Jeffers,2005-05-05 Novels about growing up have long been loved by ordinary readers and analyzed sometimes with more heat than light by scholars This book respects the interests of ordinary readers while clarifying and frequently resolving the moral psychological social and occasionally religious coming of age dilemmas that scholars have wrestled with Focusing on Goethe s Wilhelm Meister Dickens s David Copperfield James s What Maisie Knew Forster s The Longest Journey Lawrence s Sons and Lovers and Santayana s The Last Puritan Jeffers writes in a fresh engaging style meant to give criticism a liveliness and even brilliance it has in recent decades often lacked *Sodomy in Reformation Germany and Switzerland, 1400-1600*

Helmut Puff,2003-06 During the late Middle Ages a considerable number of men in Germany and Switzerland were executed for committing sodomy Even in the seventeenth century simply speaking of the act was cause for censorship Here in the first history of sodomy in these countries Helmut Puff argues that accusations of sodomy during this era were actually crucial to the success of the Protestant Reformation Drawing on both literary and historical evidence Puff shows that speakers of German associated sodomy with Italy and increasingly Catholicism As the Reformation gained momentum the formerly unspeakable crime of sodomy gained a voice as Martin Luther and others deployed accusations of sodomy to discredit the upper ranks of the Church and to create a sense of community among Protestant believers During the sixteenth century reactions against this defamatory rhetoric and fear that mere mention of sodomy would incite sinful acts combined to repress even court cases of sodomy Written with precision and meticulously researched this revealing study will interest historians of gender sexuality and religion as well as scholars of medieval and early modern history and culture
