**Wai Chee Dimock**

## **Reform Impulse 1825 1850:**

The Reform Impulse, 1825-1850 Walter Edward Hugins, 1972      **The Era of the Civil War--1820-1876** US Army Military History Research Collection, Benjamin Franklin Cooling (III), 1974      *The Era of the Civil War--1820-1876* Louise A. Arnold-Friend, US Army Military History Institute, 1982      Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1975      **The Intellectual Origins of Mass Parties and Mass Schools in the Jacksonian Period** Julie M. Walsh, 1998 Argues that in the 1830s and 1840s all three main US political parties despite their rhetorical differences maintained consensus about citizenship training through educating children which produced the first generation of politically passive Americans content to vote loyally for their party and demand little or no input into the formation of its platform This in turn is seen as essential for building the type of political party that has endured since Annotation copyrighted by Book News Inc Portland OR      *Empire for Liberty* Wai Chee Dimock, 2021-08-10 Wai Chee Dimock approaches Herman Melville not as a timeless genius but as a historical figure caught in the politics of an imperial nation and an imperial self She challenges our customary view by demonstrating a link between the individualism that enabled Melville to write as a sovereign author and the nationalism that allowed America to grow into what Jefferson hoped would be an empire for liberty

**Americans in Dissent** Steven L. Piott, 2014-10-15 *Americans in Dissent* is designed as a collection of biographical essays written for general readers and undergraduates that focuses on the topic of American dissent during the period from 1830 to 1890 Centered on influential nineteenth century social critics this volume shifts the focus of American reform away from romantic attempts at reforming the individual to more pragmatic efforts aimed at confronting social economic and political problems Coexisting with what seemed to be a preponderance of romantic idealism during much of the period was an undercurrent of genuine realism Instead of looking through the prism of a pre modern society many of these dissenters focused on how society was becoming increasingly acquisitive and entrepreneurial They were among the first to question laissez faire individualism and unrestrained industrial capitalism and anticipated the critiques of later Progressive Era reformers Representing a wide range of interests each of the selections features a fascinating and provocative man or woman who offered a fundamental critique of American society and made a significant contribution to the development of the reform ethos that characterized the period      *An Emotional History of the United States* Peter N. Stearns, Jan Lewis, 1998 Emotions lie at our very core as human beings How we process and grapple with our emotions how and what we emote and how we respond to the emotions of others constitute the essence of our social universe In a very real sense we exist only through the prism of our emotions And yet the profound effect of human emotion on history politics religion and culture remains underexamined While the influence of emotion in such realms as American foreign policy has been well documented other emotional aspects of American history have escaped notice What role for instance does emotion have in the practice of African American religion How do shame and self hatred influence American conceptions of identity How does our emotional

life change as we age To what degree is American consumerism driven by basic human emotion With this landmark anthology historians Peter N Stearns and Jan Lewis provide a road map of the American emotional landscape From the emotional world of working class Massachusetts to the prayers of evangelical and pentecostal women and the gendered nature of black rage these essays provide a multicultural snapshot of the unique nature and evolution of American emotions

**Boats Against the Current** Lewis Perry, 2002-08 Boats Against the Current provides a fascinating account of how American culture emerged from the sheltered elitist world of the eighteenth century into the dynamic turbulent civilization that reached full bloom after the Civil War The antebellum years were times of flux and change years of a society rushing into the western wilds muscular and ambitious yet haunted by uncertainty about its future and its past Renowned scholar Lewis Perry begins his study with a fresh look at Andrew Jackson vividly recreating a time when Americans feeling their ties to the past disintegrating fostered a new fascination with history Then Perry introduces us to the observations of such articulate foreign travelers as Alexis de Tocqueville and Fredrika Bremer He deftly weaves together these writers perspectives to provide a fascinating look at our emergent nation Here too are the women of the cities and frontier the peddlers preachers and showmen along with such writers as Hawthorne Emerson Whittier and Parker Perry brings these personalities and writings together to show us how early nineteenth century America saw itself in both its promise and its fears Now available for the first time in paperback Boats Against the Current offers a brilliant portrait of a society in the midst of change expansion and reflection about its own future and past Written by one of our leading intellectual historians it makes a major contribution to our understanding of the emergence of modern American culture Daughters of the State Barbara M.

Brenzel, 1985-09 A rich and fascinating study of education social reform and women s history Daughters of the State explores the lives of young girls who came to the State Industrial School for Girls in Lancaster Massachusetts during its first fifty years Brenzel skillfully integrates the complex lines of nineteenth century social thought and policies formed around issues of work sex roles schooling and sexuality that have carried through to this century In the school shandwritten case histories and legislative reports she uncovers institutional mores and biases toward the young and the poor and especially toward women Brenzel also reveals the plight of the parents who were forced by their circumstances to condemn their children to such institutions in the hope of improving their futures Barbara Brenzel is Assistant Professor of Education and Department Chair at Wellesley College Daughters of the State is an MIT Harvard joint Center for Urban Studies Book Prophets Of Protest

Timothy Patrick McCarthy, John Stauffer, 2012-03-13 The campaign to abolish slavery in the United States was the most powerful and effective social movement of the nineteenth century and has served as a recurring source of inspiration for every subsequent struggle against injustice But the abolitionist story has traditionally focused on the evangelical impulses of white male middle class reformers obscuring the contributions of many African Americans women and others Prophets of Protest the first collection of writings on abolitionism in more than a generation draws on an immense new body of research

in African American studies literature art history film law women s studies and other disciplines The book incorporates new thinking on such topics as the role of early black newspapers antislavery poetry and abolitionists in film and provides new perspectives on familiar figures such as Sojourner Truth Louisa May Alcott Frederick Douglass and John Brown With contributions from the leading scholars in the field *Prophets of Protest* is a long overdue update of one of the central reform movements in America s history

*Democracy's Discontent* Michael J. Sandel,1998-02-06 In a searching account of current controversies over morality in politics Michael Sandel discovers that we suffer from an impoverished vision of citizenship and community *Democracy's Discontent* provides a new interpretation of the American political and constitutional tradition that offers hope of rejuvenating our civic life

Special Bibliography - US Army Military History Research Collection US Army Military History Research Collection,1974

*Routledge Library Editions: Urban History* Various Authors,2021-02-25 The volumes in this set originally published between 1940 and 1994 draw together research by leading academics in the area of welfare and the welfare state and provide a rigorous examination of related key issues The volumes examine welfare policy equality poverty class government social policy unemployment and social services whilst also exploring the general principles and practices of welfare and the welfare state in various countries This set will be of particular interest to students of sociology health and political studies respectively

**The Bowery Boys** Peter Adams,2005-03-30 In the decades before the Civil War the miserable living conditions of New York City s lower east side nurtured the gangs of New York This book tells the story of the Bowery Boys one gang that emerged as part urban legend and part street fighters for the city s legions of young workers Poverty and despair led to a gang culture that was easily politicized especially under the leadership of Mike Walsh who led a distinct faction of the Bowery Boys that engaged in the violent almost anarchic politics of the city during the 1840s and 1850s Amid the toppled ballot boxes and battles for supremacy on the streets many New Yorkers feared Walsh s gang was at the frontline of a European style revolution A radical and immensely popular voice in antebellum New York Walsh spoke in the unvarnished language of class conflict Admired by Walt Whitman and feared by Tammany Hall Walsh was an original wildly unstable character who directed his aptly named Spartan Band against the economic and political elite of New York City and New England As a labor organizer state legislator and even U S Congressman the leader of the Bowery Boys fought for shorter working hours the right to strike free land for settlers on the American frontier against child labor and to restore dignity to the city s growing number of industrial workers

*The Social Mind* Jaan Valsiner,Rene van der Veer,2000-07-10 In this book first published in 2000 the authors elaborate on their notion of intellectual interdependency in the development of scientific ideas

The Afro-American Woman Sharon Harley,Rosalyn Terborg-Penn,1997 Civil rights activists educators writers artists and workers these are the women of *The Afro American Woman* *Struggles and Images* an excellent anthology of essays that provides a more accurate image of the Black woman and her place in history and in the cultural development of our society Originally published in 1978 *The Afro American Woman* includes essays that highlight

historical experiences common to Black women The anthology also features essays that focus on early activists Anna J Cooper Nannie Burroughs and Charlotta A Bass This book is a long out of print valuable reference source It was the first written by Black academics which analyzed these women s experiences from a historical and Black nationalist perspective

**Redefining Equality** Neal Devins, Davison M. Douglas, 1998-01-29 The idea of equality is central to American civic life and one of the foundations of our national identity Charges of unequal treatment continue to be voiced nationwide in both the public discourse and the courts yet there is no consensus on the meaning of equality Competing views on this topic have erupted into a cultural conflict that looms large in contemporary American politics In this collection of insightful essays distinguished scholars in law history and social science present varying perspectives on this fundamental concept Addressing the specific cases behind the headlines and the abstract arguments within the legal texts the contributors look closely at everything from school bussing programs and affirmative action to the role of the courts and the politics of equality Various examples and definitions of equality culled from America s past and present are summarized and examined in ways that illustrate how and why equality issues directly affect men and women of all races and backgrounds Redefining Equality a balanced array of assessments regarding our nation s historical and contemporary thoughts on equality and civil rights will prove most informative to students of law political science and recent American history

The Great Father Francis Paul Prucha, 1995-01-01 This is Francis Paul Prucha s magnum opus It is a great work This study will be a standard by which other studies of American Indian affairs will be judged American Indian history needed this book has long awaited it and rejoices at its publication American Indian Culture and Research Journal The author s detailed analysis of two centuries of federal policy makes The Great Father indispensable reading for anyone interested in understanding the complexities of American Indian policy Journal of American History Written in an engaging fashion encompassing an extraordinary range of material devoting attention to themes as well as to chronological narration and presenting a wealth of bibliographical information it is an essential text for all students and scholars of American Indian history and anthropology Oregon Historical Quarterly A monumental endeavor rigorously researched and carefully written It will remain for decades as an indispensable reference tool and a compendium of knowledge pertaining to United States Indian relations Western Historical Quarterly Perhaps the crowning achievement of Prucha s scholarly career Vine Deloria Jr America For many years to come The Great Father will be the point of departure for all those embarking on research projects in the history of government Indian policy William T Hagan New Mexico Historical Review The appearance of this massive history of federal Indian policy is a triumph of historical research and scholarly publication Lawrence C Kelly Montana This is the most important history ever published about the formulation of federal Indian policies in the United States Herbert T Hoover Minnesota History This truly is the definitive work on the subject Ronald Rayman Library Journal The Great Father was widely praised when it appeared in two volumes in 1984 and was awarded the Ray Allen Billington Prize by the Organization of American Historians This abridged

one volume edition follows the structure of the two volume edition eliminating only the footnotes and some of the detail It is a comprehensive history of the relations between the U S government and the Indians Covering the two centuries from the Revolutionary War to 1980 the book traces the development of American Indian policy and the growth of the bureaucracy created to implement that policy Francis Paul Prucha S J a leading authority on American Indian policy and the author of more than a dozen other books is an emeritus professor of history at Marquette University American Politics Samuel P. Huntington, 2004-02-04 This stunningly persuasive book examines the persistent radical gap between the promise of American ideals and the performance of American politics Samuel P Huntington shows how Americans throughout their history as a nation have been united by the democratic creed of liberty equality and hostility to authority At the same time he reveals how inevitably these ideals have been perennially frustrated through the institutions and hierarchies required to carry on the essential functions of governing a democratic society From this antagonism between the ideals of democracy and the realities of power have risen four great political upheavals in American history Every third generation Huntington argues Americans have tried to reconstruct their institutions to make them more truly reflect deeply rooted national ideals Moving from the clenched fists and mass demonstrations of the 1960s to the moral outrage of the Progressive and Jacksonian Eras back to the creative ideological fervor of the American Revolution he incisively analyzes the dissenters objectives All he pungently writes sought to remove the fundamental disharmony between the reality of government in America and the ideals on which the American nation was founded Huntington predicts that the tension between ideals and institutions is likely to increase in this country in the future And he reminds us that the fate of liberty and democracy abroad is intrinsically linked to the strength of our power in world affairs This brilliant and controversial analysis deserves to rank alongside the works of Tocqueville Bryce and Hofstadter and will become a classic commentary on the meaning of America

## Unveiling the Energy of Verbal Beauty: An Emotional Sojourn through **Reform Impulse 1825 1850**

In some sort of inundated with displays and the cacophony of fast communication, the profound energy and emotional resonance of verbal art frequently disappear in to obscurity, eclipsed by the regular barrage of noise and distractions. However, situated within the lyrical pages of **Reform Impulse 1825 1850**, a interesting function of fictional elegance that impulses with raw thoughts, lies an unforgettable trip waiting to be embarked upon.
