Huck,1979 In Children s Literature in the Elementary School Charlotte S Huck advances the view that

exposing children to good quality children's literature is a vital element of successful school reading programs. Books for children should be 1. works of high literary quality 2. useful in the curriculum and 3. appeal to the young reader. Volumes that address this subject have traditionally been tasked with meeting a wide variety of objectives in higher education if adopted by education departments. Methodological matters are stressed under the school of library science. Bibliography is the object and under the English department textual analysis is emphasized. This text is sufficiently broad as to adapt itself to any one of these approaches and should serve as a valuable guide for teachers, librarians and elementary educators in any capacity.

**Classroom Notes Plus**, 1999      **Moments in Literature**, 1972      Elementary Children's Literature Nancy A. Anderson, 2002. Written in a personable tone, this concise literature methods text is filled with classroom applications and teaching strategies for future teachers and parents of preschool and elementary children. Organized around genres, this student-friendly text presents the basic children's literature course content. Each genre chapter contains extensive up-to-date bibliographies, most with annotations of books in print and a few exceptional out-of-print books, and for each genre there is a list of evaluation criteria. This exceptional textbook not only includes books about minorities in each chapter but it also features works by minority authors and illustrators. Uniquely, *Elementary Children's Literature* offers instructional and curriculum tie-ins that are woven within the text and in literature response boxes at strategic places in each chapter. Book illustrations are included at the beginning of each chapter as well as throughout the narrative.      **Telling Stories to Children** Sylvia Ziskind, 1976
