Red Wine For Your Health

Tim Hennessy

Red Wine For Your Health:

Red Wine for Your Health Andrea Schaffer, 2001 This book explores the history and tradition of wine as a curative agent Schaffer decodes the French Paradox theory a scientific experiment that found that in red wine drinking cultures such as France the rates of heart diseases and stroke were much lower than in countries where red wine is less often consumed

The Red Wine Diet Roger Corder, 2007-09-06 Wine is good for you and we finally know why Wine drinkers are less prone to heart disease diabetes and dementia than non wine drinkers But what exactly is it about wine that keeps us healthy Which is better for you a California Cabernet or Syrah from the south of France How can you choose wines that both suit your tastes and benefit your health In a landmark study Roger Corder revealed that compounds called procyanidins are the key components of wine for preventing illness Now in *The Red Wine Diet* he argues that drinking the right kinds of red wine and eating procyanidin rich foods such as dark chocolate apples and berries can help us live to a ripe old age while enjoying all the pleasures of life Corder's own tests show that as a result of grape variety wine making style and other factors some red wines contain much higher levels of procyanidins than others With a unique personal rating system he describes the most beneficial wines he's found to date And to round out his lifestyle plan he includes fifty delicious recipes featuring foods that are high in procyanidins Corder's prescription is an easy pill to swallow Drink red wine every day and live a long and healthy life

Dr. Moyad's No BS Diet Health Advice Mark A. Moyad, 2012-06-01 For years you've been asked to buy into all that health advice out there to buy the books the machines the newsletters the pills the injections and the surgeries Now it's time to put all those things aside and empower yourself with the knowledge to sort through all the BS health advice that's bogus science of course to find a truly stronger healthier you Taking a common sense and often lighthearted approach to the research and myriad of health information out there Dr Mark Moyad pulls back the curtain on many half truths and misinformation and helps you develop a plan to improve your immune health and wellness As Director of Preventative and Alternative Medicine at the University of Michigan Medical Center Dr Moyad has maintained a consulting practice on complementary medicine for the past 10 years He is the author of over 100 articles and 5 books and arguably no doctor has now educated more physicians and other health care professionals around the world on the subject of diet and dietary supplements Join Dr Moyad on his step by step journey to improving your health

Recalled to Health Tim Hennessy, 2010 Dr Tim Hennessy has skillfully drawn on his life experiences to put together this new book he has written *Recalled to Health* functions as both a personal memoir of his path to becoming a doctor and a useful medical guide to achieving and keeping good health Written over a five year period in between his work as a doctor and his other professional and personal pursuits Dr Hennessy says the initial impetus for it came from his bimonthly e mail health newsletter *H mail Medical Education Made Easy* Self described as conservative with medicine Hennessy's focus for this book is to promote freedom by inspiring one and all to live healthier lives in the process becoming less dependent on medications and the flawed healthcare system and more

emboldened to live life to its fullest unimpeded by the physical constraints of poor health By providing a medical foundation that will lead to a better understanding of medical topics the doctor believes that Recalled to Health can empower readers to take charge of their own health Cholesterol blood pressure diet and weight management exercise sleeping habits and the role of nature in health are some of the topics discussed in full here along with suggestions for optimum actions behaviors and treatments Each of the chapters end with a helpful summary of tips and the back of the book contains numerous fully cited references listed by chapters as well as a full index You can use this first rate new book to help maintain your present good health or you can use it to help reclaim your former good health Either way it will help you strengthen your mind so you can strengthen your body And what more can anyone ask of a book on health Book jacket **The Microbiome Master Key**
