A. Smith,2004-12-01 Although God is making a comeback in our society popular culture still takes its orders from the Enlightenment a movement that denied faith a prominent role in society Today many are questioning this elevation of reason over faith How should Christians respond to a secular world that continues to push faith to the margins While there is still no consensus concerning what a postmodern society should look like James K A Smith suggests that the answer is a reaffirmation of the belief that Jesus is Lord over all Smith traces the trends and directions of Radical Orthodoxy proposing that it can provide an old but new theology for a new generation of Christians This book will challenge and encourage pastors and thoughtful laypeople interested in learning more about currents in contemporary theology *Radical Thoughts on Ethical Leadership* Carole L. painfully shy geek awakened to the traumas of racism by five days in the Albany Georgia jail Now in their seventies eighties and nineties these veterans of community witness to the possibility of radical life conversions engagement with the hard slow work of racial reconciliation that learns from mistakes and does not quit This book concludes with the invitation to the joyful path of becoming who God made us to be saints Rousseau and Radical Democracy Kevin Inston,2010-08-15 Kevin Inston argues for the relevance of Rousseau s thought to contemporary debates about democracy and the work of such thinkers as Lefort Laclau and Mouffe **Political Symbolism in Modern Europe** Seymour Drescher,2020-07-24 By collectively concentrating on the theme of political symbolism in modern Europe the contributors to this volume have chosen to honor a revered teacher and colleague by developing a set of variations on one of his primary scholarly concerns The essays deal with familiar domains in the history of European culture religion science philosophy theater popular culture and social ideologies They attempt to focus on their individual subjects as studies of the ways in which the terms of cultural discourse have been shaped and elaborated by social position and the inherently political nature of such discourse The essays also trace attempts to capture assent or compliance to particular world views which have had profound cultural and political consequences Many es says deal with the vocabularies of strategically located elites con sciously or unconsciously shap ing discourse to enhance their role in the Eruopean social hierar chy Others turn to the problem of the dynamics of symbolic recep tion and reception by popular au diences A third group of thematic essays deals with case studies of world views dominated by political metaphors of group identityand differentiation which became dominant in Western Europe to ward the end of the nineteenth century class nation sex age and race The essays in the volume deal with George Mosse and political symbolism the medical model of cultural crisis in fin de siecle France cultural uses of fatigue in the nineteenth century Mar burg neo Kantian thought and German popular culture the Ostjude as a cultural symbol in German anti Semitism the func tion of myth and symbol in Georges Sorel feminism and eugenics in Edwardian England Darwinism and the working class in Germany science and religion in early modern Europe popular theater and socialism in fin de siecle France political symbolism in the paintings of the German war of liberation generational discourse in pre World War I France and cultural implications of national socialist religion Radical Writing Center Praxis Laura Greenfield,2019-04-15 In Radical Writing Center Praxis Laura Greenfield calls for a paradigm change in writing centers imagining a field whose very reason for being is to facilitate justice and peace The book calls on readers to more critically examine power and agency in writing centers and to imagine new possibilities for the field s theories and practices Large intersecting systems of oppression manifest in the everyday practices of institutions classrooms and writing centers Local practices in turn influence the surrounding world Radical Writing Center Praxis therefore challenges the writing center field to resist assumptions of political neutrality and instead to redefine itself in terms of more explicit ethical commitments In this paradigm it is clear that to engage in anti oppression work is not merely a special interest but rather a vital interest to all Introducing the concepts and vocabulary of radical politics Radical Writing

Center Praxis examines the tensions between the field's professed beliefs and everyday practices and offers a process by which the writing center discipline as a whole might rebuild itself anew. It will be invaluable to writing center directors, tutors, scholars, and students as well as to administrators and compositionists. The theological turn in continental philosophy and the turn to Paul in political philosophy have occasioned a return to radical theology, a tradition whose philosophical heritage can be traced to the death of God announced in the work of Nietzsche and Hegel. John D. Caputo's deconstructive theology and Slavoj Žižek's materialist theology are two radical theologies that explore what it might mean to pass through the death of God and to abandon this experience as specifically Christian. Radical Theology and Emerging Christianity demonstrates how these theologies are transforming everyday religious practices through an examination of the work of Peter Rollins and Kester Brewin, two figures at the radical margins of a contemporary expression of Western religiosity called emerging Christianity. The author uses her analysis of all four figures to argue that deconstructive practices can enable religious communities to become part of a wider materialist collective in which the death of God continues to resonate. Pushing the methodological boundaries of philosophy of religion by examining religious practices as the site of philosophical signification, the book challenges scholars and practitioners alike to a new and more demanding dialogue between theory and practice. **Radical Elegies** Eleanor Perry, 2022-04-21. Scholarship has traditionally characterized elegy as a Eurocentric tradition, a genealogy spanning from ancient Greek pastoral poems via the English elegy to English and Anglo-American Modernist contemporary poets. Perry examines how these genealogical constructions operate as a means of framing which guides interpretation. This book argues that they reflect a necropoetics, a system of principles, precepts, and techniques which serve to establish and maintain ideas about whose lives are worthy of being mourned publicly and whose losses matter. Examining elegies that challenge questions of whose deaths may be grieved, elegies which articulate the various ways in which certain lives are

made precarious and disposable and elegies which interrogate colonial violence structures of white power militarized forms of policing prison industrial and military industrial complexes Perry explores possibilities for radical new ways of understanding elegy beyond established genealogical frames This study retheorizes some basic terms of analysis of contemporary US poetry and poetics critical race and ethnic studies racial capitalism and contemporary theories of comparative and relational racialization
