

REFLECTIONS ON COMMUNITY STUDIES

Manuel Calvino

Universidad de La Habana
Havana, Cuba

In this article, the author reflects on some of the limitations of the field of Community Psychology. The critical reflections offered focus on: (a) the sterile quality of the field's alternatives between offering paternalistic or utopian perspectives on how community processes operate; (b) the field's reliance on scientific objectivity and neutrality; (c) the field's ignorance of those who live in the community and the consequent presentation of "disembodied" communities; (d) the field's ahistorical and decontextualized treatment of community phenomena; and (e) the paradoxical nature of providing help to a community. © 1998 John Wiley & Sons, Inc.

As reflected in its title, my goal in writing this article is to share with my colleagues in community psychology my reflections about the field and the challenges that it confronts. In many respects, our field has taken upon itself a task considered by many as fruitless, if not impossible. That task, however, becomes increasingly important as the needs of those residing in many communities become ever more urgent. I understand that these reflections do not represent either popular or widely held views. Hopefully, those interested in the economic, sociopolitical, and psychological reality of what are defined as communities in Latin America will appreciate the salience of my comments regarding how we apply our expertise in interventions, in theory, and in research methods.

Readers will note that I have not focused my comments on my country, Cuba. I base this decision on several factors. First, I believe community psychology in Cuba has (to paraphrase the old saying) a long past but a short history. In stating this, I am distinguishing clearly between what the field can be, and what it has been, in Cuba. In some respects, the Cuban Revolution represented a community effort, that is, a sociopolitical

These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
