**The Software Encyclopedia**, 1986      Clinical Reflexology Denise Tiran, Peter A. Mackereth, 2010-12-01 Clinical Reflexology takes the practitioner on a journey of examination critical review and debate prior to making recommendations for best practice in reflexology The phenomenal rise in interest by health professionals in Complementary and Alternative Medicine CAM and in particular touch therapies has led to a need for texts that relate and integrate theory and practice to health care settings Clinical Reflexology does this expanding and exploring concepts introduced in the first edition Many CAM books have been written for therapists working in private practice but many of these practitioners are also now working in healthcare settings This book allows both groups to facilitate the greater integration of clinical reflexology in clinical practice The book is divided into two sections The first deals with key themes including an up to date review of the research evidence and appropriate methodology safe and supported practice and integration issues All these themes are explored and discussed utilizing the available literature analysis of models and concepts and are related specifically to health care practice The second section focuses on the clinical application of reflexology and how it can be best adapted to the context The contributors are committed pioneers in their field with a track record of integrating reflexology within clinical settings Many are teachers coordinators of therapy services and supervisors ABOUT THE AUTHORS Dr Peter Mackereth is the Clinical Lead for Complementary Therapies and Smoking Cessation Services at The Christie NHS Foundation Trust Manchester He is a registered nurse and has worked in intensive care neurology and oncology Peter has an MA in Medical Ethics and has completed a PhD project examining reflexology vs relaxation training for people with Multiple Sclerosis An author and renowned speaker Peter has held academic post in number of universities most recently as Reader in Integrative Health at the University of Derby Denise Tiran a midwife lecturer and reflex zone therapist is an internationally acclaimed authority on complementary therapies in pregnancy and childbirth She is Director of Expectancy the leading provider of professional education on the safe use of complementary therapies in maternity care including a special pregnancy course for reflexologists Her latest book Reflexology for Pregnancy and Childbirth was published in January 2010      Reflexology Moss Arnold, 2018-11-01 Reflexology Basics of the Middle Way answers the questions to the mystery surrounding the science and art of reflexology Moss Arnold the acclaimed originator and presenter of Chi reflexology covers the basics of his approach to reflexology as well as beginning the process of establishing a solid foundation upon which reflexology can stand through a re examination of the theory and practice The Challenge for a therapist is to turn the science of reflexology into their own unique art To achieve this anyone using reflexology needs an excellent understanding of the basics      **Total Reflexology of the Hand** Martine Faure-Alderson, 2016-05-17 How to apply the precise treatment techniques of Total Reflexology which combines craniosacral therapy and foot reflexology to the hands Explains the special relationship between the hand and the brain making hand reflexology ideal for treatment of neurological mental and emotional disorders Details how to use the

occipital zones of craniosacral therapy to pinpoint which zones and points on the hands to treat Includes full color detailed maps of the pressure points and zones of the hands One of the most defining physical characteristics of humanity the hands contain reflex zones and pressure points related to the systems and organs of the body just like the feet The reflex zones and points of the hands present the most effective means of treating psychological and neurological disorders due to their sophisticated relationship with the brain Applying her ground breaking combination of reflexology and craniosacral therapy to the hands Dr Martine Faure Alderson explains how to use hand reflexology to treat the brain and each of the body s systems from the digestive system to the human energetic system She provides precise full color mapped hand diagrams illustrating the exact placement of the points according to the bones of the hands the result of more than 40 years of research and clinical practice She explains how to use the occipital zones of craniosacral therapy to pinpoint which zones and points on the hands to treat Examining the psychological level of brain hand interactions the author reveals how neurological dysfunctions and mental disorders respond more readily to hand reflexology than to other forms of therapies She explains how many physical ailments have a psychological component and how reflexology automatically triggers the release of endorphins by working directly on the autonomic nervous system The author explores the role of nutritional supplements including Omega 3s as a support to reflexology therapy and shows how finely tuned reflexology stimulates the body s self healing abilities and cellular regeneration making this an indispensable resource for holistic health practitioners and for home self care
