*Reform, Planning, and City Politics* Harold Kaplan, 1982      **City Politics, Canada** James Lightbody, 2006-01-01 City Politics Canada will both irritate and please but it should be read it raises all the important questions about urban governance in Canada Caroline Andrew Centre on Governance University of Ottawa      *The Changing Social Geography of Canadian Cities* Larry S. Bourne, David Ley, 1993 The contributors to this volume demonstrate the richness and diversity of the social landscapes and communities in Canadian urban centres emphasizing changes which occurred in the period from the mid 1960s to the early 1990s The nineteen non technical and integrative essays include reviews of the literature empirical studies and discussions of policy issues CONTENTS Introduction The Social Context and Diversity of Urban Canada David F Ley and Larry S Bourne Part One Patterns People and Place in Urban Canada Evolving Urban Landscapes D W Holdsworth Measuring the Social Ecology of Cities W K D Davies and R A Murdie Demography Living Arrangement and Residential Geography J R Miron Urban Social Behaviour in Time and Space D G Janelle Part Two Contexts Social Structure and Urban Space Migration Mobility and Population Redistribution E G Moore and M W Rosenberg The Emerging Ethnocultural Mosaic S H Olson and A L Kobayashi Work Labour Markets and Households in Transition D Rose and P Villeneuve Housing Markets Community Development and Neighbourhood Change Larry S Bourne and T Bunting Part Three Places Selected Locales Integrating Production and Consumption Industry Class Ethnicity and the Jews of Toronto D Hiebert Past Elites and Present Gentry Neighbourhoods of Privilege in the Inner City David F Ley From Periphery to Centre The Changing Geography of the Suburbs L J Evenden and G E Walker The Social Geography of Small Towns J C Everitt and A M Gill Part Four Needs Social Well being and Public Policy Social Planning and the Welfare State J T Lemon The Meaning of Home Home Ownership and Public Policy R Harris and G J Pratt Homelessness M J Dear and J Wolch Geography of Urban Health S M Taylor Changing Access to Public and Private Services Non family Childcare S Mackenzie and M Truelove Cities as a Social Responsibility Planning and Urban Form P J Smith and P W Moore      **Local Parties In Political And Organizational Perspective** Martin R. Saiz, 2021-10-28 Analyzes relations between political party systems and local communities in the United States Canada Great Britain Germany Italy and other nations This book addresses an almost completely neglected branch of community politics the comparative analysis of local political systems Accordingly Local Parties in Political and Organizational Perspective opens new views to a variety of relations between political systems and local communities in the United States Canada Great Britain Italy Germany and other nations The authors unite specific national case studies with an original theoretical framework resulting in an anthology with uncommon coherency Theoretical generalizations are tested with cross national data each case study in turn demonstrates a localized version of the larger framework using specific historical political outcomes as examples This book addresses an almost completely neglected branch of community politics the comparative analysis of local political systems Accordingly Local Parties in Political and

Organizational Perspective opens new views to a variety of relations between political systems and local communities in the United States Canada Great Britain Italy Germany and other nations The authors unite specific national case studies with an original theoretical framework resulting in an anthology with uncommon coherency Theoretical generalizations are tested with cross national data each case study in turn demonstrates a localized version of the larger framework using specific historical political outcomes as examples Local Parties in Political and Organizational Perspective argues that local political parties should be understood as Janus faced components of nationally encompassing organizations on the one hand and specific actors in community politics on the other As such local parties necessarily act as the primary democratic institutions that link ordinary citizens to local governmental institutions and transitively to the national political system By linking ordinary citizens and the most basic local organizations with national politics Local Parties in Political and Organizational Perspective adds significantly to the collective understanding of the nature and status of local parties in mature and developing democracies

**Governing the Island of Montreal** Andrew Sancton, 2023-04-28 Located at the junction of the St Lawrence and Ottawa rivers Montreal Island is the main contact point between French and English Canadians Prior to Quebec's Quiet Revolution of the 1960s local governments in Montreal both reflected and perpetuated the mutual isolation of French and English Residential concentration in autonomous suburbs together with self contained networks of schools and social services enabled English speaking Montrealers to control the city's economy and to conduct their community's affairs with little regard for the French speaking majority The modernization of the Quebec state in the 1960s dramatically challenged this arrangement The author demonstrates how the English speaking politicians in cooperation with certain French speaking allies have succeeded in preventing the wholesale adoption of ambitious schemes for metropolitan reorganization He describes the workings of a society divided by language and ethnicity where the pervasiveness of the politics of language impedes all plans for comprehensive metropolitan reform This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1985

**Cities in Transition** Nirmala Rao, 2008-01-07 This is an up to date and topical treatment of how six major cities in Europe North America and Asia are coping with the new demands on urban government Population expansion the migration of new peoples and disparities between cities and suburbs are longstanding features of the urban crisis Today city governments also face demands for popular participation and better public services while they struggle to position themselves in the new world economy While each of the cities is located in its unique historical setting the emphasis of the book is upon the common dilemmas raised by major planning problems and the search for more suitable approaches to governance and citizen involvement A principal theme is the re engineering of institutional structures designed to foster local responsiveness and

popular participation The discussion is set in the context of the globalizing forces that have impacted to different degrees at different times upon London Tokyo Toronto Berlin Hyderabad and Atlanta Cities in Transition is a major and original addition to the comparative literature on urban governance **A Social Geography of Canada** Guy M. Robinson,2013-12-30 This

collection of essays focus on subjects which formed the basis of his life s work the changing character of Canadian landscape and society and the urbanization of that society including aspects of its historical evolution its present spacial forms and current social issues **Property Wrongs** Doug Smith,2023-04-13T00:00:00Z Until 1969 the City of Winnipeg had

undertaken only two public housing projects even though the failure of the market to provide adequate housing for low income Winnipeggers had been apparent since the beginning of the century By 1919 providing housing was a significant issue in municipal politics that was embraced by civic officials professionals reformers labour leaders and social democratic politicians It also became a proxy issue for refighting the 1919 General Strike at city hall However Winnipeg s business community proved effective opponents of public housing The struggle for public housing was also a struggle for democracy Up until the 1960s public housing required approval by a referendum in which only the city s property owners could vote This rule deprived close to half the city s voters and virtually everyone who might qualify to live in public housing of the right to vote Over decades that barrier to democracy was whittled away An NDP provincial government elected in 1969 added 11 144 units of public housing to the existing 568 units Today public housing is once more under attack Rather being treated as valued public assets they are considered embarrassing encumbrances that should be sold as part of a process of turning public housing over to the private sector The struggle to protect and expand the provision of non profit housing is undermined by the rupture in political memory of the long struggle to build public housing and the current political situation

Winnipeg Modern Serena Keshavjee,2006-09-15 A vivid stylish and fascinating look at internationally acclaimed architects and their work Beginning in the 1940s John A Russell dean of the School of Architecture at the University of Manitoba nurtured a strong tradition of Modernist design with close connections to architectural giants such as Mies van der Rohe and Walter Gropius Under Russell s guidance a generation of young architects such as James Donahue and David Thordarson adapted the principles of European Modernism to the prairie geography Other nationally renowned architects such as tienne Gaboury and Gustavo da Roza also left a lasting Modernist mark on Winnipeg s skyline and private residences Edited by Serena Keshavjee and designed by architect Herbert Enns Winnipeg Modern captures the grace and beauty of the Modernist period and includes critical and historical essays on the aesthetic and social project of Modernist architecture in Winnipeg Lavishly illustrated with 300 photographs from provincial archives the private archives of architect Henry Kalen and contemporary photographer Martin Tessler this book is a testament to the Modernist principles of structural expression and purity of form **The Heart of Toronto** Daniel Ross,2022-04-01 From the 1950s to the 1970s downtown North

America was reconfigured for the suburban age Municipal officials planned renewal schemes merchant groups lobbied for

street improvements developers built bigger and taller Everywhere attention turned to the problems and possibilities at the commercial and civic heart of cities The Heart of Toronto follows one such example of reinvention downtown Yonge Street Efforts to keep pace with or even lead urban change included the street's conversion into a car free public space a clean up campaign targeting the sex industry and the construction of North America's largest urban shopping mall These revitalization projects were all connected to wider trends of postwar decentralization economic restructuring and cultural transformation Interweaving histories of development civic activism and corporate clout The Heart of Toronto widens our understanding of the actors and power dynamics involved in remaking downtown in Canada's largest city a process that is far from over

**The Comparative Study of Local Government and Politics** Harald Baldersheim, Hellmut Wollmann, 2006-10-24 The book provides a the state of the art of local government studies with an emphasis on contributions by political science Particular attention is paid to the development of the research agenda in the field of which a potential future development is outlined

The Public Metropolis Frances Frisken, 2007 The Public Metropolis traces the evolution of Ontario government responses to rapid population growth and outward expansion in the Toronto city region over an eighty year period Frisken rigorously describes the many institutions and policies that were put in place at different times to provide services of region wide importance and skilfully assesses the extent to which those institutions and policies managed to achieve objectives commonly identified with effective regional governance Although the province acted sporadically and often reluctantly in the face of regional population growth and expansion Frisken argues that its various interventions nonetheless contributed to the region's most noteworthy achievement a core city that continued to thrive while many other North American cities were experiencing population economic and social decline This perceptive and comprehensive examination of issues related to the evolution of city regions is critical reading not only for those teaching and researching in the field but also for city and regional planners officials at all levels of government and urban historians The research writing and publication of this book has been supported by the Neptis Foundation

*Alberta's Local Governments: Politics and Democracy* Jack Masson, Edward C. LeSage, 1994 During the last decade Alberta municipalities have endured hardships they have not faced since the Great Depression Changes in the province's political structures appear to have been made primarily to transfer a greater share of the costs of local government to the municipalities yet surprisingly few municipal politicians have resisted the province's financial policies

Power and Place Gilbert A. Stelter, Alan F. J. Artibise, 1986 Based on papers originally presented at the Canadian American Urban Development Conference held at the University of Guelph in August 1982

*Liberal Dreams and Nature's Limits* James T. Lemon, 2008-05-14 On the agricultural frontier and through technological progress Europeans and others and their descendants have sought to fulfill their dreams of improvement Through businesses governments and other bodies city dwellers expedited these desires by organizing settlements communications trade finance and manufacturing In turn cities grew mightily To assess the present condition of cities

Liberal Dreams and Nature's Limits focuses on five large North American cities at various times in the past Philadelphia about 1760 New York 1860 Chicago 1910 Los Angeles 1950 and Toronto 1975 Life inside these cities specifically the economy society and politics public services land development and the geographies of circulation workplaces and residential districts is the central concern of this book Another concern is drawing contrasts and similarities between the American and Canadian urban experiences North Americans most now living in cities face the challenge of a social frontier how to maintain civility in a near stagnant economy Despite recent advances in cyberspace nature has imposed limits on technical progress defined by speed convenience and comfort Promethean gains through creative destruction are no longer possible Increased preoccupation with money status and safety suggests that the striving inspired by liberalism is still appealing Yet without growth liberal dreams cannot be fulfilled To ensure work income equity and a degree of freedom in thought and action citizens and leaders in both countries will have to commit themselves as never before to managing fairness through social democracy Sustainable cities are not possible otherwise

*Metropolitan Government* I. M. Barlow, 2025-09-01 First published in 1991 Metropolitan Government provides an in depth study of metropolitan government and outlines the need for a unit of government at the metropolitan level It discusses relevant theoretical aspects of local government reorganization Developments in metropolitan government in London Manchester Melbourne Toronto and San Francisco are explored documenting approximately 100 years of progress By examining cities in Australia Britain Canada and the United States the volume provides a good basis for international comparative studies in the field This book is intended for students and researchers in political geography political science policy studies public administration and urban studies

**City-County Consolidation and Its Alternatives: Reshaping the Local Government Landscape** J.B. Carr, Richard C. Feiock, 2016-07-08 City country consolidation builds upon the Progressive tradition of favoring structural reform of local governments This volume looks at some important issues confronting contemporary efforts to consolidate governments and develops a theoretical approach to understanding both the motivations for pursuing consolidation and the way the rules guiding the process shape the outcome Individual chapters consider the push for city county consolidation and the current context in which such decisions are debated along with several alternatives to city county consolidation The transaction costs of city county consolidation are compared against the costs of municipal annexation inter local agreements and the use of special district governments to achieve the desired consolidation of services The final chapters compare competing perspectives for and against consolidation and put together some of the pieces of an explanatory theory of local government consolidation

*Urban and Regional Planning in Canada* J. Barry Cullingworth, 2017-09-08 Originally published in 1987 this book presents a wide ranging review of urban regional economic and environmental planning in Canada A comprehensive source of information on Canadian planning policies it addresses the wide variations between Canadian provinces While acknowledging similarities with programs and policies in the United States and Britain the author documents the

distinctively Canadian character of planning in Canada Among the topics addressed in the book are the agencies of planning on the nature of urban plans the instruments of planning land policies natural resources regional planning at the federal level regional planning and development in Ontario regional planning in other provinces environmental protection planning and people and reflections on the nature of planning in Canada The author documents how governmental agencies handle problems of population growth urban development exploitation of natural resources regional disparities and many other issues that fall within the scope of urban and regional planning But he goes beyond this to address matters of politics law economics social organization The book is pragmatic eclectic interpretive and critical It is a valuable contribution to international literature on planning in its political context **We're Going to Run This City** Stefan Epp-Koop,2015-09-11

Stefan Epp Koop s We re Going to Run This City Winnipeg s Political Left After the General Strike explores the dynamic political movement that came out of the largest labour protest in Canadian history and the ramifications for Winnipeg throughout the 1920s and 1930s Few have studied the political Left at the municipal level even though it is at this grassroots level that many people participate in political activity Winnipeg was a deeply divided city On one side the conservative political descendants of the General Strike s Citizen s Committee of 1000 advocated for minimal government and low taxes On the other side were the Independent Labour Party and the Communist Party of Canada two parties rooted in the city s working class though often in conflict with each other The political strength of the Left would ebb and flow throughout the 1920s and 1930s but peaked in the mid 1930s when the ILP s John Queen became mayor and the two parties on the Left combined to hold a majority of council seats Astonishingly Winnipeg was governed by a mayor who had served jail time for his role in the General Strike Politics Paul W. Fox,Graham White,1987
