Redskin Rosebud:

Redskins? James V Fenelon, 2016-08-19 This book assesses the controversies over the Washington NFL team name as a window into other recent debates about the use of Native American mascots for professional and college sports teams Fenelon explores the origin of team names in institutional racism and mainstream society's denial of the impact of four centuries of colonial conquest Fenelon's analysis is supported by his surveys and interviews about the Redskins name and Cleveland Indians mascot Chief Wahoo A majority of Native peoples see these mascots as racist including the National Congress of American Indians even though mainstream media and public opinion claim otherwise Historical analysis divulges these terms as outgrowths of savage and enemy icon racist depictions of Native nations The book ties the history of conquest to idealized claims of democracy freedom and honoring sports teams The Red Polled Herd Book of Cattle Descended from the Norfolk & Suffolk Red Polled Red Polled Cattle Club of America, 1895 **Red Plume** Edward Sylvester Ellis, 1900
