**Reengineering MIS** Kevin G. Coleman, 1996-01-01 Reengineering MIS Aligning Information Technology and Business Operations provides the background and foundation that will allow the radical change necessary for MIS to contribute to the success of the organization. It provides detailed understanding of reengineering initiatives in business. Cases on Information Technology Management in Modern Organizations Jay Liebowitz, Mehdi Khosrowpour, 1997-01-01 Information systems professionals learn best from the experiences of others. Successes and failures from others can help the IS community further develop and flourish. This book is a compilation of original case studies that describe information technology experiences in both domestic and international organizations. **Cleanroom Software Engineering Practices** Shirley A. Becker, James A. Whittaker, 1997-01-01 Cleanroom Software Engineering is a set of techniques and practices for the development of software intensive systems. This book brings together concepts, lessons learned, and best practices resulting from Cleanroom projects surveyed in the past several years. Software Process Improvement Eugene McGuire, 1999-01-01 Software Process Improvement (SPI) efforts are being undertaken by organizations of all types and sizes as they attempt to deal with the challenges of quality, complexity, and competitiveness. Software process improvement efforts rely on the successful integration of many technical, organizational, and methodological issues. SPI has provided a rich field for both conceptual and practical research in industry and academia. **Software Process Improvement Concepts and Practices** provides the opportunity for rich socio-technical and interdisciplinary studies in addition to those studies that primarily focus on process and/or enabling technology issues. This book addresses numerous aspects of SPI: program development, implementation, trends, opportunities, and future challenges in organizations. **Process Improvement and Organizational Learning** Ned F. Kock, 1999-01-01 Process improvement can itself be considerably improved by the use of information technology. Distributed and asynchronous group support systems such as e-mail, computer conferencing, and the World Wide Web are likely to play a major role in this improvement. **Process Improvement and Organizational Learning: The Role of Collaborative Technologies** analyzes the relationship between collaborative technologies, process improvement, and organizational learning. It is based on the author's experiences in numerous process-focused organizational development projects where process improvement groups were aided by the support of collaborative technologies. *Information Technology Diffusion in the Asia Pacific* Felix B. Tan, P. Scott Corbett, Yuk-Yong Wong, 1999-01-01 According to a recent United Nations report, the increase in power and functionality of IT coupled with decreasing prices have contributed to rapid IT adoption and use in both developed countries and newly industrialized nations of the Asia Pacific. **Information Technology Diffusion in the Asia Pacific: Perspectives on Policy, Electronic Commerce, and Education** provides essential reading on IT diffusion in leading countries of the Asia Pacific. By focusing on some of the different applications and implications of IT in these nations, contributions in this book deal with aspects of IT applications in the Asia Pacific countries and ways that

information technology can assist nations in dealing with technological and electronic growth and risks involved
