Plaisir De Lire:

Defying Gravity Michael Syrotinski, 1998-01-01 Defying Gravity is a major reassessment of the work of Jean Paulhan within the context of his own times as well as in the light of contemporary debates in literary theory Best known for his long serving editorship of the influential Parisian literary review La Nouvelle Revue Française Paulhan is now widely acknowledged as one of the most central yet least understood figures of twentieth century French intellectual and literary history Syrotinski's study admirably performs the dual purpose of introducing a genuinely innovative and distinctive writer to a general anglophone readership while engaging critically with his texts and their reception Syrotinski's readings of Paulhan are both original and provocative and firmly establish him as an unavoidable point of reference for twentieth century French literary history and theory
