Radical Islam's Rules Paul A. Marshall, 2005 A major feature of the rise of Islamism in the Middle East Asia Africa and parts of the West is the rapid growth of a starkly repressive version of Islamic shari a law often fueled by funds and support from Saudi Arabia The central purpose of Islamists including terrorists is to impose such law in all Muslim lands and then throughout the world in a new Caliphate Despite its importance this worldwide growth of extreme shari a is under documented and little understood By a comparative study over the last twenty five years of Saudi Arabia Iran Pakistan Sudan Nigeria Malaysia and Indonesia this book shows its terrible effects on human rights especially the status of women and religious freedom of Muslims as well as religious minorities and on democracy itself It also shows that such laws are a direct threat to the American interest of advancing democracy and human rights that the United States lacks a policy for dealing with the spread of extreme shari a and concludes with policy recommendations for the United States regarding specific countries confronting extreme shari a International Law and Muslim States Dawood Hamzah, 2021-08-12 This book analyses the general interaction between international law and Islamic law in the Muslim world today It interrogates factors that often form the root of the tension between the two legal regimes Literalist interpretations of Islamic law and the modern international law s disposition that does not give due consideration to differences among cultures and civilizations are some of these factors This work examines the Saudi Arabia textualist approach to the two primary sources of law in Islam the Qur an and Sunnah and argues that a liberal approach of interpretation has become sine qua non especially now that myriad issues are confronting the Muslim world generally and Saudi Arabia in particular Similarly globalization has generated an unprecedented multi culturalism legal pluralism and trans border interactions in socio economic and political relations Therefore Saudi Arabia as the bastion of Islam and Islamic nations is faced with the imperative of adopting a liberal approach

to interpretation of Islamic law with a view to accommodating a wide spectrum of other laws and cultures The book provides a timely examination of the issue of modern Saudi Arabia Islamic legal order vis vis the contemporary concept of international law and international relations in specific areas such as international human rights law and trans national economic matters As such it will be of interest to academics and researchers working in Islamic law international and comparative law human rights law and law and religion Modern Challenges to Islamic Law Shaheen Sardar Ali,2016-10-06 This book offers unique insights into Islamic law considering its theoretical perspectives alongside its practical application in daily Muslim life *Islamic Law in Past and Present* Mathias Rohe,2015-01-27 Islamic Law in Past and Present written by the lawyer and Islamicist Mathias Rohe is the first comprehensive study for decades on Islamic law legal theory reform mechanisms and the application of Islamic law in Islamic countries and the Muslim diaspora It provides information based on an abundance of Oriental and Western sources regarding family and inheritance law contract and economic law penal law constitutional administrative and international law The present situation and law in action are highlighted particularly This includes examples collected during field studies on the application of Islamic law in India Canada and Germany Islamic Law in Practice Mashood A. Baderin,2017-03-02 Islamic law influences the lives of Muslims today as aspects of the law are applied as part of State law in different forms in many areas of the world This volume provides a much needed collection of articles that explore the complexities involved in the application of Islamic law within the contemporary legal systems of different countries today with particular reference to Saudi Arabia Morocco Indonesia Nigeria Turkey Malaysia and Pakistan The articles identify the relevant areas of difficulties and also propose possible ways of realising a more effective and equitable application of Islamic law in the contemporary world The volume features an introductory overview of the subject as well as a comprehensive bibliography to aid further research Islamic Law and Human Rights Moataz El Feghery,2016-08-17 This book explores the development of the Muslim Brotherhood s thinking on Islamic law and human rights and argues that the Muslim Brotherhood has exacerbated rather than solved tensions between the two in Egypt The organisation and its scholars have drawn on hard line juristic opinions and reinvented certain concepts from Islamic traditions in ways that limit the scope of various human rights and advocate for Islamic alternatives to international human rights The Muslim Brotherhood s practices in opposition and in power have been consistent with its literature As an opposition party it embraced human rights language in its struggle against an authoritarian regime but advocated for broad restrictions on certain rights However its recent and short lived experience in power provides evidence of its inclination to reinforce restrictions on religious freedom freedom of expression and association and the rights of religious minorities and to reverse previous reforms related to women s rights The book concludes that the peaceful management of political and religious diversity in society cannot be realised under the Muslim Brotherhood s model of a Shari a state The study advocates for the drastic reformation of traditional Islamic law and state impartiality towards religion

as an alternative to the development of a Shari'a state or exclusionary secularism. This transformation is however contingent upon significant long term political and socio cultural change and it is clear that successfully expanding human rights protection in Egypt requires not the exclusion of Islamists but their transformation. Islamists still have a large constituency and they are not the only actors who are ambivalent about human rights. Meanwhile Islamic law also appears to continue to influence Egypt's law. The book explores the prospects for certain constitutional and institutional measures to facilitate an evolutionary interpretation of Islamic law provide a baseline of human rights and gradually integrate international human rights into Egyptian law.

A Bibliography of Islamic Criminal Law Olaf Köndgen, 2021-12-06. In A Bibliography of Islamic Criminal Law Olaf Köndgen offers the most extensive bibliography on Islamic criminal law ever compiled. Drawing on a multitude of sources online and offline A Bibliography of Islamic Criminal Law covers in its thematic section not only the classical crime categories of *ud d qi* and *ta z r* but also a large number of newly emerging and related fields. In a second section dedicated to countries and eras Köndgen comprehensively covers the historical and modern application of Islamic criminal law in all its forms. Unlocking the richness of this sub field of Islamic law with the help of two detailed indices this innovative reference work is highly relevant for all those researching Islamic law in general and the application of Islamic criminal law over time in particular. See also A Bibliography of Islamic Criminal Law Supplement.

The Codification of Islamic Criminal Law in the Sudan Olaf Köndgen, 2017-11-01. In The Codification of Islamic Criminal Law in the Sudan Olaf Köndgen offers an in depth analysis of the Sudan's Islamized penal codes of 1983 and 1991: their historical political and juridical context, their interpretation in the case law of the Supreme Court and their practical application. He examines issues that arise in shari'a criminal law including homicide, bodily harm, unlawful sexual intercourse, *zin liw* (rape), unfounded accusation of unlawful sexual intercourse, *qadhif* (highway robbery), *ir ba* (apostasy), *ridda* and alcohol consumption. Drawing on a wide range of primary and secondary sources, a large number of previously untapped Supreme Court cases and interviews with judges and politicians, Köndgen convincingly explains the multiple contradictions and often surprising aspects of one of the Arab world's longest lasting applications of codified shari'a criminal law. Olaf Köndgen won the DAVO Dissertation Prize 2014 for his Ph.D. thesis. This extremely well documented study represents a milestone for the discussion of Islamic criminal law in the Muslim world as a whole and in the Sudan especially. Olaf Köndgen fills an academic void; his work deserves the greatest recognition for its extraordinary quality, its thoroughness and systematic approach. Prof. G. nter Meyer, Johannes Gutenberg University Mainz.
