Plague A Novel About Healing:

Plague Toby Johnson, Edwin Clark Johnson, 1987 *The Fourth Quill* Edwin Clark Johnson, Toby Johnson, 2012 What if you learned that the AIDS virus was the result of bioweapons research gone bad and that somebody knew and was hiding the truth What if there s a cure Could you trust your source of information Could you trust your own perceptions Could you act on such information And what would you do This is the situation that San Francisco AIDS counsellor Jonathan Stiers finds himself enmeshed in in this wisdom tinged thriller novel by gay spiritual writer student of Joseph Campbell and former editor of White Crane Journal Toby Johnson Originally published in 1987 when AIDS was still a mystery disease successful treatments had not been developed and spiritual attitudinal healing of soul if not of body was the only hope this novel with its explanations of healing and presentation of wisdom from A Course in Miracles and The Lazy Man s Guide to Enlightenment was originally titled *Plague A Novel about Healing* Twenty five years later the novel s quandary about the nature of evil and its message of hopeful acceptance and love of life are still relevant perhaps even more so The story of the fourth quill comes from an Indian tale about a previous incarnation of the Buddha who discovers the treasure of the ages and it s not what he d expected Johnson retells the tale and derives a meaningful and life affirming attitude that transcends the specific issues of AIDS in the 1980s *The Fourth Quill* recasts the story into a parallel universe with a surprising and happy ending where Jon Stiers really can wonder if he has brought about the cure of AIDS Woven through the hero adventure plot is a lovely and heartwarming romance with an unexpected twist A little modern scientific and sensible and a little mystical *The Fourth Quill* exemplifies Toby Johnson s style of dramatizing gay spirit through storytelling and speculative fiction This is a parallel universe readers will likely remember and come back to **AIDS Narratives** Steven F. Kruger, 2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and sexuality such as the construction of AIDS as a disease of gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual s bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it AIDS and Accusation Paul Farmer, 2006-05-03 Does the scientific theory that HIV came to North America from Haiti stem from underlying attitudes of racism and ethnocentrism in the United States rather than from hard evidence Paul Farmer answers with this ethnographic study of AIDS in a poor society **Telling Time** Lisa

Frieden,2020-06-01 Telling Time is a scholarly book that explores how novelists wrote about AIDS during the first decade of the epidemic when HIV and AIDS were considered death sentences and most often associated with homosexuality and the gay community The book explores the different narrative strategies used by novelists to represent the temporality of AIDS looking at Paul Reed s Facing It a Novel of AIDS David Feinberg s Eighty Sixed and Spontaneous Combustion and Paul Monette s Afterlife and Halfway Home and how a few novels did manage to resist the apocalyptic dominant rhetoric of AIDS The book also discusses the difficulties of publishing AIDS novels by people of color and such writers as E Lynn Harris and Steve Corbin Telling Time includes a comprehensive annotated bibliography of all American AIDS novels published from 1982 1992 as a reference guide for further reading **Women and Water in Global Fiction** Emma Staniland,2023-01-27

Symbols and tropes of liquidity have long been connected to notions of the feminine and therefore with orthodox constructions of femininity and womanhood Underpinning these ideas is the vital importance of water as life force which has given it a central place in cultural vocabularies worldwide These symbolic economies in turn inform the discourses through which positive or negative associations of women with water come to bear impact on the social positioning of female gendered identities Women and Water in Global Fiction brings together an array of studies of this phenomenon as seen in writing by and about women from around the world The literature explored in this volume works to make visible decode celebrate and challenge the cultural associations made between female gendered identities and all kinds of watery tropes as well as their consequences for key issues connected to women society and the environment The collection investigates the roots of such symbolisms examines how they inform women s place in the socio cultural orders of diverse global cultures and shows how the female authors in question use these tropes in their work as ways of re articulating female identities and their correlative roles Global Healing Karen Laura Thornber,2020-03-02

from Shakespeare's 2 Henry VI written early in the 1590s to Milton's Masque Performed at Ludlow Castle written in 1634 are patronage works either aimed at a specific patron or showing a keen awareness of the larger patronage system. This volume challenges the idea that the early modern world had shrugged off its own medieval past, instead arguing that Protestant writers in the period were actively using the medieval Catholic ideal of the saint as a means to represent contemporary systems of hierarchy and dependence. Saints had been the ideal and idealized patrons of the medieval world and remained so for early modern English recusants. As a result, their legends and iconographies provided early modern Protestant authors with the perfect tool for thinking about the urgent and complex question of who owed allegiance to whom in a rapidly changing world.

Josephus' Description of the Essenes Illustrated by the Dead Sea Scrolls Todd S. Beall, 2004-12-23 This study provides an analysis and commentary on Josephus' description of the Essenes in the light of the new material from Qumran. Models of God Sallie McFague, 1987-01-01 In this award-winning text, theologian Sallie McFague challenges Christians' usual speech about God as a kind of monarch. She probes instead three other possible metaphors for God as mother, lover, and friend.

Cassell's Encyclopedia of Queer Myth, Symbol, and Spirit Randy P. Conner, David Hatfield Sparks, Mariya Sparks, 1997 Did you know that in medieval French folklore a person might change sex by passing under a rainbow? Or that same-sex unions have been celebrated by peoples of the ancient Mediterranean, Africa, China, and Indigenous America? Or that Sappho, da Vinci, Emily Dickinson, Nijinsky, Benjamin Britten, Mishima, Adrienne Rich, Audre Lorde, Keith Haring, Boy George, and Derek Jarman number among those who have explored the spiritual dimension of gender and sexuality in their works? While the terms many of us employ today to identify ourselves—queer, lesbian, gay, bisexual, transgendered—differ markedly from those of peoples of other times and places, we are nevertheless the bearers of a rich spiritual history that has been ignored or suppressed, a history encoded in sacred texts as well as in works of art, music, dance, and other media. Drawing upon religion, mythology, folklore, anthropology, history, and the arts, the Encyclopedia is a cornucopia of queer spirituality, containing over 1,500 alphabetically arranged entries from Aakuljuusi to Zeus.

The Healing of Ryne O'Casey Scott Philip Stewart, 2004 Heartwarming character-driven novel about a boy who is terminally ill in body but not in spirit, who has faith and hope and finds charity. An acclaimed work by an emerging author set in the fictional town of Tynbee, Tennessee, a town in Appalachia that fortune forgot. Mixes lovable and quirky characters with a compelling story.

God on Earth Douglas Banister, 2010-06-23 God still walks the earth, but these days he does it through his people. Far from an impersonal institution or a closed religious club, the church is really a life-giving spiritual community, the place where God touches humanity through those who follow him. It's where God's stories are told and taught, where hope is lived out, where people are reconciled, and where God is encountered. Join in this conversation about the real life of faith, the spiritual journey that is shared with others who hunger for God. The life of faith is a team sport.

with God's people gathering to hear his voice and then going out to do the work of his kingdom on earth. If you're curious about how God shows up on earth today, then you're ready for honest dialogue about the real life of faith. It's time to take a new look at God on Earth.

Depictions of Pestilence in Literature, Media, and Art Kübra Baysal, 2023-01-24. This volume fills a gap in studies of literature, media, culture, and art by exploring depictions of contagious diseases in different genres since the dawn of humanity and compiling a history of such representations of pestilence from a post-human and environmental perspective. Indulging in humankind's struggle with calamities throughout history, the collection discusses several media that portray real or imagined futures based on past and present facts. In today's world, which is stricken with global warming and the COVID-19 pandemic, these narratives, termed plague literature, hold a crucial position in guiding humanity towards a greater ecological awareness. The book will appeal to scholars, students, organisations, and individuals who are interested in studies of literature, history, media, art, and environmental humanities.

Bleed for Me, Heal for You Nyra Crowe, A Fantasy Romance of Shared Scars. Forbidden Magic and a Love That Hurts to Touch. Liora Calwen is a gifted healer with one rule: never heal a soldier. Not after the war stole everything: her home, her mentor, and her faith in magic. But when Kael Thorne, a wounded Imperial captain cursed with a plague that burns through blood and memory, crashes into her outpost with a relic of forbidden glyphs, everything changes. Bound by a reluctant healing pact that links their pain, when one bleeds, the other aches. Liora and Kael must unravel the origin of a deadly sickness that's turning entire villages to ash. As their fragile truce deepens into something perilously close to trust, every heartbeat shared threatens to expose what they've both buried: guilt, grief, and a desire neither can afford. Their journey takes them through war-scarred ruins, dream-walked memories, and relics of ancient magic that whisper of ruin and redemption. But the cure to the spreading plague may demand a price too steep: a soul willingly sacrificed or a love confessed too late. In a world where healing can kill and love might be the deadliest spell of all, two enemies must decide what they're willing to risk: Their lives, Their magic, Or their hearts. Open this book now and embark on a magical experience like no other. Order now and enjoy.
