Herman,2016-03-22 Through competent scholarship insightful interpretation and masterful understanding of the present dialogue on hermeneutics it brings Buber s book on Chuang Tzu into sinology and sinology via this book into the understanding and interpretation of Buber No one else has ever tackled bringing these three fields Sinology Buber scholarship and comparative mysticism into meaningful interrelation and dialogue Maurice Friedman author of Martin Buber s Life and Work The best thing is the depth and breadth of his discussion of hermeneutic issues Herman is very well read both in theoretical hermeneutics and in sinological literature on the Chuang Tzu and he has thought carefully through the main methodological issues related to his task His discussion of the relation between unitive escapist and intrawordly mysticism in the Chuang Tzu is a great contribution Michael LaFargue University of Massachusetts Boston Buber s approach to Taoism is not primarily that of the scholar but of the practitioner of philosophia perennis And since Buber holds a prominent place in twentieth century religious history his appropriation of the Chuang Tzu is an important subject Herman to his credit has not stood in Buber s path but has allowed him to speak for himself His treatment of textual reconstruction interpretation and reception in the hermeneutic chapters adds a great deal to these topics that is valuable quite apart from the specific text he addresses David L Hall *Reden und Gleichnisse des Tschuang Tse. Reden und Gleichnisse des Tschuang-Tse Chuangtse,1920 **A Philosophy of Prayer** George Pattison,2024-07-02

Exploring the silence of prayer in Post Kantian philosophy and traditional spirituality A Philosophy of Prayer explores prayer within the perspective of post Kantian philosophy Against a background of traditional sources including Augustine The Cloud of Unknowing and the seventeenth century French school of spirituality the book uses Schleiermacher Kierkegaard Dostoevsky Heidegger Berdyaev Tillich Marcel Simone Weil Emmanuel Levinas and Jean Louis Chr tien to provide an interpretation of what is meant by the passivity and self annihilation of the praying self suggesting an apophatics of the personality Pattison pays particular attention to the question of language and the implications of the role given to silence in traditional texts arguing that language remains a defining element of the human God relationship and that silence is not to be construed as the negation of language but as the revelation of the depth of language itself The basic structure of prayer is shown to be implicitly eschatological oriented toward a coming kingdom of justice and peace while at the same time expressing a deep desire for ontological homecoming a tension manifest in respectively Levinas and Heidegger On Pattison s reading prayer calls for and develops a particular orientation of the self toward existence corresponding to the virtue of humility long understood as the basic Christian virtue This is shown to be in tension with modernity s commitment to strong versions of autonomy However the choice of humility is not presented as the reinstatement of religious heteronomy but as a free choice of the praying self

The Universal Jewish Encyclopedia ... Isaac Landman,1940 *Martin Buber and the Human Sciences* Maurice Friedman,2012-02-01 The specific focus of Martin Buber and the Human Sciences is dialogue as the foundation of and integrating factor in the human sciences using dialogue in the special sense which Buber has made famous mutuality presentness openness meeting the other in his or her uniqueness and not just as a content for one s own thought categories and knowing as deriving in the first instance from mutual contact rather than knowledge of a subject about an object By the human sciences the authors editors mean material that can be meaningfully approached in a dialogic way hence the humanities education psychology speech communication anthropology history sociology and economics The essays in Martin Buber and the Human Sciences demonstrate that thirty years after Buber s death his influence is still resonating in many countries and in many fields **The Existential Philosophy of Etty Hillesum** Meins G.
