

Redcoats The British Soldier In America

A. J. Barker

Redcoats The British Soldier In America:

Redcoats A. J. Barker, 1976-01-01 Redcoats Stephen Brumwell, 2006-01-09 In the last decade scholarship has highlighted the significance of the Seven Years War for the destiny of Britain's Atlantic empire This major 2001 study offers an important perspective through a vivid and scholarly account of the regular troops at the sharp end of that conflict's bloody and decisive American campaigns Sources are employed to challenge enduring stereotypes regarding both the social composition and military prowess of the redcoats This shows how the humble soldiers who fought from Nova Scotia to Cuba developed a powerful esprit de corps that equipped them to defy savage discipline in defence of their rights It traces the evolution of Britain's American Army from a feeble conservative and discredited organisation into a tough flexible and innovative force whose victories ultimately won the respect of colonial Americans By providing a voice for these neglected shock troops of empire Redcoats adds flesh and blood to Georgian Britain's sinews of power Fusiliers Mark Urban, 2012-11-13 The American Revolution from a unique perspective as seen through the eyes of a redcoat regiment From Lexington Green in 1775 to Yorktown in 1781 one British regiment marched thousands of miles and fought a dozen battles to uphold British rule in America the Royal Welch Fusiliers Their story and that of all the soldiers England sent across the Atlantic is one of the few untold sagas of the American Revolution one that sheds light on the war itself and offers surprising at times unsettling insights into the way the war was conducted on both sides Drawing on a wealth of previously unused primary accounts and with compelling narrative flair Mark Urban reveals the inner life of the 23rd Regiment the Fusiliers and through it of the British army as a whole as it fought one of the pivotal campaigns of world history Describing how British troops adopted new tactics and promoted new leaders Urban shows how the foundations were laid for the redcoats subsequent heroic performance against Napoleon Fighting the climactic battles of the Revolution in the American south the Fusiliers became one of the crack regiments of the army never believing themselves to have been defeated But the letters from members of the 23rd and other archival accounts reveal much more than battle details Living the Revolution day to day the Fusiliers witnessed acts of kindness and atrocity on both sides unrecorded in histories of the war Their observations bring the conflict down to human scale and provide a unique insight into soldiering in the late eighteenth century Fusiliers will challenge the prevailing stereotypes of the enemy redcoats and offer an invaluable new perspective on a defining period in American history **British Soldiers, American War** Don N. Hagist, 2012 The first collection of personal narratives by British common soldiers ever assembled and published Front jacket flap **Redcoat Uniforms in North America, 1754-1763**, 2007-01-01 This study of Redcoat uniforms and gear reveals the dynamic and radical change of centuries old British Army traditions and serves as a comprehensive guide for re-enactors painters historians and others seeking knowledge of the era K4480HB 19 50 **British Military Long Arms in Colonial America** Bill Ahearn, Robert Nittolo, 2018-05-21 British Military Long Arms in Colonial America By Bill Ahearn and Robert Nittolo In British Military Long

Arms in Colonial America Bill Ahearn and Robert Nittolo explore the story of the various long arms used during this point in history Covering a vast time period Ahearn and Nittolo first illustrate the long arms as tools to help create British rule in Colonial America and continue their explorations to the war that cost Britain their American empire British Military Long Arms in Colonial America is an educational and informative guide that will provide an enlightening account to the curious readers and historians alike

Renegade Revolutionary Phillip Papas, 2014 Honorable Mention for the 2015 Book Award from the American Revolution Round Table of Richmond Honorable Mention for the 2015 Fraunces Tavern Museum Book Award In November 1774 a pamphlet to the People of America was published in Philadelphia and London It forcefully articulated American rights and liberties and argued that the Americans needed to declare their independence from Britain The author of this pamphlet was Charles Lee a former British army officer turned revolutionary who was one of the earliest advocates for American independence Lee fought on and off the battlefield for expanded democracy freedom of conscience individual liberties human rights and for the formal education of women Renegade Revolutionary The Life of General Charles Lee is a vivid new portrait of one of the most complex and controversial of the American revolutionaries Lee s erratic behavior and comportment his capture and more than one year imprisonment by the British and his court martial after the battle of Monmouth in 1778 have dominated his place in the historiography of the American Revolution This book retells the story of a man who had been dismissed by contemporaries and by history Few American revolutionaries shared his radical political outlook his cross cultural experiences his cosmopolitanism and his confidence that the American Revolution could be won primarily by the militia or irregulars rather than a centralized regular army By studying Lee s life his political and military ideas and his style of leadership we gain new insights into the way the American revolutionaries fought and won their independence from Britain

The Men Who Lost America Andrew Jackson O'Shaughnessy, 2020-08-11 Questioning popular belief a historian and re examines what exactly led to the British Empire s loss of the American Revolution The loss of America was an unexpected defeat for the powerful British Empire Common wisdom has held that incompetent military commanders and political leaders in Britain must have been to blame but were they This intriguing book makes a different argument Weaving together the personal stories of ten prominent men who directed the British dimension of the war historian Andrew O Shaughnessy dispels the incompetence myth and uncovers the real reasons that rebellious colonials were able to achieve their surprising victory In interlinked biographical chapters the author follows the course of the war from the perspectives of King George III Prime Minister Lord North military leaders including General Burgoyne the Earl of Sandwich and others who for the most part led ably and even brilliantly Victories were frequent and in fact the British conquered every American city at some stage of the Revolutionary War Yet roiling political complexities at home combined with the fervency of the fighting Americans proved fatal to the British war effort The book concludes with a penetrating assessment of the years after Yorktown when the British achieved victories against the French and Spanish thereby keeping intact what

remained of the British Empire A remarkable book about an important but curiously underappreciated subject the British side of the American Revolution With meticulous scholarship and an eloquent writing style O Shaughnessy gives us a fresh and compelling view of a critical aspect of the struggle that changed the world Jon Meacham author of Thomas Jefferson The Art of Power Redcoat Richard Holmes,2002 Based on the letters and diaries of the British soldiers who served as the backbone of the army from 1760 to 1860 this illuminating book is rich in the history of a fascinating era of illustrations

Strategy in the American War of Independence Donald Stoker,Kenneth J. Hagan,Michael T. McMaster,2009-10-16 This book examines the strategies pursued by the Colonies and the other combatants in the American War for Independence placing the conflict in its proper global context Many do not realize the extent to which the 1775 colonial rebellion against British rule escalated into a global conflict Collectively this volume examines the strategies pursued by the American Colonies Great Britain France Spain and Holland and the League of Armed Neutrality placing the military naval and diplomatic elements of the struggle in their proper global context Moreover assessing how each nation prosecuted their respective wars provides lessons for current students of strategic studies and military and naval history This book will be of great interest to students of strategic studies American history Military History and political science in general Donald Stoker is Professor of Strategy and Policy for the US Naval War College s Monterey Program in Monterey California He joined the Strategy and Policy faculty in 1999 and has taught both in Monterey and Newport Kenneth J Hagan Professor Emeritus the U S Naval Academy is currently Professor of Strategy and Policy for the U S Naval War College s Monterey Program Michael T McMaster is a Professor at the U S Naval War College in Monterey He is a retired U S Navy Commander
