously entertaining *A Place of My Own* is for anyone who has ever wondered how the walls around us take shape and how we might shape them ourselves *A Place of My Own* recounts his two and a half year journey of discovery in an absorbing narrative that deftly weaves the day to day work of design and building from siting to blueprint from the pouring of foundations to finish carpentry with reflections on everything from the power of place to shape our lives to the question of what constitutes real work in a technological society A book about craft that is itself beautifully crafted linking the world of the body and material things with the realm of mind heart and spirit *A Place of My Own* has received extraordinary praise

International Handbook of Inter-religious Education Kath Engebretson, Marian de Souza, Gloria Durka, Liam Gearon, 2010-08-17 This Handbook is based on the conviction of its editors and contributing authors that understanding and acceptance of as well as collaboration between religions has essential educational value The development of this Handbook rests on the further assumption that interreligious education has an important role in elucidating the global demand for human rights justice and peace Interreligious education reveals that the creeds and holy

books of the world's religions teach about spiritual systems that reject violence and the individualistic pursuit of economic and political gain and call their followers to compassion for every human being. It also seeks to lead students to an awareness that the followers of religions across the world need to be and to grow in dialogical relationships of respect and understanding. An essential aim of interreligious education is the promotion of understanding and engagement between people of different religions and therefore it has great potential to contribute to the common good of the global community. Interreligious education has grown from the interfaith movement whose beginning is usually identified with the World Parliament of Religions held in Chicago in 1893. This was the first time in history that leaders of the eastern and western religions had come together for dialogue and to consider working together for global unity. *The Grandmothers* Doris Lessing, 2009-10-13

Shocking intimate often uncomfortably honest these stories reaffirm Doris Lessing's unequalled ability to capture the truth of the human condition. In the title novel two friends fall in love with each other's teenage sons and these passions last for years until the women end them vowing a respectable old age. In *Victoria* and the Staveney's a young woman gives birth to a child of mixed race and struggles with feelings of estrangement as her daughter gets drawn into a world of white privilege. *The Reason for It* traces the birth, faltering and decline of an ancient culture with enlightening modern resonances. *A Love Child* features a World War II soldier who believes he has fathered a love child during a fleeting wartime romance and cannot be convinced otherwise. *Educational Foundations*, 1900 *All the Year Round*, 1860 *The Complete Writings of Nathaniel Hawthorne* Nathaniel Hawthorne, 1900
