Reflections on the Cuban Missile Crisis Raymond Garthoff, 2011-03-01 The Soviet response to the first edition of Reflections has been a prime example of the new openness under glasnost in discussing previously taboo subjects Using new revelations such as the fact that Moscow had twice as many troops in Cuba as the Kennedy administration believed from key Soviet and Cuban Sources Garthoff has revised his earlier analysis to produce the most accurate eye opening story yet of the 1963 crisis In this book Raymond L Garthoff a participant in the crisis deliberations of the U S government reflects on the nature of the crisis it s consequences and it s lessons for the future He provides a unique combination of memoir historical analysis and political interpretations He gives particular attention to the aftermath and afterlife of the crisis and to its bearing on current and future policy In the first edition of the book in 1987 the Garthoff presented a number of facts for the first time Since then more information has become available particularly from Soviet sources in part from conferences in which Garthoff participated but even more from individual interviews and research This new information much of it presented here in this volume for the first time helps to fill in gaps in our knowledge about events and motivations on the Soviet side More importantly it enlarges our understanding of the crisis interaction

**The Cuban Missile Crisis Revisited** J. Nathan, 2016-04-30 The Cuban Missile Crisis

Revisited is a comprehensive overview of the great cornucopia of new materials recently released by the Soviet Union United States and Cuba The authors some of whom were participants in the crisis have all had a major role in bringing to light either significant reevaluations of the crisis or in some cases truly startling revelations of the extant wisdom surrounding much of the crisis The collection edited by a long time student of the crisis is a coherent original and up to date work that bears on a moment when the world for good cause held its breath in fear that the morning might bring the apocalypse

**The Other Missiles of October** Philip Nash,1997 Shedding important new light on the history of the Cold War Philip Nash tells the story of what the United States gave up to help end the Cuban missile crisis of 1962 By drawing on documents only recently declassified he shows that one of President Kennedy s compromises with the Soviets involved the removal of Jupiter missiles from Italy and Turkey an arrangement concealed from both the American public and the rest of the NATO allies Nash traces the entire history of the Jupiters and explores why the United States offered these nuclear missiles which were capable of reaching targets in the Soviet Union to its European allies after the launch of Sputnik He argues that despite their growing doubts both Eisenhower and Kennedy proceeded with the deployment of the missiles because they felt that cancellation would seriously damage America s credibility with its allies and the Soviet Union The Jupiters subsequently played a far more significant role in Khrushchev s 1962 decision to deploy his missiles in Cuba in U S deliberations during the ensuing missile crisis and in the resolution of events in Cuba than most existing histories have supposed

**Endgame** Stephen J. Cimbala, 2014-01-14 At the end of the Cold War security concerns are more about regional and civil conflicts than nuclear or Eurasian global wars Stephen Cimbala argues that deterrence characteristics of the pre Cold War period will in the 21st century again become normative
