Queer Wales Huw Osborne, 2016-06-20 The relationship between nation and queer sexuality has long been a fraught one for the sustaining myths of the former are often at odds with the needs of the latter This collection of essays introduces readers to important historical and cultural figures and moments in queer life and it addresses some of the urgent questions of queer belonging that face Wales today

Charles Darwin in Australia F. W. Nicholas, Jan Nicholas, 2008-11-07 Drawing upon Darwin s diary this lavishly illustrated book traces Darwin s travels in Australia in 1836

Devolution, Law Making and the Constitution Robert Hazell, Richard Rawlings, 2015-12-01 Law making is a primary function of government and how well the three devolved UK legislatures exercise this function will be a crucial test of the whole devolution project This book provides the first systematic study and authoritative data to start that assessment It represents the fruits of a four year collaboration between top constitutional

lawyers from Scotland Wales and Northern Ireland and leading researchers in UCL's Constitution Unit The book opens with detailed studies of law making in the period 1999-2004 in the Scottish Parliament and the Assemblies in Wales and Northern Ireland and how they interact with Westminster Later contributions look at aspects of legislative partnership in the light of the UK's strongly asymmetric devolutionary development and also explain the unexpected impact of devolution on the courts Individual chapters focus on various constitutional aspects of law making examining the interplay of continuity and change in political legal and administrative practice and the competing pressures for convergence and divergence between the different parliaments and assemblies This book is essential reading for academics and students in law and in politics and for anyone interested in the constitutional and legal aspects of UK devolution not least the practitioners and policymakers in London Edinburgh Cardiff and Belfast

'Blerwythirhwng?' The Place of Welsh Pop Music Sarah Hill, 2017-07-05 In the 1960s Welsh language popular music emerged as a vehicle for mobilizing a geographically dispersed community into political action As the decades progressed Welsh popular music developed beyond its acoustic folk roots adopting the various styles of contemporary popular music and ultimately gaining the cultural self confidence to compete in the Anglo American mainstream market The resulting tensions between Welsh and English amateur and professional rural and urban the local and the international necessitate the understanding of Welsh pop as part of a much larger cultural process Not merely a Celtic issue the cultural struggles faced by Welsh speakers in a predominantly Anglophone environment are similar to those faced by innumerable other minority communities enduring political social or linguistic domination The aim of *Blerwythirhwng? The Place of Welsh Pop Music* is to explore the popular music which accompanied those struggles to connect Wales to the larger Anglo American popular culture and to consider the shift in power from the dominant to the minority the centre to the periphery By surveying the development of Welsh language popular music from 1945-2000 *Blerwythirhwng? The Place of Welsh Pop* examines those moments of crisis in Welsh cultural life which signalled a burgeoning sense of national identity which challenged paradigms of linguistic belonging and out of which emerged new expressions of Welshness

[The Work of the British Law Commissions](#) Shona Wilson Stark, 2017-07-13 The Law Commission of England and Wales and the Scottish Law Commission were both established in 1965 to promote the reform of the laws of their respective jurisdictions Since then they have each produced hundreds of reports across many areas of law They are independent of government yet rely on governmental funding and governmental approval of their proposed projects They also rely on both government and Parliament and occasionally the courts or other bodies to implement their proposals This book examines the tension between independence and implementation and recommends how a balance can best be struck It proposes how the Commissions should choose their projects given that their duties outweigh their resources and how we should assess the success or otherwise of their output Countries around the world have created law reform bodies in the Commissions' image They may wish to reflect on the GB Commissions' responses to the changes and challenges they have faced to reappraise their own law

reform machinery Equally the GB Commissions may seek inspiration from other commissions experiences The world the GB Commissions inhabit now is very different from when they were established They have evolved to remain relevant in the face of devolution the UK s changing relationship with the European Union increasing pressure for accountability and decreasing funding Further changes to secure the future of independent law reform are advanced in this book

Constitutional Review in Western Europe Kálmán Pócza, 2024-04-16 Recent confrontations between constitutional courts and parliamentary majorities in several European countries have attracted international interest in the relationship between the judiciary and the legislature Some political actors have argued that courts have assumed too much power and politics has been extremely judicialized Yet the extent to which this aggregation of power may have constrained the dominant political actors room for manoeuvre has never been examined accurately and systematically This volume fills this gap in the literature To explore the diversity and measure the strength of judicial decisions the authors have elaborated a new methodology that is intended to give a more nuanced picture of the practice of constitutional adjudication in Europe The work opens with an assessment of the existing literature on empirical analysis of judicial decisions with a special focus on Western Europe and a short summary of the methodology of the project This is followed by 11 country studies and a concluding chapter providing a comprehensive comparative analysis of the results A further ten countries are explored in the counterpart volume to this book Constitutional Review in Central and Eastern Europe Judicial Legislative Relations in Comparative Perspective The collection will be an invaluable resource for those working in the areas of empirical legal research and comparative constitutional law as well as political scientists interested in judicial politics

The Oxford Handbook of British Romantic Prose Robert Morrison, 2024 The Oxford Handbook of British Romantic Prose is a full length essay collection devoted entirely to British Romantic nonfiction prose Organized into eight parts each containing between five and nine chapters arranged alphabetically the Handbook weaves together familiar and unfamiliar texts events and authors and invites readers to draw comparisons reimagine connections and disconnections and

confront frequently stark contradictions within British Romantic nonfiction prose but also in its relationship to British Romanticism more generally and to the literary practices and cultural contexts of other periods and countries The Handbook builds on previous scholarship in the field considers emerging trends and evolving methodologies and suggests future areas of study Throughout the emphasis is on lucid expression rather than gnomic declaration and on chapters that offer not a dutiful survey but evaluative assessments that keep an eye on the bigger picture yet also dwell meaningfully on specific paradoxes and the most telling examples Taken as a whole the volume demonstrates the energy originality and diversity at the crux of British Romantic nonfiction prose It vigorously challenges the traditional construction of the British Romantic movement as focused too exclusively on the accomplishments of its poets and it reveals the many ways in which scholars of the period are steadily broadening out and opening up delineations of British Romanticism in order to encompass and thoroughly evaluate the achievements of its nonfiction prose writers

Sport Policy Across the United Kingdom Mathew Dowling, Spencer Harris, Chris Mackintosh, 2023-03-30 This book provides a comparative analysis of sport and physical activity policies processes and practices across the home nations England Scotland Wales and Northern Ireland of the United Kingdom Drawing upon in depth analysis by internationally recognised experts within the sport policy and management field and applying a novel analytical framework this book offers the first comprehensive intra country comparison of the most significant features of the sporting infrastructure across the home nations With chapters focusing on each of the four nations in detail followed by a comparative chapter that identifies themes regarding the evolution of sport policy across the UK the book examines the differences and similarities across elite community and school sport policy It provides an important insight into how sport policy interacts with national and devolved political structures and with sociocultural factors to drive both elite sporting success and community sport development This book is essential reading for any student researcher policymaker or sport practitioner with an interest in sport policy sport development sport management public policy or politics

Remaking the Union Howard Elcock, Dr Michael Keating, 2013-01-11 This volume addresses the issues arising from the recent devolution referenda by exploring the historical development of the proposals the importance of national and regional identities the changing policies of the political parties and the approaches of business and other major groups towards devolution It also looks at the impact on electoral reform coming from the proposal that proportional representation be used to elect the regional assemblies and how the new assemblies are to be financed Finally the book discusses the implications of a devolved British state where different countries and regions achieve different levels of autonomy at different paces
