*Redefining Genre* Gabriel P. Weisberg, Petra ten-Doesschate Chu, Dixon Gallery and Gardens, 1995 The catalogue for an exhibit organized by the Trust for Museum Exhibitions and scheduled for several locations during 1995 and 1996 The period under consideration was significant for the variety of influences between painting in France and in the US especially in the field of genre An introductio Women Artists in Paris, 1850-1900 Laurence Madeline, Pauline Willis, 2017-01-01 Paris was the epicenter of art during the latter half of the nineteenth century luring artists from around the world with its academies museums salons and galleries Despite the city s cosmopolitanism and its cultural stature Parisian society remained strikingly conservative particularly with respect to gender Nonetheless many women painters chose to work and study in Paris at this time overcoming immense obstacles to access the city s resources *Women Artists in Paris 1850 1900* showcases the remarkable artistic production of women during this period of great cultural change revealing the breadth and strength of their creative achievements Guest Curator Laurence Madeline Chief Curator at Mus es d art et d histoire Geneva has selected close to seventy compelling paintings by women of varied nationalities ranging from well known artists such as Berthe Morisot Mary Cassatt and Rosa Bonheur to lesser known figures such as Kitty Kielland Louise Breslau and Anna Ancher Mobility and Identity in US Genre Painting Lacey Baradel, 2020-12-30 This book examines the portrayal of themes of boundary crossing itinerancy relocation and displacement in US genre paintings during the second half of the long nineteenth century c 1860 1910 Through four diachronic case studies the book reveals how the high stakes politics of mobility and identity during this period informed the production and reception of works of art by Eastman Johnson 1824 1906 Enoch Wood Perry Jr 1831 1915 Thomas Hovenden 1840 95 and John Sloan 1871 1951 It also complicates art history s canonical understandings of genre painting as a category that seeks to reinforce social hierarchies and emphasize more rooted connections to place by instead privileging portrayals of social flux and geographic instability The book will be of interest to scholars working in art history literature American studies and cultural geography *The Most Arrogant Man in France* Petra ten-Doesschate Chu, 2007-04 A comprehensive reinterpretation of the pioneering and media savvy artist The modern artist strives to be independent of the public s taste and yet depends on the public for a living Petra Chu argues that the French Realist Gustave Courbet 1819 1877 understood this dilemma perhaps better than any painter before him In *The Most Arrogant Man in France* Chu tells the fascinating story of how in the initial age of mass media and popular high art this important artist managed to achieve an unprecedented measure of artistic and financial independence by promoting his work and himself through the popular press The Courbet who emerges in Chu s account is a sophisticated artist and entrepreneur who understood that the modern artist must sell and not only make his art Responding to this reality Courbet found new ways to package exhibit and publicize his work and himself Chu shows that Courbet was one of the first artists to recognize and take advantage of the publicity potential of newspapers using them to create acceptance of his work and to spread an

image of himself as a radical outsider Courbet introduced the independent show by displaying his art in popular venues outside the Salon and he courted new audiences including women And for a time Courbet succeeded achieving a rare freedom for a nineteenth century French artist If his strategy eventually backfired and he was forced into exile his pioneering vision of the artist's career in the modern world nevertheless makes him an intriguing forerunner to all later media savvy artists

**Re-envisioning the Everyday** John Fagg, 2023-10-03 Often seen as backward looking and convention bound genre painting representing scenes of everyday life was central to the work of twentieth century artists such as John Sloan Norman Rockwell Jacob Lawrence who adapted such subjects to an era of rapid urbanization mass media and modernist art Re envisioning the Everyday asks what their works do to the tradition of genre painting and whether it remains a meaningful category through which to understand them Working with and against the established narrative of American genre painting's late nineteenth century decline into obsolescence John Fagg explores how artists and illustrators used elements of the tradition to picture everyday life in a rapidly changing society whether by appealing to its nostalgic and historical connotations or by updating it to address new formal and thematic concerns Fagg argues that genre painting enabled twentieth century artists to look slowly and carefully at scenes of everyday life and on some occasions to understand those scenes as sites of political oppression and resistance But it also limited them to anachronistic ways of seeing and tied them to a freighted history of stereotyping and condescension By surveying genre painting when its status and relevance were uncertain and by looking at works that stretch and complicate its boundaries this book considers what the form is and probes the wider practice of generic categorization It will appeal to students and scholars of American art history art criticism and cultural studies

Jules Breton, Painter of Peasant Life Annette Bourrut Lacouture, Jules Breton, 2002-01-01 Jules Breton 1827 1906 known as one of the first peasant painters created beautiful scenes of rural French life and was a highly popular figure among the Salon artists of his era Taking his inspiration from his native Artois and from the landscapes of Brittany where he stayed for long periods he painted peasant women and men performing their daily activities meticulously observing their world and making it a place of peace and harmony During the second half of the nineteenth century rewards and official decorations were heaped upon him and his paintings were purchased not only by the emperor but also by collectors in America Britain and Ireland However Breton's work became eclipsed by the avant garde movements of the twentieth century and he was eventually forgotten This book now pays Breton the tribute that he deserves It traces the development of his career and the forces that influenced him from his childhood through his early training in Belgium and Paris to his years in Brittany The book presents and discusses a number of important paintings by Breton some of which have been almost unknown until now and it shows how they reflect the artist's social and humanitarian concerns as well as his painterly abilities
