Cochrane, 2003 This collection of Reformed Confessions of the Sixteenth Century makes available a number of confessional documents that are not easily accessible elsewhere Cochrane's introduction to the work and to each confession indicates each document's importance and its theological emphases A New Introduction by Jack Rogers focuses on developments in the study of Reformed Confessions since the appearance of Cochrane's book in 1966 Reformed confessions of the sixteenth Century Arthur C. Cochrane, 1966 Reformed Confessions of the 16th Century Arthur C. Cochrane, 1966 *The Christ's Faith* Michael Allen, 2011-11-03 The Christ's Faith coheres with orthodox Christology and Reformation soteriology and needs to be affirmed to properly confirm the true humanity of the incarnate Son Without addressing the interpretation of the Pauline phrase *pistis christou* this study offers a theological rationale for an exegetical possibility and enriches a dogmatic account of the humanity of the Christ The coherence of the Christ's faith is shown in two ways First the objection of Thomas Aquinas is refuted by demonstrating that faith is fitting for the incarnate Son Second a theological ontology is offered which affirms divine perfection and transcendence in qualitative fashion undergirding a Chalcedonian and Reformed Christology Thus the humanity of the Christ may be construed as a fallen human nature assumed by the person of the Word and sanctified by the Holy Spirit The dogmatic location of The Christ's Faith is sketched by suggesting its potential function within three influential theological systems Thomas Aquinas federal theology and Karl Barth Furthermore the soteriological role of the doctrine is demonstrated by showing the theological necessity of faith for valid obedience before God Reformed confessions of the 16th century, edited by cochrane, 1966 The Doctrine of the Holy Spirit in the Major Reformed Confessions and Catechisms of the Sixteenth and Seventeenth Centuries Yuzo Adhinarta, 2012-06-14 With the rise of Pentecostalism in the early twentieth century and growth in the charismatic movement since a resurgence of interest in the Holy Spirit and Christian spirituality in both theology and the church's life has become evident Along with increased interest in the doctrine of the Holy Spirit there are criticisms of the treatment of the doctrine in church history for having neglected the Holy Spirit in both theology and the church's life Critical studies of the treatments of the doctrine of the Holy Spirit in church history have been laboriously conducted However there have not been many studies on the doctrine of the Holy Spirit in Reformed orthodoxy particularly in its confessional standards Recognizing the gap in the history of scholarship this work explores and provides a systematic account of the person and some aspects of the work of the Holy Spirit as presented in the

major Reformed confessions and catechisms of the sixteenth and seventeenth centuries Attention is particularly given to those aspects of the work of the Holy Spirit that have not been greatly explored but are pertinent to contemporary discussions

**Incarnation and Sacrament** Jonathan Bonomo, 2010-03-01 The nineteenth century Eucharistic controversy between Charles Hodge and John Williamson Nevin is an important episode in the history of American Christianity Hodge and Nevin battled over issues that lie at the heart of Christian faith and piety such as Why did God become man What bearing does the incarnation of Christ have on the redemption of the world How are believers on earth united with the ascended Christ who is in heaven Is Christ really present in the Lord's Supper And if so then how is he made to be present These are just a few of the age old questions that Charles Hodge and John W Nevin sought to answer and over

which they came to vigorously contend Incarnation and Sacrament provides an in depth historical and theological analysis and assessment of the controversy that arose between these two great nineteenth century American theologians By doing so it aims to provide some illumination on the theological heritage of the Protestant churches in the United States of the twenty first century

Protestantism, Poetry and Protest S.K. Barker, 2016-04-15 Antoine de Chandieu 1534 1591 was a key figure in the establishment and development of the French Protestant Church Of all its indigenous leaders he was perhaps closest to Calvin and took a leading role in all the major debates about resistance church order and doctrine of the Church He was also a prodigious writer of political religious and

poetical works whose output corresponds to a period of great turmoil in the progress of the French Church Chandieu was uniquely placed not merely to engage and contribute to the great debates of the day but also to record ongoing events By illuminating his career which meshed almost exactly with the French Wars of Religion this book not only demonstrates the key role Chandieu s played in the development of French Protestantism but also highlights the vital role of literature in shaping the religious experience of the wars Offering the first systematic evaluation of Chandieu s vernacular works this study questions many of the assumptions made about his motivations and aims and how these developed over a thirty year period His writings were contemporaneous with progress in the worlds of politics theology and poetry worlds in which he played a notable if not well documented role As a corpus these works show the development of one man s understanding of his ideology over a lifetime actively spent in the pursuit of making that ideology a reality Chandieu the young political hothead became Chandieu the defender of Calvinist theology who in turn matured into Chandieu the elder statesman The interest lies in where these changes occurred how they were reflected in Chandieu s writing and what they demonstrate about being Calvinist and a representative of one s faith in a time of disorder As such this book provides not only a reappraisal of the man and his publications but presents an intriguing perspective on the development of French Protestantism during this turbulent time
