

International Politics: Dynamics of Conflict and Cooperation

Objectives of the class, Two goals:

First: give students an overview of basic concepts and themes that are used in the political analysis of International relations and of their recent theoretical developments. Among those concepts: actor, sub-actor and system in International relations, decision-making bargaining, escalation and crisis, deterrence and stability. The course also intends to cover issues in International cooperation such as alliances and coalitions, collective goods, and international institutions.
