The Quran and the Bible William F. Campbell, 1986-01-01 **Resurgent Islam and America** David Goldmann, 2010-04

Will America wake up to the threat of radical Islam in time Join Goldmann in a thoughtful analysis of Resurgent Islam's continued war against America He will explore issues such as We need to treat terrorists as soldiers in a war and not criminals The Quran says that Jews start wars and are the greatest enemies of Islam President Ahmadinejad of Iran believes the destruction of Israel will trigger the appearance of the Mahdi and that he has a personal role in bringing this to pass Both Muslims and Christians teach that Jesus is coming again They embrace varying views of his coming His extensive experience in the Muslim world his intensive study of their society and faith and his compassion for the Muslim people qualify David Goldmann to write this valuable book If you seek a better understanding of your new neighbors and of the latest news reports reading this book is the place to start WARREN W WIEERSBE author and conference speaker David Goldmann is an authentic follower of Christ with a great love for the Muslim people and a profound knowledge of Islam I have pastored for over forty years and this book has given me a better understanding than any other book on the various forms of Islam and its concept on Jihad The way David relates the challenge of Militant Islam to the end times is Biblically sound DARREL GABBARD senior pastor of Dublin Baptist Church Dublin OH DAVID GOLDMANN spent 24 years ministering among Muslims in North Africa He conducts seminars on the Challenge of Islam He has authored *Islam and The Bible Why Two Faiths Collide* Tantawi Jawhari and the Qur'an Majid Daneshgar, 2017-08-07 Shaykh an w Jawhar was an Egyptian exegete known for having produced a scientific interpretation of the Qur'an A pioneering scholar in terms of familiarising the people of his time with many previously neglected matters regarding Islam and science his publications shocked the Cairo educational system and other Muslim places of learning in the early twentieth century This book examines the intersection between an w Jawhar and Egyptian history and culture and demonstrates that his approach to science in the Qur'an was intimately connected to his social concerns Divided into three parts part one contains three chapters which each introduce different aspects of an w Jawhar himself The second part explores the main aspects of his tafsir discussing his approach to science and the Qur'an and how he presented Europeans in his tafsir and then addressing the impact of his tafsir on wider Muslim and non Muslim society The third section draws attention to the themes from all 114 suras of the Qur'an that are discussed within his commentary It then analyses the current status of his views and the post Jawharism perspective on science and the Qur'an both today and in an imaginary future in 2154 Providing new English translations of an w Jawhar's work the book delivers a comprehensive assessment of this unique figure and emphasises the distinctive nature of his reading of the Qur'an The book will be a valuable resource for anyone studying modern Egypt the Qur'an Islam and Science and scientific interpretation and inimitability

Qur'an in Christian-Muslim Dialogue Corrie Block, 2013-10-08 Offering an analysis of Christian Muslim dialogue across four centuries this book highlights those voices of ecumenical tone which have more often used the Qur'an for drawing the two faiths together rather than pushing them apart and amplifies the voice of the Qur'an itself Finding that there is tremendous ecumenical ground between Christianity and Islam in the voices of their own scholars this book ranges from a period of declining ecumenism during the first three centuries of Islam to a period of resurging ecumenism during the most recent century until now Among the ecumenical voices in the Christian Muslim dialogue this book points out that the Qur'an itself is possibly the strongest of those voices These findings are cause for and evidence of hope for the Christian Muslim relationship that although agreement may never be reached dialogue has led at times to very real mutual understanding and appreciation of the religious other Providing a tool for those pursuing understanding and mutual appreciation between the Islamic and Christian faiths this book will be of interest to scholars and students of Islam the Qur'an and the history of Christian Muslim relations **Contemporary Issues in Islam and Science** Muzaffar Iqbal, 2017-05-15 The articles

ancient cultures these disciplines were connected This work contributes to redressing the balance in the number of reference works devoted to the study of Western science and encourages awareness of cultural diversity The Encyclopaedia is the first compilation of this sort and it is testimony both to the earlier Eurocentric view of academia as well as to the widened vision of today There is nothing that crosses disciplinary and geographic boundaries dealing with both scientific and philosophical issues to the extent that this work does xi PERSONAL NOTE FROM THE EDITOR Many years ago I taught African history at a secondary school in Central Africa *What Is Jesus?* Daniel Lee,2014-02-03 It has always been said There are two things to never discuss if you want to avoid an argument Religion and Politics Guaranteed to provoke emotion WHAT IS JESUS is a straight forward and blunt summary of the Philosophical differences of the major Religious beliefs of our world *Sacred Books of the World* Ambrose J.
