Rediscovering Our Past Ebays On The History Of American Archaeology:

Rediscovering Our Past Jonathan E. Reyman, 1992 This collection of essays examines the history of American archaeology in terms of some of the major figures and internal and external forces that shaped its development The importance of using the vast array of unpublished materials in writing the history of archaeology is stressed as is the need for examining more closely the important contributions of women particularly in the period up to and immediately after World War II Finally the role of institutions in the development of American archaeology is also examined both for their progressive and regressive attributes *Wall Street Journal Index*, 1999 **The New York Times Index**, 2003 **A History of American Archaeology** Gordon Randolph Willey, Jeremy A. Sabloff, 1974 **Ancient America, in Notes on American Archaeology** John D. Baldwin, 2022-09-04 John D Baldwin s *Ancient America in Notes on American Archaeology* stands as a seminal work in the field of precolumbian historiography offering a pioneering examination of the artifacts civil structures and cultural complexities of indigenous American societies before European contact Baldwin s investigation into the ancient societies of the Americas weaves an intricate tapestry of civilization that predates modern narratives and challenges the ethnocentric perspectives of his time The book blends meticulous research with narrative finesse positioning itself within a pivotal point in literary history when academia began seriously regarding native histories without the prior veil of colonial bias It is this deliberate act of scholarly restoration that marks Baldwin s prose as not only culturally significant but also literarily mature John D Baldwin was an erudite figure whose own intellectual trajectory informed his inquiry into America s distant past His interests encompassed the interdisciplinary traversing domains of archaeology ethnology and history allowing him to craft a work enriched by a panoramic understanding Baldwin s scholarly appetite was driven by the emerging questions of his era about the origins and achievements of the seemingly mysterious civilizations of the American continents His dedication to unveiling the grand narrative of indigenous peoples compelled him to pursue a line of study that was innovative for its time leading to *Ancient America* as a beacon of truth in a sea of misconceptions *Ancient America in Notes on American Archaeology* is essential reading for both the historical enthusiast and the scholarly adept It offers a revelatory glance into an overshadowed chapter of human history serving as a scholarly corrective to the often overlooked sophistication of Native American societies Baldwin s dedication to unearthing this rich past extends a profound invitation to modern readers to understand the breadth and depth of American history in its most authentic form It is without question that this book holds a precious place on the shelf of anyone who values the full panorama of cultural and historical study

The Discovery of the Past Alain Schnapp, 1996 Every civilized society beginning with that of the ancient Egyptians and Chinese has entertained a passionate curiosity about its predecessors we want to know about our past in order to understand and even manipulate our present The means to that end is archaeology whose history is the fascinating subject of *The Discovery of the Past* Alain Schnapps study is astonishing in the depth and breadth of its coverage Beginning with the ancient

Greek poet Hesiod and extending thought St Augustine Rabelais Newton and Thomas Jefferson he shows that the history of archaeology is not one of uninterrupted progress but of the rediscovery and reinterpretation often erratic of forgotten observations The text is elegantly interwoven with illustrations and descriptions of objects surviving from antiquity while extensive quotations from primary sources provide a fascinating insight into historical accounts Contemporary depictions of ancient life and incidents in its discovery reveal the excitement of archaeological research American Archaeology, Past and Future David J. Meltzer, Don D. Fowler, Jeremy A. Sabloff, Society for American Archaeology, 1986 *Artifacts and the American Past* Thomas J.
