Examines the lure of mountains in German literature philosophy film music and culture from the Middle Ages to the twenty first century Mountains have always stirred the human imagination playing a crucial role in the cultural evolution of peoples around the globe and becoming infused with meaning in the process Beyond their geographical geological significance mountains affect the topography of the mind whether as objects of peril or attraction of spiritual enlightenment or existential fulfillment of philosophical contemplation or aesthetic inspiration This volume challenges the oversimplified assumption that human interaction with mountains is a distinctly modern development one that began with the empowerment of the individual in the wake of Enlightenment rationalism and Romantic subjectivity These essays by European and North American scholars examine the lure of mountains in German literature philosophy film music and culture from the Middle Ages to the present with a focus on the interaction between humans and the alpine environment The contributors consider mountains not as mere symbolic tropes or literary metaphors but as constituting a tangible reality that informs the experiences and ideas of writers naturalists philosophers filmmakers and composers Overall this volume seeks to provide multiple answers to questions regarding the cultural significance of mountains as well as the physical practice of climbing them Contributors Peter Arnds Olaf Berwald Albrecht Classen Roger Cook Scott Denham Sean Franzel Christof Hamann Harald H busch Dan Hooley Peter H yng Sean Ireton Oliver Lubrich Anthony Ozturk Caroline Schaumann Heather I Sullivan Johannes T rk Sabine Wilke Wilfried Wilms SEAN IRETON is Associate Professor of German at the University of Missouri CAROLINE SCHAUMANN is Professor of German Studies at Emory University     **The Mirror and the Mountain** Luke Aylen,2021-02-19 In Luke Aylen s *The Mirror and the Mountain* a title released in association with Essential Christian two 11 year olds pass through a mirror and end up in a magical kingdom called Presadia Trapped in a war torn kingdom with no way home Summer and Jonah are pulled into a strange quest to find the long lost king who alone has the power to restore peace to Presadia Meeting strange and wonderful people along the way including the dwarf high lord the elf queen and a fire breathing dragon they learn important lessons about pride greed and the power of words as they embark on an epic journey to save the realm The children and their new friends must be brave as they fly across the broken kingdom and climb a misty mountain Can they fulfil their quest to find the king and restore peace to Presadia And will Summer and Jonah ever make it back to their own world     Ready to Paint in 30 Minutes: Mountain Scenes in Watercolour Linley,2020     *The Mountain* John Charles Van Dyke,1916     **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986** ,2000     **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954** United States. Alexander,2023-09-26 At 14 259 feet Longs Peak towers over Colorado s northern Front Range A prized location for mountaineering since the 1870s Longs has been a place of astonishing climbing feats and unsurprisingly of significant risk

and harm Careless and unlucky climbers have experienced serious injury and death on the peak while their activities equipment and trash have damaged fragile alpine resources As a site of outdoor adventure attracting mostly white people Longs has mirrored the United States tenacious racial divides even into the twenty first century In telling the history of Longs Peak and its climbers Ruth M Alexander shows how Rocky Mountain National Park like the National Park Service NPS has struggled to contend with three fundamental obligations to facilitate visitor enjoyment protect natural resources and manage the park as a site of democracy Too often it has treated these obligations as competing rather than complementary commitments reflecting national discord over their meaning and value Yet the history of Longs also shows us how over time climbers the park and the NPS have attempted to align these obligations in policy and practice By putting mountain climbers and their relationship to Longs Peak and its rangers at the center of the story of Rocky Mountain National Park Alexander exposes the significant role outdoor recreationists have had as both citizens and privileged adventurers in shaping the peak s meaning use and management Since 2000 the park has promoted climber enjoyment and safety helped preserve the environment facilitated tribal connections to the park and attracted a more diverse group of visitors and climbers Yet Alexander argues more work needs to be done Alexander s nuanced account of Longs Peak reveals the dangers of undermining national parks fundamental obligations and presents a powerful appeal to meet them fairly and fully
