When Writers Drive the Workshop Brian Kissel, 2023-10-10 With increasing school mandates and pressure to perform well on standardized tests writing instruction has shifted to more accountability taking the focus away from the writer In his engaging book *When Writers Drive the Workshop Honoring Young Voices and Bold Choices* author Brian Kissel asks teachers to go back to the roots of the writing workshop and let the students lead the conference What happens when students not tests determine what they learned through reflection and self evaluation In *When Writers Drive the Workshop* you will find practical ideas guiding beliefs FAQs and Digital Diversions to help visualize digital possibilities in the classroom Written in an engaging teacher to teacher style this book focuses on four key components of writing workshop Student led conferring sessions where the teachers are the listeners The Author's Chair where students set the agenda and gather feedback Structured reflection time for students to set goals and expectations for themselves Mini lessons that allow for detours based on students needs not teacher or curricula goals All students have the powerful shared need to be heard when they choose their writing topics they can see their lives unfold on the page Teachers are educated by the bold choices of these young voices

Introducing Teachers' Writing Groups Jenifer Smith, Simon Wrigley, 2015-11-06 Teachers writing groups have a significantly positive impact on pupils and their writing This timely text explains the importance of teachers writing groups and how they have evolved It outlines clearly and accessibly how teachers can set up their own highly effective writing groups In this practical and informative book the authors share the thinking and practice that is embodied by teachers writing groups provide practical support for teachers running a group or wishing to write for themselves in order to inform their practice cover major themes such as the relationship between writing teachers and the teaching of writing writing as process and pleasure writing and reflective practice writing journals and the writing workshop The authors provide a rationale for the development of writing groups for teachers and for ways of approaching writing that support adult and child writers and this rationale informs the ideas for writing throughout the book All writing and teaching suggestions have been extensively tried and tested by class teachers and will be of enormous interest to any teacher or student teacher wishing to run their own successful writing group

Self-reflection in Literature, 2019-12-16 Self reflection is

fundamental for human thinking on many levels Philosophy has described the mind's capacity to observe itself as a core element of human existence Political and social sciences have shown how modern democracies depend on society's ability to critically reflect on their own values and practices And literature of all ages has proven self reflexivity to be a crucial trait of cultural production This volume provides the first diachronic panorama of genres forms and functions of literary self reflection and their connections with social political and philosophical discourses from the 17th century to the present Far beyond the usual focus on postmodernist opacity these contributions present a rich tradition of critical transparency Literary texts that show us what is behind and beyond them

Inquiry and Reflection Diane DuBose Brunner, 1994-03-31 Inquiry and Reflection shows how stories of schooling can elucidate difficult and unexamined problems facing teachers While professional texts tend to raise issues of power and its distribution and questions of culture and ideology often the manner of presentation is abstract and pre service teachers have difficulty making connections Yet literary film and video materials illuminate problems and suggest ideas to which teachers can actively respond This book offers teacher educators a variety of resources for articulating a critical pedagogy and suggests an alternative to the technical job training approach to teacher education by providing a unique educational curricula that illuminates issues of power ideology and culture

Doing Academic Writing in Education Janet C. Richards, Sharon K. Miller, 2006-04-21 Guides educators who are or will be engaged in a variety of academic writing tasks through the writing process with emphasis on connecting professional writing and the personal self

Conceptualising Reflection In Teacher Development James Calderhead, Peter Gates, 2003-09-02 Reflection has become widely recognised as a crucial element in the professional growth of teachers Terms such as reflective teaching enquiry orientated teacher education teachers as researchers and reflective practitioner have become quite prolific in discussions of classroom practice and professional development It is frequently presumed that reflection is an intrinsically good and desirable aspect of teaching and teacher education and that teachers in becoming more reflective will in some sense be better teachers though such claims have been rarely subject to detailed scrutiny Each of the chapters in this book is concerned with exploring the concept of reflection and considering its contributions to teacher education The papers range across different stages of professional development some focusing in particular on pre service education others on in service or professional development generally Some of the papers are concerned with particular strategies for promoting reflection and how they might operate in a teacher education context others dwell more upon a theoretical appreciation of how reflection facilitates in the processes of professional development and how it relates to issues of quality in teacher education
