Reducing Vulnerability And Increasing Opportunity Social Protection In Middle East And North Africa:

Reducing Vulnerability and Increasing Opportunity, 2002 The economies in the Middle East and North Africa MENA region are diverse in many ways making it difficult to develop a common social protection strategy Countries differ in size and per capita income There are differences between urban rural populations agricultural non farm employment and the structure of output between oil non oil economies However the countries of the MENA region share key socioeconomic characteristics and their social protection systems also confront similar design and implementation problems This report provides a framework for an integrated approach to social protection It also proposes general recommendations to guide the reform of social protection systems in the MENA region The report is organized into four chapters which cover highlighting social risks and policy challenges evaluating formal and informal social protection systems in the MENA region strategic directions for enhancing these social protection systems and the World Bank's contribution to social protection in the MENA region The aim of this report is to contribute to a better informed and more focused debate on social protection at the national regional and international levels Reducing Vulnerability and Increasing Opportunity, 2001 *Reducing Vulnerability and Increasing Opportunity* World Bank. Middle East and North Africa Region. Human Development Department. Social Protection Group, 2001 *Social Dictatorships* Ferdinand Eibl, 2020-02-27 Why have social spending levels and social policy trajectories diverged so drastically across labour abundant Middle Eastern and North African regimes And how can we explain the marked persistence of spending levels after divergence Using historical institutionalism and a mix of qualitative and quantitative methods *Social Dictatorships The Political Economy of the Welfare State in the Middle East and North Africa* develops an explanation of social spending in authoritarian regimes It emphasizes the importance of early elite conflict and attempts to form a durable support coalition under the constraints imposed by external threats and scarce resources *Social Dictatorships* utilizes two in depth case studies of the political origins of the Tunisian and Egyptian welfare state to provide an empirical overview of how social policies have developed in the region and to explain the marked differences in social policy trajectories It follows a multi level approach tested comparatively at the cross country level and process traced at micro level by these case studies *Challenges of Economic Development in the Middle East and North Africa Region* Julia Devlin, 2010 development political scientists and development practitioners Book Jacket **Disaster Risk and Vulnerability** C. Emdad Haque, David Etkin, 2012-04-11 From the Asian tsunami of 2004 to hurricane Katrina in 2005 and the Tohoku earthquake of 2011 our century has been fraught with catastrophic natural disasters *Disaster Risk and Vulnerability* assesses the human toll and economic losses of natural disasters and reasserts the importance of human collaboration and organization in disaster management In most cases policy makers planners managers and regulators who implement disaster risk reduction response planning and management strategies remain detached from local conditions failing to address them effectively Presenting case studies from Asia and North America as well as a broad range of

approaches to community mobilization and partnership development contributors show that local communities all levels of government and non governmental organizations must work collectively in order to reduce the harm caused by disasters Despite unprecedented progress in science and technology and governments continued efforts in disaster risk reduction socioeconomic losses due to environmental disasters continue to rise Disaster Risk and Vulnerability provides knowledge and information that will benefit anyone working in the fields of environment disasters and community mobilization in an effort to reverse this trend

Historical Dictionary of the World Bank Sarah Tenney, Anne C. Salda, 2013-10-30 When it was founded back in 1944 no one could possibly have foreseen how the World Bank known more formally as the International Bank for Reconstruction and Development IBRD would flourish Today with 188 members it is by far the largest lender for projects in agriculture health infrastructure and many other fields in developing countries around the world with a budget of billions of dollars and a staff of more than 9 000 and its advice is usually heeded by both the developing countries which borrow from it and the advanced ones which contribute This second edition of the Historical Dictionary of the World Bank shows the substantial progress the Bank has made this mainly through the dictionary section with concise entries on its component institutions related organizations its achievements in various fields some of the major projects and member countries and its various presidents The introduction explains how the Bank works while the chronology traces the major events over nearly 70 years Meanwhile the list of acronyms reminds us just who the main players are And the bibliography directs readers to useful internal documentation and outside studies

Finance & Development, March 2003 International Monetary Fund. External Relations Dept., 2003-03-21 This paper analyzes why the Middle East and North Africa MENA region has lagged in growth and globalization Despite attempts to spur recovery and initiate structural reforms many countries in the region remain on a slow growth path effectively sidelined from globalization and the benefits of closer economic integration with the rest of the world The benefits from oil failed to generate a sustained growth dynamic or bring about greater regional economic integration The paper highlights that the slowdown in economic reforms is a key factor for the economic depression in the MENA region

Poverty and Exclusion in North and South Elizabeth Dowler, Paul Mosley, 2005-07-25 Over the past decade there has been a worrying increase in poverty in the industrialised countries of the North while many of the developing countries of the South have experienced some improvement This collection argues that there are a number of likenesses between the predicaments of North and South and that these warrant further investigation and analysis

Privatizing Welfare in the Middle East Anne Marie Baylouny, 2010 Examines the effects of neoliberal economic reforms on middle classes in the Middle East Based on fieldwork and interviews with members non members and policymakers this title provides fresh insights into democratization liberalization and civil society
