Reel Spirituality Robert K. Johnston,2006-12 A comprehensive study of theology and film that explores how the Christian faith is portrayed in film throughout history **Engendering Violence in Papua New Guinea** Margaret Jolly,Christine Stewart,Carolyn Brewer,2012-07-01 This collection builds on previous works on gender violence in the Pacific but goes beyond some previous approaches to domestic violence or violence against women in analysing the dynamic processes of engendering violence in PNG Engendering refers not just to the sex of individual actors but to gender as a crucial relation in collective life and the massive social transformations ongoing in PNG conversion to Christianity the development of extractive industries the implanting of introduced models of justice and the law and the spread of HIV Hence the collection examines issues of troubled masculinities as much as battered women and tries to move beyond the black and white binaries of blaming either tradition or modernity as the primary cause of gender violence It relates original scholarly research in the villages and towns of PNG to questions of policy and practice and reveals the complexities and contestations in the local translation of concepts of human rights It will interest undergraduate and graduate students in gender studies and Pacific studies and those working on the policy and practice of combating gender violence in PNG and elsewhere

Rogue Performances P. Reed, 2009-06-22 Rogue Performances recovers eighteenth and nineteenth century American culture's fascination with outcast and rebellious characters Highwaymen thieves beggars rioting mobs rebellious slaves and mutineers dominated the stage in the period's most popular plays Peter Reed also explores ways these characters helped to popularize theatrical forms such as ballad opera patriotic spectacle blackface minstrelsy and melodrama Reed shows how both on and offstage these paradoxically powerful persistent and troubling figures reveal the contradictions of class and the force of the disempowered in the American theatrical imagination Through analysis of both well known and lesser known plays and extensive archival research this book challenges scholars to re think their assumptions about the role of class in antebellum American drama

The Wicker Man Steve A. Wiggins, 2023-07-15 Many fans of Robin Hardy's The Wicker Man 1973 may know that this classic is considered a fine sample of folk horror Few will consider that it's also a prime example of holiday horror Holiday horror draws its energy from the featured festive day here May Day Sergeant Neil Howie Edward Woodward a Christian copper is lured to the remote Scottish island Summerisle where hidden from the eyes of all a thriving Celtic pagan religion holds sway His arrival at the start of the May Day celebration is no accident The clash between religions fought on the landscape of the holiday drives the story to its famous conclusion In this Devil's Advocate Steve A Wiggins delineates what holiday horror is and surveys various aspects of the Citizen Kane of horror movies that utilize the holiday Beginning with a brief overview of Beltane and how May Day has been celebrated this study considers the role of sexuality and fertility in the film Conflicting with Howie's Christian principles this leads to an exploration of his theology as contrasted with that of Lord Summerisle Christopher Lee and his tenants Such differences in belief make the fiery ending practically inevitable

Team of Rivals Doris Kearns Goodwin, 2006-09-26 On May 18 1860 William H Seward Salmon P Chase Edward Bates and Abraham Lincoln waited in their hometowns for the results from the Republican National Convention in Chicago When Lincoln emerged as the victor his rivals were dismayed and angry Throughout the turbulent 1850s each had energetically sought the presidency as the conflict over slavery was leading inexorably to secession and civil war That Lincoln succeeded was the result of a character that had been forged by life experiences that raised him above his more

privileged and accomplished rivals He won because he possessed an extraordinary ability to put himself in the place of other men to experience what they were feeling to understand their motives and desires This capacity enabled President Lincoln to bring his disgruntled opponents together create the most unusual cabinet in history and marshal their talents to preserve the Union and win the war American Art Directory 2005-2006 National Register Publishing, 2004 *On Democracy's Doorstep* J. Douglas Smith, 2014 The inside story of the Supreme Court decisions that brought true democracy to the United States Today Earl Warren is recalled as the chief justice of a Supreme Court that introduced school desegregation and other dramatic changes to American society In retirement however Warren argued that his court's greatest accomplishment was establishing the principle of one person one vote in state legislative and congressional redistricting Malapportionment Warren recognized subverted the will of the majority privileging rural voters and often business interests and whites over others In declaring nearly all state legislatures unconstitutional the court oversaw a revolution that transformed the exercise of political power in the United States *On Democracy's Doorstep* tells the story of this crucial and neglected episode J Douglas Smith follows lawyers activists and Justice Department officials as they approach the court We see Attorney General Robert F Kennedy pushing for radical change and idealistic lawyers in Alabama bravely defying their peers We then watch as the justices edge toward their momentous decision The Washington Post called the result a step toward establishing democracy in the United States But not everyone agreed Smith shows that business lobbies and their political allies attempted to overturn the court by calling the first Constitutional Convention since the 1780s Thirty three states ratified their petition just one short of the two thirds required
