Literature and the Writer ,2016-08-09 Literature and the Writer was first conceived with the hope the essays would shed light on several dimensions of the authorial craft It was the hope of the editor that the selected essays would examine not only writers choice of vocabulary but also their deliberate selection of grammatical constructions and word order and their seamless weaving together of plots and imagery Moreover the analyses would also draw attention to how the writing process impacts the development of characters and the formulation of thematic strands in fiction Thus a wide variety of authors are deliberately selected to give the text depth writers of popular fiction as well as modern classics are included and contrasts are established between traditional writers and those who prefer to follow experimental trends Modernists are set against postmodernists absurdist vs realists minority ethnicities vs majority cultures and dominant genders appear in contrast to subordinated ones Clearly the major tenet of the collection is that the writing profession provides an unending dilemma that deserves to be explored in more detail as readers try to determine how authorial voices confuse while simultaneously elucidating their audience how texts are constructed by authors and yet deconstructed by the very words they choose to include how silence functions as inaudible yet audible discourse and how authorial self concept shapes not only itself but is also echoed in the fictional characters writers who appear in the texts **Latin American Writers** ,1989

Biron, 2012-12-15 Elena Garro and Mexico s Modern Dreams uses Elena Garro s eccentric life and work as a lens through which to examine mid twentieth century Mexican intellectuals desire to reconcile mexicanidad with modernidad The famously scandalous first wife of Nobel Prize winner poet Octavio Paz and an award winning author in her own right Garro constructed a mysterious and often contradictory persona through her very public participation in Mexican political conflicts Herself an anxious and contentious Mexican writer Elena Garro elicited profound political and aesthetic anxiety in her Mexican readers She confused the personal and the public in her creative fictions as well as in her vision of Mexican modernity This violation of key distinctions rendered her largely illegible to her contemporaries That illegibility serves as a symptom of unacknowledged desires that motivate twentieth century views of national modernity Taken together Garro s public persona and critical perspective expose the anxieties regarding ethnicity gender economic class and professional identity that define Mexican modernity Blending cultural studies and detailed literary analysis with political and intellectual history Mexico s Modern Dreams argues that in addition to the intriguing gossip she elicited in literary and political circles Garro produced a radical critique of Mexican modernity Her critique applies as well to the nation s twenty first century crisis of globalization state power and
