Rediscovering The Classics The Project Approach:

Rediscovering the Classics Ruth Townsend, Marcia Lubell, 1999 **Women Re-Creating Classics** Emily Hauser, Helena Taylor, 2025-06-12 In the last few years there has been a major and unmissable surge in women's retellings and re-creations of ancient myths and texts that has put women's re-creations of Classics centre stage Drawing together an interdisciplinary range of creative and scholarly voices this volume asks why classical creative retellings by women are so popular now and considers what creativity can do to foster new ways of thinking and writing about Classics thus blurring the boundary between the creative and the critical Contributors engage with debates on how to make Classics more accessible through the medium of creative works so that it is not just a discipline for the select few This second volume in a two volume set brings together original creative work by some of the many women writers who are pushing forward changes in the landscape of re-creating Classics from Madeline Miller to Jennifer Saint Emily Hauser Caroline Lawrence Roz Kaveney Nikita Gill Fiona Benson Anne Carson and many more These are set alongside discussions and interviews between writers and academics roundtable conversations among poets and critics and reflections on creative and inclusive pedagogy thus offering a cutting edge collaboration between practitioners and researchers and underlining the centrality of women's re-creations of Classics to the contemporary shaping of the field *Resources in Education* ,1998 **Rediscovering the Dead Sea Scrolls** Maxine L. Rummler, Alan J. Ramias, Cherie L. Wilkins, 2011-01-13 To paraphrase a number of philosophers the major challenge any executive or manager and especially any CEO faces is that his or her experience of the reality of the organization is not the same as the reality itself How then does an executive 1 develop a more accurate and complete representation of the organization 2 identify critical business issues and improvement opportunities across this system 3 design a way forward and 4 install the feedback and measurement mechanisms necessary to ensure the organizational system delivers the performance and stays on course This is where this book comes into its own Michael DeNoma president and CEO Chinatrust Commercial Bank Every CEO or executive managing a business should read and understand Rediscovering Value if they want to effectively lead and manage their company Leading a company without an understanding of the value and resource dimensions and how to manage them is like flying an airplane without a navigation system The team at PDL has done an unbelievable job of describing the principles of an organization and how to effectively organize lead and manage the enterprise Our company used PDL's

Jesus, Skepticism, and the Problem of History Zondervan, 2019-10-08 In recent years a number of New Testament scholars engaged in academic historical Jesus studies have concluded that such scholarship cannot yield secure and illuminating conclusions about its subject arguing that the search for a historically authentic Jesus has run aground Jesus Skepticism and the Problem of History brings together a stellar lineup of New Testament scholars who contend that historical Jesus scholarship is far from dead These scholars all find value in using the tools of contemporary historical methods in the study of Jesus and Christian origins While the skeptical use of criteria to fashion a Jesus contrary to the one portrayed in the Gospels is methodologically unsound and theologically unacceptable these criteria properly formulated and applied yield positive results that support the Gospel accounts and the historical narrative in Acts This book presents a nuanced and vitally needed alternative to the skeptical extremes of revisionist Jesus scholarship that on the one hand uses historical methods to call into question the Jesus of the Gospels and on the other denies the possibility of using historical methods to learn about Jesus *Arabic Printing for the Christians in Ottoman Lands* Ioana Feodorov, 2023-10-04 Arabic printing began in Eastern Europe and the Ottoman Levant through the association of the scholar and printer Antim the Iberian later a metropolitan of Wallachia and Athanasios III Dabb s twice patriarch of Antioch when the latter as metropolitan of Aleppo was sojourning in Bucharest This partnership resulted in the first Greek and Arabic editions of the Book of the Divine Liturgies Snagov 1701 and the Horologion Bucharest 1702 With the tools and expertise that he acquired in Wallachia Dabb s established in Aleppo in 1705 the first Arabic type press in the Ottoman Empire After the Church of Antioch divided

into separate Greek Orthodox and Greek Catholic Patriarchates in 1724 a new press was opened for Arabic speaking Greek Catholics by Abdallah Zirikian in Beirut Lebanon Likewise in 1752 1753 a press active at the Church of Saint George in Beirut printed Orthodox books that preserved elements of the Aleppo editions and were reprinted for decades This book tells the story of the first Arabic type presses in the Ottoman Empire which provided church books to the Arabic speaking Christians irrespective of their confession through the efforts of ecclesiastical leaders such as the patriarchs Silvester of Antioch and Sofronios II of Constantinople and financial support from East European rulers like prince Constantin Brncoveanu and hetman Ivan Mazepa

Zanzibari Muslim Moderns Anne K. Bang, 2024-09-01 Zanzibari Muslim Moderns is a historical study of Zanzibar during the interwar years This was a period marked by rapid intellectual and social change in the

Muslim world when ideas of Islamic progress and development were hotly debated How did this process play out in Zanzibar Based on a wide range of sources Islamic and colonial private and public Anne K Bang examines how these concepts were received and promoted on the island arguing that a new ideal emerged in its intellectual arena the Muslim modern Tracing the influences that shaped the outlook of this new figure Bang draws lines to Islamic modernists in the Middle East to local Sufi teachings and to the recently founded state of Saudi Arabia She presents the activities of the Muslim modern in the colonial employment system as a contributor to international debates as an activist in the community and more She also explores the formation of numerous faith based associations during this period as well as the views of the Muslim modern on everything from funerary practices and Mawlid celebrations to reading habits A recurring theme throughout is the question with which many Muslim moderns were confronted who should implement development And for whom *The Cambridge Companion to Greek Tragedy* P. E. Easterling, 1997-10-02 As a creative medium ancient Greek tragedy has had an extraordinarily wide influence many of the surviving plays are still part of the theatrical repertoire and texts like Agamemnon Antigone and Medea have had a profound effect on Western culture This Companion is not a conventional introductory textbook but an attempt by seven distinguished scholars to present the familiar corpus in the context of modern reading criticism and performance of Greek tragedy There are three main emphases on tragedy as an institution in the civic life of ancient Athens on a range of different critical interpretations arising from fresh readings of the texts and on changing patterns of reception adaptation and performance from antiquity to the present Each chapter can be read independently but each is linked with the others and most examples are drawn from the same selection of plays *The Entrepreneurial Humanities* Alain-Philippe Durand, Christine Henseler, 2023-06-07 With AI cryptocurrency and more in the news it seems that being an entrepreneur means being in IT but humanities graduates are launching new businesses every day turning a profit and having social impact This book explores how a humanities background can enable entrepreneurs to thrive Across all levels of education students are given the message that to change the world or make money the arts and humanities are not the subjects to study At the same time discussions of innovation and entrepreneurship highlight the importance of essential skills such as critical thinking storytelling cultural awareness and ethical decision making Here s the disconnect the subjects that help to develop these vital skills are derided at critical points in any aspiring entrepreneur s education This collection of perspectives from entrepreneurs in a range of fields and humanities educators illustrates what individuals and the wider world are missing when humanities are overlooked as a source of inspiration and success in business Featuring a foreword by Sensemaking author Christian Madsbjerg this is a thought provoking guide for aspiring entrepreneurs in all sectors and for educators a window on the practical value of the humanities in an ever more mechanized world _ **The Cairo Genizah and the Age of Discovery in Egypt** Rebecca J. W. Jefferson, 2022-01-27 The Cairo Genizah is considered one of the world s greatest Hebrew manuscript treasures Yet the story of how over a quarter of a million fragments hidden in Egypt were

discovered and distributed around the world before becoming collectively known as The Cairo Genizah is far more convoluted and compelling than previously told The full story involves an international cast of scholars librarians archaeologists excavators collectors dealers and agents operating from the mid nineteenth to the early twentieth century and all acting with varying motivations and intentions in a race for the spoils Basing her research on a wealth of archival materials Jefferson reconstructs how these protagonists used their various networks to create key alliances or to blaze lone trails each one on a quest to recover ancient manuscripts Following in their footsteps she takes the reader on a journey down into ancient caves and tombs under medieval rubbish mounds into hidden attic rooms vaults basements and wells along labyrinthine souks and behind the doors of private clubs and cloistered colleges Along the way the reader will also learn about the importance of establishing manuscript provenance and authenticity and the impact to our understanding of the past when either factor is in doubt Transformations of Tradition Junaid Quadri,2021 Transformations of Tradition probes how the encounter with colonial modernity conditioned Islamic jurists conceptualizations of the shari a Focusing on the jurisprudential writings of Muhammad Bakhit al Muti i 1854 1935 Mufti of Egypt for a time Junaid Quadri locates a remarkable series of foundational intellectual shifts that throw into doubt the possibility of reading the modern trajectory of Islamic law through the lens of a continuous tradition Through close readings of complex legal texts and mining archives oft neglected in the field this carefully researched study uncovers a shari a that is neither a medieval holdover nor merely a pragmatic concession to the demands of a new world but rather is deeply entangled with the epistemological commitments of colonial modernity **Too Black to Be Here?** Paul Thomas,2025-07-24 The ebook edition of this title is Open Access and freely available to read online Employing an interdisciplinary approach that draws from critical race theory whiteness studies post structural and postcolonial theories Paul Thomas offers both a scholarly and personal narrative Rooted and Grounded Ryan D. Harker,Janeen Bertsche Johnson,2016-01-28 For many of us the connection between the ecological crisis and humanity s detachment from the land is becoming increasingly clear In biblical terms adam humanity has severed itself from the adamah soil and we creation are reaping the consequences This collection of essays and the conference from which it took shape calls the church to root itself more deeply in the agrarian biblical text and ecclesial tradition in order to remember and freshly imagine ways of living on and with the land that are restorative reconciling and faithful to the triune God s invitation to new life in Christ When we listen attentively to and patiently learn from the biblical text church history and theology the land itself can become a conversation partner and we are summoned to recognize that the gospel is reserved not simply for humanity but for the whole of creation
