Redneck Nation Michael Graham, 2014 A wicked concoction of down home hilarity and scathing political satire is served up in this provocative and entertaining look at the South's pervasive influence on America from one of the nation's funniest political observers

All-American Redneck Matthew J. Ferrence, 2014-03-30 In contemporary culture the stereotypical trappings of redneckism have been appropriated for everything from movies like *Smokey and the Bandit* to comedy acts like Larry the Cable Guy. Even a recent president George W. Bush shunned his patrician pedigree in favor of cowboy authenticity to appeal to voters. Whether identified with hard work and patriotism or with narrow minded bigotry the Redneck and its variants have become firmly established in American narrative consciousness. This provocative book traces the emergence of the faux Redneck within the context of literary and cultural studies. Examining the icon's foundations in James Fenimore Cooper's Natty Bumppo an ideal white man free of the boundaries of civilization and the degraded rural poor of Erskine Caldwell's *Tobacco Road* Matthew Ferrence shows how Redneck stereotypes were further extended in *Deliverance* both the novel and the film and in a popular cycle of movies starring Burt Reynolds in the 1970s and 80s among other manifestations. As a contemporary cultural figure the author argues the Redneck represents no one in particular but offers a model of behavior and ideals for many. Most important it has become a tool reductive confining and sometimes almost liberating by which elite forces gather and maintain social and economic power. Those defying its boundaries as the Dixie Chicks did when they criticized President Bush and the Iraq invasion have done so at their own peril. Ferrence contends that a refocus of attention to the complex realities depicted in the writings of such authors as Silas House, Fred Chappell, Janisse Ray and Trudier Harris can help dislodge persistent stereotypes and encourage more nuanced understandings of regional identity. In a cultural moment when so called Reality Television has turned again toward popular images of rural Americans as in for example *Duck Dynasty* and *Moonshiners* *All American Redneck* reveals the way in which such images have long been manipulated for particular social goals almost always as a means to solidify the position of the powerful at the expense of the regional.

Rhetoric, Race, Religion, and the Charleston Shootings Melody Lehn, Sean Patrick O'Rourke, 2019-11-12 *Rhetoric Race Religion and the Charleston Shootings* Was Blind but Now I See is a collection focusing on the Charleston shootings written by leading scholars in the field who consider the rhetoric surrounding the shootings. This book offers an appraisal of the discourses speeches editorials social media posts visual images prayers songs silence demonstrations and protests that constituted contested and reconstituted the shootings in American civic life and cultural memory. It answers recent calls for local and regional studies and opens new fields of inquiry in the rhetoric sociology and history of mass killings gun violence and race relations and it

does so while forging new connections between and among on going scholarly conversations about rhetoric race and religion Contributors argue that Charleston was different from other mass shootings in America and that this difference was made manifest through what was spoken and unspoken in its rhetorical aftermath Scholars of race religion rhetoric communication and sociology will find this book particularly useful **Acts of Resistance** Jeanne Dyches, Brandon Sams, Ashley S. Boyd, 2020-02-06 In 1969 Neil Postman and Charles Weingartner published *Teaching as a Subversive Activity* Subversive teaching today however looks very different than it did in 1969 Teachers today must deliver their instruction in an era of formidable challenges related to curriculum educational policy and cultural and political ideology Students learn in an environment that includes active shooter drills and increasingly violent public policy that assaults immigrants people of Color women and the LGBTQIA community A robust public education is needed now more than ever though the resources to provide it dwindle daily *Acts of Resistance: Subversive Teaching in the English Language Arts ELA Classroom* showcases examples of subversive pedagogy to instruct and inspire teachers and to contextualize subversive ELA pedagogy in the contemporary educational moment Chapter authors in service teachers and teacher educators alike draw from case studies narrative inquiry and other qualitative methodologies to explain how they have variously taken up subversive pedagogy in the ELA classroom Because teachers and other stakeholders resist oppressive structures including disciplinary confinements when they teach from subversive viewpoints each chapter describes a disciplinary act of resistance that illuminates possibilities for countering uncritical traditional handling of ELA experiences Perfect for courses such as ELA Methods Literacy Methods Social Justice Critical Literacy Writing Literature Disciplinary Literacy Curriculum Theory Pedagogy ELA Professional Development Inservice Teachers **The Hood** Quietstrength, 2019-11-21 This marvelous autobiography chronicles the unbelievable life of its author from his troubled childhood in Scotland through his glorious golden years in Whistler to his traumatic fall from grace in Vancouver Canada This magnificent manuscript is a true factual real life story that highlights and challenges pretty much everything we all take for granted in our modern lifestyles Through his incredible journey the author not only gives a blow by blow narrative of his roller coaster life but also from these experiences presents a whole different perspective on this thing we all call life It really is an astonishing story that the very few that have heard it compelled him to write as it could not only become an inspirational self help book for those experiencing similar struggles in their own life but also a drastic warning of what can really happen in a heartbeat to anyone anywhere anytime on this planet we call home Put simply this is a phenomenal must read autobiography novel that no matter who you are male or female rich or poor sick or healthy CEO or garbage collector yes everyone should read From his genuinely sensational life story Andrew explores the very core of our civilization and presents a very different perspective on what we all now use as measures of success like power wealth must have toys etc His trials and tribulations that simply have to be read to be believed offer a very different alternative course for humanity to gain what we all privately seek deep down inside us all namely acceptance

friendship confidence faith hope true happiness and pure love which in reality fly in the face of the more materialistic goals But rather than being some naive idealistic ivory tower novel everything is based on the real world It is truly a monumental masterpiece that even the Hollywood scriptwriters would have a hard time of dreaming up A truly wonderful book for the ages and if it doesn't change the world it might just change your world **All Note Long** Annabeth Albert,2016-08-02
